Trust Works! - Ken Blanchard 2013-04-30

Trust Works! How to build it—How to keep it In this enlightening guide developed from his popular Trust Works! training program, #1 bestselling author and management guru Ken Blanchard turns his vast knowledge and insight to one of the most timely and complex issues

that affects all areas of our lives. Once upon a time, a dog and a cat lived together with other animals and the humans who cared for them. But canine and feline did not trust each other—a situation that led to fighting, backbiting, and sabotaging that soon affected the whole household. Unless their conflict was resolved, all of the pets would lose their home. Fortunately, a wise old parrot stepped in, teaching dog and cat the ABCDs of trust. As each became aware of the unconscious behaviors at the root of their hostility, dog and cat discovered how to change their behavior—a mutual transformation that created a happy, productive environment for all. In *Trust Works!* Ken Blanchard applies that fable to real-life situations to show anyone how to get along better with those around them. He outlines his ABCD trust model and uses it to address the factors that lead to discord, including low morale, miscommunication, poor response to problems and issues, and dysfunctional leadership. In today's polarized society, building trust—and sustaining it—has never been more important or seemingly elusive. *Trust Works!* provides a common language and essential skills that can replace dissension with peace and cooperation and help us all work together productively and in harmony.

Effortless - Greg McKeown 2021-04-27

NEW YORK TIMES BESTSELLER • A Times (UK) Best Book of the Year • From the author of the million-copy-selling *Essentialism* comes an empowering guide to achieving your goals. It all starts with a simple principle: Not everything has to be so hard. “In a world beset by burnout, Greg McKeown’s work is essential.”—Daniel H. Pink, author of *When, Drive, and To Sell Is Human* “At a time when fear, uncertainty, and our ever-growing list of responsibilities have come to feel like much too much to handle, *Effortless* couldn’t be timelier, or more necessary.”—Eve Rodsky, author of *Fair Play*

Do you ever feel like:

- You’re teetering right on the edge of burnout?
- You want to make a higher contribution, but lack the energy?
- You’re running faster but not moving closer to your goals?
- Everything is so much harder than it used to be?

As high achievers, we’ve been conditioned to believe that the path to success is paved with relentless work. That if we want to overachieve, we have to overexert, overthink, and overdo. That if we aren’t perpetually exhausted, we’re not doing enough. But lately, working hard is more exhausting than ever. And the more depleted we get, the more effort it takes to make progress. Stuck in an endless loop of “Zoom, eat, sleep, repeat,” we’re often working twice as hard to achieve half as much. Getting ahead doesn’t have to be as hard as we make it. No matter what challenges or obstacles we face, there is a better way: instead of pushing ourselves harder, we can find an easier path. *Effortless* offers actionable advice for making the most essential activities the easiest ones, so you can achieve the results you want, without burning out. *Effortless* teaches you how to:

- Turn tedious tasks into enjoyable rituals
- Prevent frustration by solving problems before they arise
- Set a sustainable pace instead of powering through
- Make one-time choices that eliminate many future decisions
- Simplify your processes by removing unnecessary steps
- Make relationships easier to maintain and manage
- And much more

The effortless way isn’t the lazy way. It’s the smart way. It may even be the only way. Not every hard thing in life can be made easy. But we can make it easier to do more of what matters most.

10 Reasons You Feel Old and Get Fat... -

Frank Lipman 2016-02-23

Are you tired of feeling worn out, sick, and overweight?

Why is it that we experience weight gain, fatigue, aches and pains, illnesses, and memory loss as we get older? And, more importantly, do we have to?

These ailments do become more common in our 30s and 40s, but they are by no means inevitable. In fact, we are perfectly capable of remaining slim and vigorous, and our brains can absolutely stay clear and sharp—if we give them what they need. The problem is that most of us don’t do that. We don’t realize what our bodies need, so we eat the wrong foods, skimp on sleep, and deprive our bodies of the movement they crave. Overwhelmed by the stresses and the pressures of our lives, we take a host of prescriptions, never realizing how they might be disrupting our body’s innate ability to heal. Most insidious of all, many of us lack the personal support and the community that we need to feel fully alive. Instead, we buy into the myth that age means decline.

A pioneer and internationally recognized expert in integrative and functional medicine, Dr. Frank Lipman proves that you don’t have to feel this way. You have a choice! In his latest book, Dr. Lipman breaks through the common myths and misconceptions surrounding aging and dieting, and he zeroes in on what you need to do in order to feel your very best. His two-week Revitalize Program brings together key information regarding insulin resistance and carbohydrate intolerance, gut and hormonal imbalances, sleep disorders, medications and supplements, and community support, and features:

- delicious, nutritious recipes to support you along the way
- handy shopping lists and meal plans
- simple exercises, meditation practices, and restorative yoga sequences
- information about powerful anti-aging and digestive supplements and vitamins
- and more!

Dr. Lipman also offers a lifelong Maintenance Program, so that after two life-changing weeks, you can continue on your path toward ultimate health and wellness for years to come.

In just two weeks—only 14 days—you can feel so much better than you ever imagined!

This is a book that you'll want to share with your family, friends . . . and anyone else whose health you care about!

168 Hours - Laura Vanderkam 2010-05-27
There are 168 hours in a week. This book is about where the time really goes, and how we can all use it better. It's an unquestioned truth of modern life: we are starved for time. With the rise of two-income families, extreme jobs, and 24/7 connectivity, life is so frenzied we can barely find time to breathe. We tell ourselves we'd like to read more, get to the gym regularly, try new hobbies, and accomplish all kinds of goals. But then we give up because there just aren't enough hours to do it all. Or else, if we don't make excuses, we make sacrifices. To get ahead at work we spend less time with our spouses. To carve out more family time, we put off getting in shape. To train for a marathon, we cut back on sleep. There has to be a better way—and Laura Vanderkam has found one. After interviewing dozens of successful, happy people, she realized that they allocate their time differently than most of us. Instead of letting the daily grind crowd out the important stuff, they start by making sure there's time for the important stuff. They focus on what they do best and what only they can do. When plans go wrong and they run out of time, only their lesser priorities suffer. It's not always easy, but the payoff is enormous. Vanderkam shows that it really is possible to sleep eight hours a night, exercise five days a week, take piano lessons, and write a novel without giving up quality time for work, family, and other things that really matter. The key is to start with a blank slate and to fill up your 168 hours only with things that deserve your time. Of course, you probably won't read to your children at 2:00 am, or skip a Wednesday morning meeting to go hiking, but you can cut back on how much you watch TV, do

laundry, or spend time on other less fulfilling activities. Vanderkam shares creative ways to rearrange your schedule to make room for the things that matter most. 168 Hours is a fun, inspiring, practical guide that will help men and women of any age, lifestyle, or career get the most out of their time and their lives.

Leaders Eat Last - Simon Sinek 2014-01-07
The New York Times bestseller by the acclaimed, bestselling author of Start With Why and Together is Better. Now with an expanded chapter and appendix on leading millennials, based on Simon Sinek's viral video "Millenials in the workplace" (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. "Officers eat last," he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on the battlefield: Great leaders sacrifice their own comfort—even their own survival—for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a "Circle of Safety" that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking.
