## **Sex, Politics, and Religion in Star Wars** - Douglas Brode 2012-07-02

In 1977, Star Wars blazed across the screen to become one of the highest grossing and most beloved movies of all time, spawning an unprecedented merchandising phenomenon. It was followed by two sequels and three prequels, all of which became blockbusters. Comic books, novels, graphic novels, and magazines devoted to the films added to the mythology of George Lucas's creation. Despite the impact of the franchise on popular culture, however, discussion of the films from a scholarly perspective has not kept pace with the films. In *Sex, Politics, and Religion in Star Wars: An Anthology*, Douglas Brode and Leah Deyneka have assembled a provocative collection of essays exploring some of the more intriguing aspects of the Star Wars phenomenon. Contributors to the volume tackle such hot topics as race and racism in the Star Wars galaxy, Judeo-Christian and Eastern religious themes, homosexual romance, and philosophical and political implications—both earthbound and otherworldly. These essays interpret the Star Wars universe from a variety of perspectives—including feminist and Freudian—offering insights from writers who bring a new passion to the subject. A companion volume to *Myth, Media, and Culture in Star Wars*, *Sex, Politics, and Religion in Star Wars* is an authoritative anthology incorporating scholarly analysis with engaging insights. It will engross readers, both fans and scholars alike.

## **The Caravan** - Delhi Press 2018-01-10

The country's first and only publication devoted to narrative journalism, *The Caravan* occupies a singular position among Indian magazines. It is a new kind of magazine for a new kind of reader, one who demands both style and substance. Since its relaunch in January 2010, the magazine has earned a reputation as one of the country's most sophisticated publications—a showcase for the region's finest writers and a distinctive blend of rigorous reporting, incisive criticism and commentary, stunning photo essays, and gripping new fiction and poetry. Its commitment to great storytelling has earned it the respect of readers from around the world. □ "India's best English language magazine", *The Guardian*, London □ "For those with an interest in India, it has become an absolute must-read", *The New Republic*, Washington *The Caravan* fills a niche in the Indian media that has remained vacant for far too long, catering to the intellectually curious and aesthetically refined reader, who seeks a magazine of exceptional quality.

## *Playing Video Games* - Peter Vorderer 2012-10-12

From security training simulations to war games to role-playing games, to sports games to gambling, playing video games has become a social phenomena, and the increasing number of players that cross gender, culture, and age is on a dramatic upward trajectory. *Playing Video Games: Motives, Responses, and Consequences* integrates communication, psychology, and technology to examine the psychological and mediated aspects of playing video games. It is the first volume to delve deeply into these aspects of computer game play. It fits squarely into the media psychology arm of entertainment studies, the next big wave in media studies. The book targets one of the most popular and pervasive media in modern times, and

it will serve to define the area of study and provide a theoretical spine for future research. This unique and timely volume will appeal to scholars, researchers, and graduate students in media studies and mass communication, psychology, and marketing.

**Star Wars and the Hero's Journey** - Valerie Estelle Frankel 2021-03-15

The original Star Wars trilogy famously follows Joseph Campbell's model for the hero's journey, making Luke Skywalker's story the new hero quest for a modern age. With the nine-plus film saga complete, however, new story patterns have emerged as the hero's journey is imagined over and over for characters of different ages, genders, and backgrounds. The prequels offer the plot arc of the villain's journey through Anakin. Leia and Padme, while damsels in the men's story, break out to undergo their own ordeals. The heroine's journey is exemplified by Rey and Jyn. Obi-Wan, Yoda, and Vader must accept the loss of power and fade into spirit guardians, perpetuating the lifecycle. By the sequel era, the original trio become mentors to the younger generation and finally must do the same. Meanwhile, the Mandalorian explores a different form of the quest as he transforms from immature warrior to patriarch. This book tracks the journeys of over 20 characters throughout the franchise.

**Many Mahābhāratas** - Nell Shapiro Hawley 2021-05-01

A major contribution to the study of South Asian literature, offering a landmark view of Mahābhārata studies. Many Mahābhāratas is an introduction to the spectacular and long-lived diversity of Mahābhārata literature in South Asia. This diversity begins with the Sanskrit Mahābhārata, an early epic poem that narrates the events of a catastrophic fratricidal war. Along the way, it draws in nearly everything else in Hindu mythology, philosophy, and story literature. The magnitude of its scope and the relentless complexity of its worldview primed the Mahābhārata for uncountable tellings in South Asia and beyond. For two thousand years, the instinctive approach to the Mahābhārata has been not to consume it but to create it anew. The many Mahābhāratas of this book come from the first century to the twenty-first. They are composed in nine different languages—Apabhramsha, Bengali, English, Hindi, Kannada, Malayalam, Sanskrit, Tamil, and Telugu. Early chapters illuminate themes of retelling within the Sanskrit Mahābhārata itself, demonstrating that the story's propensity for regeneration emerges from within. The majority of the book, however, reaches far beyond the Sanskrit epic. Readers dive into classical dramas, premodern vernacular poems, regional performance traditions, commentaries, graphic novels, political essays, novels, and contemporary theater productions—all of them Mahābhāratas. Because of its historical and linguistic breadth, its commitment to primary sources, and its exploration of multiplicity and diversity as essential features of the Mahābhārata's long life in South Asia, Many Mahābhāratas constitutes a major contribution to the study of South Asian literature and offers a landmark view of the field of Mahābhārata studies. Nell Shapiro Hawley is Preceptor in Sanskrit at Harvard University. Sohini Sarah Pillai is a PhD candidate in South and Southeast Asian Studies at the University of California, Berkeley.

**Provinsen** - Lars Holger Holm 2011

Efter att 1884 ha utgivit novellsamlingen "Giftas" talades August Strindberg för "osedlighet." Bakom talet låg hans hustrus närvaro i sinna, en fin societetsdam... ven denna folklivsskildring - anakronistiskt avhandlande sederna i ett land som officiellt befriats sig från sin skuld - för tidens smak omoralisk. Däremot förklarar sig likväl författaren något, för han har uppnått sitt mål, som är att kittla tentaklerna på en hycklande, kallblodig, blaserad rofylsten publik. I det sammanhanget är bokens egentliga litterära funktioner eller brister av underordnad betydelse. Den avgörande frågan är snarare: varför den argusgåda hydran ens inför sig själv medge att den sett sin egen nuna i narrspegeln? Eller kommer den där blott se en udda skildring av en samling individer som hopplöst och elitistiskt marginaliserade att varken inlevelsefullt gå eller teoretiskt grundad socialt medkänsligt för dem? Mycket talar för det senare. Men för den som i all stillsamhet vill gräva ha sitt samvete i lag med sin samtid kan detta likväl vara "rhundradets" roman. Och om bara klagaren förstod vad som egentligen står där, skulle väl ven undertecknad snart vara föremål för juridiska omsorger tillika hetska angrepp i dagbladens spalter. Kanske vore dock ven detta slags infama uppmärksamhet i själva verket en nåd att stilla bedja om i den stora tystnadens och den kollektiva förtrohetens rike, där ven de oskyldigt dömda skrin sedan tidernas morgon fortfarande rutbestämda att klinga och rida. Provinsen är den dramatiserade tredje delen av den samhällssatiriska trilogi vars tidigare delar i kronologisk ordning utgavs av boken Helvetets förgård och Tillsammans är vi svaga.

**Dynamic Secularization** - William Sims Bainbridge 2017-05-11

This book discusses secularization, arguing that it may be more complex and significant than is generally recognized. Using a number of online exploration methods, the author provides insights into how religion

may be changing, and how information technology might be energized in this process. Working from the premise that the relationship between science and religion is complex, the author demonstrates that while science has contradicted some specific religious beliefs, science itself may have been facilitated by beliefs formed many centuries ago. Science assists engineers in the development of powerful new technologies, and asserts that the universe is based on a set of fundamental principles that can be understood by humans through the assistance of mathematics. The challenging ideas discussed will benefit readers through sharing a variety of Internet-based research methods and cultural discoveries. The book provides a balance between quantitative methods, illustrated by 24 tables of statistics, and qualitative methods, illustrated by 30 screenshots of computer-generated virtual worlds. Analysis interweaves with description, creating a sense of involvement in the experience of exploring online realities at the same time as radical insights are shared.

**The Agni and the Ecstasy** - Steven Rosen 2012

The Agni and the Ecstasy compiles essays that the renowned scholar of Vaishnavism, Steven J. Rosen, has published throughout his 25-year writing career. Ranging from commentary on transcendental philosophy and scriptures such as the Bhagavad Gita, to personal reminiscences of prominent spiritual figures and devotional music, there is virtually no topic on which he does not shed illumination. This book is an excellent introduction to Rosen's work, whether one is a newcomer or a long-time reader. "There is something in this book for everybody. If one leans toward academia and intellectual approaches to spirituality, one will appreciate the articles included here that are informative, well-researched, and conveyed with an authoritative tone. On the other hand, if the reader prefers essays that entertain and arouse emotions - that speak to one's internal spiritual quest and a personal search for answers - then there are also pieces that address those particular needs." --from the Introduction by Steven J. Rosen "Having imbibed the compassionate spirit of Srila Prabhupada, his beloved guru, and having dedicated his life to uplifting humanity through transcendental knowledge, Satyaraja is specially empowered to reach our hearts. We can rejoice upon the release of this volume of his collected articles." --from the Foreword by His Holiness Radhanath Swami Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the Journal of Vaishnava Studies and associate editor for Back to Godhead. He has published more than thirty books in numerous languages, including the recent Krishna's Other Song: A New Look at the Uddhava Gita (Praeger, 2010); The Jedi in the Lotus: Star Wars and the Hindu Tradition (Arktos, 2010) and Christ and Krishna: Where the Jordan Meets the Ganges (FOLK Books, 2011).

**Dangers to the Faith** - Al Kresta 2013-05-28

A storm has been brewing in society and its treatment, views, and activities toward the Catholic Faith. Some are subtle, others are more brazen -- New Age thought, questionable spirituality, "creedless" Christianity, relativism, scientific skepticism, the triumph of technology, and even the self-styled spirituality of Oprah Winfrey. All these masquerade as "truth," making it tough for the average Catholic to know how to resist, let alone respond. No one is more qualified to pull back the curtain on the challenges the Catholic Church faces today than Al Kresta, popular Catholic author, speaker, and radio show host. A revert to Catholicism, Kresta is well known for his rigorous examination of topics in art, religion, academia, and business. Dangers to the Faith: Recognizing Catholicism's 21st Century Opponents is the perfect springboard for discussing the new world in which the Catholic Church exists today. Learn how to better carry out the missionary mandate of the Church. The question isn't whether you will be a witness to Christ, but whether you will be an effective witness.

**Star Wars: Fate of the Jedi - Abyss** - Troy Denning 2011-01-18

Luke and Ben Skywalker arrive in the mysterious part of space called The Maw in search of more clues as to what caused Jacen Solo's downfall into the dark side. But they are not the only ones exploring The Maw: a Sith Master and her apprentice arrive there, too, having followed the delinquent ancient Sith ship found by Ben in The Legacy of the Force -- and they're thrilled to find Luke there, because they are determined to

kill him. But there's another powerful being hiding in The Maw. It's enormously strong, purely evil, and it has its own plans for Luke Skywalker...

**Rogue One: A Star Wars Story** - Alexander Freed 2016-12-16

NEW YORK TIMES BESTSELLER • Go beyond the film with a novelization featuring new scenes and expanded material. As the shadows of the Empire loom ever larger across the galaxy, so do deeply troubling rumors. The Rebellion has learned of a sinister Imperial plot to bring entire worlds to their knees. Deep in Empire-dominated space, a machine of unimaginable destructive power is nearing completion. A weapon too terrifying to contemplate . . . and a threat that may be too great to overcome. If the worlds at the Empire's mercy stand any chance, it lies with an unlikely band of allies: Jyn Erso, a resourceful young woman seeking vengeance; Cassian Andor, a war-weary rebel commander; Bodhi Rook, a defector from the Empire's military; Chirrut Îmwe, a blind holy man and his crack-shot companion, Baze Malbus; and K-2SO, a deadly Imperial droid turned against its former masters. In their hands rests the new hope that could turn the tide toward a crucial Rebellion victory—if only they can capture the plans to the Empire's new weapon. But even as they race toward their dangerous goal, the specter of their ultimate enemy—a monstrous world unto itself—darkens the skies. Waiting to herald the Empire's brutal reign with a burst of annihilation worthy of its dreaded name: Death Star. Praise for *Rogue One: A Star Wars Story* "One of the best movie adaptations yet."—Cinelinx "Rogue One bridged characters and elements of the prequels and original Star Wars trilogy in a visually stunning ride, but there are even more rich details hiding in the film's novelization, [which] reveals and expands with inner monologues and character insights, political knots, and nuance."—The Daily Dot "Rogue One: A Star Wars Story novelization deepens a tale of hope. . . . [Jyn Erso] proves to be even more fascinating here than she was in the movie."—New York Daily News

*Krishna's Song* - Steven Rosen 2007

Rosen offers Westerners an easy-to-read introduction to a sacred text, demystifying its considerable philosophy in a user-friendly way. This is not yet another translation, merely reiterating what the Gita itself has to say. It is rather an attempt to culturally translate the text, making use of concepts and categories to which Western readers are accustomed. By engaging familiar motifs—such as issues of modernity, pop-culture icons, and well-known philosophers in the West—the author brings the Gita into focus for non-specialists and scholars alike. Through a series of contemporary news references and insightful summaries, readers will finally understand the facts and personalities that make up the Bhagavad Gita. Using his many years of Gita-centered research, Rosen unlocks the mysteries of the text's spiritual underpinnings. He provides an overview of the Gita's narrative and teachings alongside documentation of its traditional application and more modern ways in which the text can be understood. Students and scholars alike will rejoice in how well this book lays bare the culture and the context of the Gita, resulting in a reader's deep familiarity with this most sacred of all the world's wisdom texts.

*Star Wars Meets the Eras of Feminism* - Valerie Estelle Frankel 2018-10-15

This book traces the changing representation of female characters in the Star Wars franchise through the lens of the four feminist waves, arguing that while the original trilogy reflects the second wave of feminism, the prequels mirror the girl power era that followed, and the sequels are helping define a new fourth wave of inclusion and diversity.

*Hare Krishna in the Modern World* - Graham Dwyer 2013

"To most people, the words 'Hare Krishna' conjure images of robed monks with shaven heads singing and dancing, or selling copies of the Bhagavad Gita in the streets. These were indeed iconic of ISKCON (International Society for Krishna Consciousness) in its early years. Over the nearly half-century of its existence, however, the organization has changed considerably in order to remain relevant as the world around it has changed. In this volume, nine scholars, all of whom have had years of first-hand experiences with ISKCON, evaluate its successes and failures in adapting to new social and demographic circumstances while struggling to remain true to its original intentions, and offer insights into new directions that it may take in the future."--P. [4] of cover.

**Sword Fighting in the Star Wars Universe** - Nick Jamilla 2014-01-10

Unlike most makers of modern or futuristic films, George Lucas turned away from the standard special operatives or secret agents when he created the heroes for his epic Star Wars saga. Part knight, part monk, the Jedi Knights were an order of swordsmen that helped rule the universe in accordance with law and lofty principles of justice and honor. Without the Jedi, there could be no Star Wars, and without the lightsaber sword, there could be no Jedi. This examination of the Jedi Knights, their adversaries the Sith and their lightsaber swordplay throughout all six episodes of the franchise evaluates the ways in which Lucas blended science fiction with the most ancient and epic tales of traditional samurai and Western swordsmen. It presents swordsmanship as a way to better understand the Jedi Knights, focusing on the human movement and activity surrounding the weapon and the ways in which traditional Japanese martial arts were adapted for use in the films. Topics of discussion include the powerful effects of the master-apprentice relationship; the technical choreography used in the lightsaber scenes of the Star Wars films; and the historical precedents for the Jedi order, including the Sohei fighting monks of Japan, the Janissaries and Mamelukes of Islam, and the knights of the Templar, Hospitaller and Teutonic orders.

**The Myth Awakens** - Ken Derry 2018-09-13

The trailers for Star Wars: The Force Awakens made a strong impression on fans. Many were excited by what they saw as a return to the spirit of George Lucas's 1977 creation. Others—including several white supremacy groups—were upset and offended by key differences, most notably the shift away from a blond, blue-eyed, male protagonist. When the film was finally released, reactions similarly seemed to hinge on whether or not The Force Awakens renewed the "mythic" aspects of the original trilogy in ways that fans approved of. The Myth Awakens examines the religious implications of this phenomenon, considering the ways in which myth can function to reinforce "traditional" social and political values. In their analyses the authors of this book reflect on fan responses in relation to various elements of (and changes to) the Star Wars canon—including toys, video games, and novels, as well as several of the films. They do so using a variety of critical tools, drawing from studies of gender, race, psychology, politics, authority, music, ritual, and memory.

**Fan Phenomena: Star Wars** - Mika Elovaara 2014-05-14

In October 2012, the Walt Disney Company paid more than \$4 billion to acquire Lucasfilms, the film and production company responsible for Howard the Duck.

*The Jedi in the Lotus* - Steven Rosen 2010

The Jedi in the Lotus is the first-ever examination of the Star Wars universe from a Hindu perspective, illuminating many hitherto undiscovered aspects of the background and meaning of the widely acclaimed film series. We are shown how its creators were influenced by the famed mythologist, Joseph Campbell, whose reading of the ancient Indian Epics, the Ramayana and Mahabharata, can be seen throughout the Star Wars films. This book also demonstrates how the metaphysical understanding of the Jedi Knights and the divinity conceived of as 'the Force' have resonances with teachings passed down by Hindu gurus and mystics for centuries, and how fantastic worlds and technology similar to that of the Star Wars universe were described in myths that are millennia old - and may even have had some basis in reality. Finally, The Jedi in the Lotus shows us how the Hindu traditions at the basis of Star Wars offer an alternative vision to the purely materialistic, soulless world of modernity. Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the Journal of Vaishnava Studies and associate editor of Back to Godhead. He has published twenty-one books in numerous languages, including the recent Essential Hinduism (Rowman & Littlefield, 2008); The Yoga of Kirtan: Conversations on the Sacred Art of Chanting (FOLK Books, 2008); and Krishna's Other Song: A New Look at the Uddhava Gita (Praeger-Greenwood, 2010). 'In conclusion, I can only say that The Jedi in the Lotus is a breakthrough book when it comes to understanding the mythic depth of the Star Wars epics. Steven J. Rosen uses his masterful grasp of the Eastern traditions to explain the secrets of the most successful film series ever. This book also shows us why Joseph Campbell loved the wisdom tales from India, and, for those who found the Star Wars adventures memorable, this is a truly illuminating book.' - Dr. Jonathan Young, from the Foreword

**Drommen om Ultima Thule** - Lars Holger Holm 2011

Även de kärva nordeuropeiska folken har haft sin beskärda del av drömmare: filosofer, utoper och dystoper har under skilda epoker funnit en plats i det nord- och centraleuropeiska kulturklimatet. I en serie djupsinniga, men likväl stilsäkert och lättillgängligt tecknade essäer, följer Lars-Holger Holm upp några av de viktigaste tanketrådarna i denna tradition. Med utgångspunkt från de konträra begreppen "utopi och verklighet" låter han oss, bland annat, stifta bekantskap med Nietzsches föreställning om ett framtida aristokratiskt samhällsstyre; Oswald Spenglers filosofiska profetia om västerlandets ned- och undergång; Carl Jonas Love Almqvists alkemistiska spekulationer; historien om hur Sankt Göran blev Stockholms skyddshelgon; samt med poeten Baudelaires beskrivning av det pandemonium som utbröt då Wagners Tannhäuser för första gången sattes upp i Paris. Boken avslutas med en glimt av den Emmanuel Swedenborg som, ansatt av onda andar, oförtrutet fortsätter att återge sin vision av himlen. Lars Holger Holm är författare, frilansskribent och violinist. Han har varit programledare för P2: s Klassisk förmiddag och publicerat sig i bl.a. Svenska Dagbladet, Moderna Tider och Samtidsmagasinet Salt.

**The Lotus Keeper** -

*Star Wars Vol. 8* - Kieron Gillen 2018-08-08

Collecting Star Wars (2015) #44-49. The Rebel Alliance sets its sights on strengthening its forces by growing its numbers. But with a greater number of recruits comes discord and dissidence. Can Princess Leia, with help from Han and Luke, forge one true alliance from the many factions? On a mission to liberate Mon Cala, Leia has a nearly impossible plan to ally the besieged planet with the rebellion — one that hinges on the unique skills and cultural know-how of the one and only C-3PO! While Han, Luke and Leia undertake a perilous rescue, Threepio must complete the vital assignment of hobnobbing at the opera?! With the Empire temporarily weakened, the Alliance is poised to rise up in defiance. Could their ultimate victory be at hand?

*Embracing the Lotus* - Gregory 2018-03-24

This is a first-person poetic narrative by a successful middle-aged man, concerning a long spiritual journey. It began when he was twenty-seven, just getting traction with his engineering career, and was awakened from his ego-unconsciousness by mystical experiences that inspired him to scribble out reams of poetry and meet his Muse. Subsequent career demands induced him to deny the mystical experiences, quit writing poetry, and fall back asleep. For two decades he was comfortable in that sleep, but during the third, the emptiness of his successful, ego-life and bouts of depression induced him to wake up enough for him to

realize there was something fundamentally wrong with it. After many hours of depression and deep thinking about his life, he realized that he had to regain the sense of meaningful wholeness he had felt when in those mystical states and writing poetry. This allegorical poem is his attempt to describe that struggle to wake up out of his long ego-sleep, regain his mystical wholeness, and through the act of writing this poem, make peace with his betrayed Muse and explicate what he learned during the process.

Superphysics, Etc. - Horus Michael 2004-05-19

Superphysics, etc. Superphysics The Practical Kheri-Heb Kheri-Heb Mastery The Book of Amon-Ra Tao te Duat Modern Egyptian Sorcery Hekaursen In Superphysics you will rediscover the nature of beliefs, how magic works, and the purpose of religion. All 3 embody the very essence of the Egyptian mind. You will also discover what cold light is and the nature of spirits, how to restore life to the seemingly dead, heal people with bioenergy, and the Afterlife. Learn the secret language of Atlantis and its non-mythical heritage, based on memories of Atlanteans recently reincarnated (fulfilling the Edgar Cayce prophecy). Included are several recent Egyptian magic books, plus a book dedicated to the worship of the Egyptian Creator Amon-Ra (added as an example relating to Superphysics). You will learn that prayer is actually a psychic ability, and that through religion people learn how to work it, using mythologies as training wheels of the mind. The ability of Chrono-kinesis, or the ability to influence the future/Time, figures prominently in magic in the form of spells, rituals, and other mental focuses. Numerous experiments were undertaken in the proof of these theories, regardless of ethics. Spirits are indeed real, not fantasy, but modern society is attempting to disprove their existence in the belief of moving forward. This, then, is an archaeological exploration of the

supernatural. A good reference for anyone interested in new science.

**The Star Wars Heresies** - Paul F. McDonald 2013-09-03

Despite the insatiable public appetite for all things Star Wars, the more analytical side of the saga is all too often ignored. This book offers a new way of seeing George Lucas' space opera--particularly the prequel trilogy, a series never given a fair chance because of constant comparisons to the iconic originals. In the classic style of Joseph Campbell, the trilogy is viewed through the lens of myth and metaphor, revealing a body of work not only worthy of scholarly study but perhaps destined to find therein its home. A wide variety of philosophical and mythological themes are presented and expounded upon, drawing from a rich source of scholars, thinkers, writers, and poets from East and West alike. Heretical or not, the Star Wars prequels are a surprisingly rich source of insight into the saga--as well as the human drama--as a whole.
