Teaching English as a Foreign Or Second Language - Jerry Greer Gebhard 1996

This creative book focuses on teaching English as a foreign or second language. It is designed for use by self-motivated teachers of EFL/ESL who seek to maximize their own potential as teachers and, in doing so, maximize the learning of their students. The book includes information about exploration of teaching, classroom interaction and management, teaching materials and media, culture and the sojourning teacher, as well as how language instructors can teach students listening, conversation, reading, and writing skills. It can be used by EFL/ESL teachers nor formally trained in teaching English to students of other languages and by individuals who wish to increase their teaching skills through independent self-study. The book is appropriate for use in preservice teaching programs and inservice development programs. Teaching English as a Foreign or Second Language is unique in emphasizing self-development as central to being an EFL/ESL teacher. Each chapter presents a set of questions directly relevant to teaching and includes advice on teaching problems. An appendix provides addresses, phoned numbers, and information on professional journals and publishing houses.

Totto-Chan - Tetsuko Kuroyanagi 2012-03-23

This engaging series of childhood recollections tells about an ideal school in Tokyo during World War II that combined learning with fun, freedom, and love. This unusual school had old railroad cars for classrooms,

and it was run by an extraordinary man-its founder and headmaster, Sosaku Kobayashi--who was a firm believer in freedom of expression and activity. In real life, the Totto-chan of the book has become one of Japan's most popular television personalities--Tetsuko Kuroyanagi. She attributes her success in life to this wonderful school and its headmaster. The charm of this account has won the hearts of millions of people of all ages and made this book a runaway bestseller in Japan, with sales hitting the 4.5 million mark in its first year.

Assessing Vocabulary - John Read 2000-02-28

The study of vocabulary is a flourishing area in applied linguistics and language teaching which is creating a need for new approaches to vocabulary assessment. This volume presents a framework that expands the traditional concept of a vocabulary test to cover a range of procedures for assessing the vocabulary knowledge of second language learners. These procedures can be useful for addressing practical assessment needs as well as providing tools for conducting research into the lexical dimension of language.

Doing Action Research in English Language Teaching - Anne Burns 2009-12-04

Straightforward and reader friendly, it introduces the concepts and offers a step-by-step guide to going through an action research process, including illustrations drawn widely from international contexts. Specifically, the text addresses: action research and how it differs from other forms of research the steps involved in developing an action research project ways of developing a research focus methods of data collection approaches to data analysis making sense of action research for further classroom action. Each chapter includes a variety of pedagogical activities: Pre-Reading questions ask readers to consider what they already know about the topic Reflection Points invite readers to think about/discuss what they have read action points ask readers to carry out action-research tasks based on what they have read Classroom Voices illustrate aspects of action research from teachers internationally Summary Points provide a synopsis of the main points in the chapter Bringing the 'how-to' and the 'what' together, Doing Action Research in English Language Teaching is the perfect text for BATESOL and MATESOL courses in which action research is the focus or a required component.

A Practical Guide to Spoken English - Dr P.N. Gupta 2014-10-14

Teaching of English in India has been traditionally grammar based. The teacher teaches a good deal of grammar; assigns exercises in class or as homework and makes a lot of corrections. Such painstaking efforts on the part of the teacher are, of course, helpful in learning the language but does not much help the student to use the language in day-to-day conversation. Leaving aside the traditional method of dealing with grammar as an isolated subject, the present book offers a specific course in spoken English that focuses on the language of interaction and social exchanges. Its main emphasis is on developing communicative ability of the learner.

Introduction to Applied Linguistics - Alan Davies 2007-07-12

This second edition of the foundational textbook *An Introduction to Applied Linguistics* provides a state-of-the-art account of contemporary applied linguistics. The kinds of language problems of interest to applied linguists are discussed and a distinction drawn between the different research approach taken by theoretical linguists and by applied linguists to what seem to be the same problems. Professor Davies describes a variety of projects which illustrate the interests of the field and highlight the marriage it offers between practical experience and theoretical understanding. The increasing emphasis of applied linguistics on ethicality is linked to the growth of professionalism and to the concern for accountability, manifested in the widening emphasis on critical stances. This, Davies argues, is at its most acute in the tension between giving advice as the outcome of research and taking political action in order to change a situation which, it is claimed, needs amelioration. This dilemma is not confined to applied linguistics and may now be endemic in the applied disciplines.

College Academic Writing A Genre-Based Perspective - Dr. I Wy. Dirgeyasa, M.Hum. 2017-01-02

The *College Academic Writing: A Genre-Based Perspective* course book is organized based on genre perspective. It teaches and trains the students about the writing process and content writing. It also guides them to identify to whom the writing is, for what purpose it is, and to what context it is used. It is commonly understood that in teaching writing to students with low entry level of English proficiency, there is always the risk of sacrificing creativity in order to achieve accuracy, or vice versa. *College Academic Writing: A Genre- Based Perspective* is designed to guide and help students about the process of writing and the product of the writing itself in such a way that the final work of writing is not only expressive and rich in

content but also clear and accurate, as well as relevant to their needs. Buku persembahan penerbit Prenada Media

Methodology in Language Teaching - Jack C. Richards 2002-04-08

This comprehensive anthology provides an overview of current approaches, issues, and practices in the teaching of English to speakers of other languages. Containing a broad collection of articles published primarily in the last decade, it illustrates the complexity underlying many of the practical planning and instructional activities involved in teaching English. These activities include teaching English at elementary, secondary, and tertiary levels, teacher training, language testing, curriculum and materials development, the use of computers and other technology in teaching, as well as research on different aspects of second-language learning. Organized into 16 sections, the book contains 41 articles by well-known teacher trainers and researchers. Also included are two sets of discussion questions--a pre-reading background set and a post-reading reflection set. The anthology serves as an important resource for researchers, M.A. TESOL students, and teachers wishing to design a basic course in methodology.
