Political Change in Switzerland - Clive H. Church 2016-06-10
Political Change in Switzerland explains the striking recent political developments in Switzerland, an important but surprisingly little known and often misunderstood country, aiming

to dissipate prevailing myths about Switzerland in its European context. Firstly, the title provides an analysis of the way the practice and processes of Swiss politics have so dramatically changed over the last 25 years, setting out the differences between outside perceptions and changing Swiss realities. Secondly, it discusses how far the country has moved, from the stability of the post-war period to a new era of uncertainty, in which the so called Sonderfall, or special case, no longer seems to apply. In doing so it analyses the populist movement, centred on the Swiss People's Party, examining its support and tactical operations, as well as the response of the establishment to the challenges the movement poses, both generally and where key questions of policy on foreigners and the EU are concerned. Finally, the title explains how much of this change is related to Europe, and discusses the prospects for Switzerland, Europe and the EU member states in the light of this new Swiss uncertainty. The way in which globalization has imposed new stresses on Switzerland, both in external policy and social terms, is the key theme of the title. These stresses have, in turn, encouraged the growth of a new populist movement, drawing on social classes previously supportive of other forces, and employing aggressive new tactics, creating a challenge that the establishment has found it hard to counter, so that stability has been compromised. As a result, Switzerland now faces

two linked policy challenges, to find ways of accommodating unease about immigration and to devise a realistic and widely acceptable new relationship with the EU. The book's underlying belief is that these changes have left the country divided and uncertain about its future. This title offers in-depth analysis of Switzerland's domestic and European politics and policies. It is also innovative in trying both to bring out the European roots of recent political changes in Switzerland and of the challenges these pose to the Swiss status quo and for the evolution of the EU and member states such as the United Kingdom. This is a book for those interested in Switzerland, academics, business people, diplomats, journalists and political commentators.

Cooking Soup to Nuts - Becky Foullk 2016-12-01
Cooking Soup to Nuts by Chef Becky Foulk Over 60 Soup Recipes to Mix & Match with Salads and Sandwiches for Mouthwatering Combinations that All Start with a Pot of Soup. This book features over 65 soups recipes with sandwiches and salad recipes that pair perfectly for quick and easy meal planning. There are also a dozen breads, stocks, and dressing recipes. Along with over a dozen desserts and ice cream toppings when a little indulgence is needed. The final page in the recipe section is how to toast, spice and candy nuts. From the author: Writing this book has been a dream come true. Soup to me is a perfect meal. It can fit into any diet - healthy or indulgent and is great any day of the year. I find cooking a pot of soup a great way to unwind after a stressful week. Unlike baking, soup is easy to adjust the recipes to what's in your refrigerator or add a signature touch. You will find recipes in this book for every season, simple meals to elegant dinners, classic recipes to signature creations. The non-soup recipes are simply suggestions but can be mixed a match to create your perfect meal. (2016, Paperback, 156 pages)

The Rise of Central Banks - Leon Wansleben 2023-01-10

Central banks are supposed to stabilize markets, yet decades of mounting central bank power have seen wave after wave of financial crisis. Leon Wansleben offers novel explanations for the rise of central banks and the problematic implications of their finance-dependent policies.

The Swiss Courier - Mike Yorkey 2020-08-16

It is August 1944 and the Gestapo is mercilessly rounding up suspected enemies of the Third Reich. When Joseph Engel, a German physicist working on the atomic bomb, finds that he is actually a Jew, adopted by Christian parents, he must flee for his life to neutral Switzerland. Gabi Mueller is a young Swiss-American woman working for the newly formed American Office of Strategic Services (the forerunner to the CIA) close to Nazi Germany. When she is asked to risk her life to safely "courier" Engel out of Germany, the fate of the world rests in her hands. If she can lead him to safety, she can keep the Germans from developing nuclear capabilities. But in a time of traitors and uncertainty, whom can she trust along the way? This fast-paced, suspenseful novel takes readers along treacherous twists and turns during a fascinating--and deadly--time in history. TRICIA GOYER is author of more than 75 books. This USA Today best-selling author has also won two Carol Awards and a Retailer's Best Award. She was also an ECPA Gold Medallion and a Christy Award Finalist. She has spoken at events such as MomCon and Teach Them Diligently conferences and is host of the podcast, Walk It Out. A homeschooling mom of ten, Tricia is also a grandmother of twelve and wife to John. MIKE YORKEY is a veteran author or coauthor of more than one hundred books, including *The Shot Caller* (with Casey Diaz), *What Belief Can Do* (with Ron Archer), and the internationally bestselling *Every Man's Battle* series (with Steve Arterburn and Fred Stoeker).

Turn to this dependable guide to find: Listings for calories, fat, saturated fat, cholesterol, protein, carbohydrates, fiber, sodium, calcium, potassium, vitamins A and C, and folic acid More than 201,000 entries of individual food items -- no repeated items as in other food counters Listings for national and regional brand-name foods, vegetarian, ethnic, organic and take-out items An A to Z dictionary of clearly defined terms An easy, accessible format -- useful for readers interested in checking specific counts as well as for those who want a total nutrition guide

The Swiss Spy - Alex Gerlis 2020-03-02

A thrilling tale based on top-secret Nazi plans to invade the Soviet Union... All spies have secrets, but Henry Hunter has more than most. After he is stopped by British Intelligence at Croydon airport on the eve of the Second World War, he discovers one more devastating than any before. From Switzerland he embarks on a series of increasingly perilous missions into Nazi Germany, all while having to cope with various

identities and competing spymasters. In March, 1941, in Berlin, haunted by a dark episode from his past, he makes a fateful decision, resulting in a dramatic journey to the Swiss frontier and a shocking encounter... A pulse-pounding spy novel for the ages, perfect for fans of Robert Harris, John le Carré and Ken Follett.

Survey on Activities of Swiss Manufacturing Companies in China with special focus on M&A - Juergen Simon 2003-06-27

Inhaltsangabe:Summary: Throughout the past three years, China has become the number one country for investment, attracting more foreign direct investment than the USA. New laws allow foreign companies to acquire Chinese enterprises. Through telephone interviews the authors collected information on the current activities and future plans of 37 Swiss manufacturing companies in China. How do traditionally export-oriented manufacturing companies see this situation? What are their strategies? Do they consider Mergers & Acquisition (M&A) as a strategic option? The paper shows the results of a survey on the China activities of Swiss manufacturing companies up to 4000 employees, conducted by two students of the University of Applied Sciences Northwestern Switzerland in 2003.

International Arbitration: Law and Practice in Switzerland - Gabrielle Kaufmann-Kohler
2015-10-22

This book expounds the theory of international arbitration law. It explains in easily accessible terms all the fundamentals of arbitration, from separability of the arbitration agreement to competence-competence over procedural autonomy, finality of the award, and many other concepts. It does so with a focus on international arbitration law and jurisprudence in Switzerland, a global leader in the field. With a broader reach than a commentary of Chapter 12 of the Swiss Private International Law Act, the discussion contains numerous references to comparative law and its developments in addition to an extensive review of the practice of international tribunals. Written by two well-known specialists - Professor Kaufmann-Kohler being one of the leading arbitrators worldwide and Professor Rigozzi one of the foremost experts in sports arbitration - the work reflects many years of experience in managing arbitral proceedings involving commercial, investment, and sports disputes. This expertise is the basis for the solutions proposed to resolve the many practical issues that may arise in the course of an arbitration. It also informs the discussion of the arbitration rules addressed in the book, from

the ICC Arbitration Rules to the Swiss Rules of International Arbitration, the CAS Code, and the UNCITRAL Rules. While the book covers commercial and sports arbitrations primarily, it also applies to investment arbitrations conducted under rules other than the ICSID framework.
