Denton Little's *Deathdate* takes place in a world exactly like our own except that everyone knows the day on which they will die. For Denton, that's in just two days—the day of his senior prom. Despite his early deathdate, Denton has always wanted to live a normal life, but his final days are filled with dramatic firsts. First hangover. First sex. First love triangle—as the first sex seems to have happened not with his adoring girlfriend, but with his best friend's hostile sister. (Though he's not totally sure—see, first hangover.) His anxiety builds when he discovers a strange purple rash making its way up his body. Is this what will kill him? And then a strange man shows up at his funeral, claiming to have known Denton's long-deceased mother, and warning him to beware of suspicious government characters. . . . Suddenly Denton's life is filled with mysterious questions and precious little time to find the answers. Fall in love with Denton Little! "Rubin is really funny but like John Green, he manages to be poignant at the same time. You'll laugh out loud while you read this, but you're probably going to tear up a bit too." --Bustle "The dialogue is witty and raunchy, the plot is uniquely twisted, and the ending is to die for. This book will fly off the shelves." --VOYA "Lance Rubin creates a world in which (almost) everyone can answer the question, 'What would you do if you knew when you were going to die?' and holy s*#! the answers are hilarious. I don't think I've laughed at death so much in a long, long time. Read this book, it'll have you dying." —Isabel Quintero, Morris Award-winning author of *Gabi, A Girl in Pieces* "Hilarious, thought-provoking, irreverent, unforgettable. . . . Live your own death, Dent. We love you." --Catherine Gilbert Murdock, author of *Dairy Queen* "If *Six Feet Under* had been created by John Hughes: that's Denton Little's *Deathdate*." —Tim Federle, author of *The Great American Whatever* "Wildly funny, brilliantly weird, and achingly heartfelt." —Becky Albertalli, Morris Award-winning author of *Simon vs. the Homo Sapiens Agenda* "Highly original, fantastically entertaining, and laugh-out-loud funny, Denton Little's *Deathdate* is a wild romp through a night like no other." --Jennifer E. "unwinding." These kids may have nothing left to give to their families but can still give to society through the body parts that are harvested for donations. Three teens defy the system and run away from their unwinding: Connor, a rebel whose parents have ordered his unwinding; Risa, a ward of the state who is to be unwound due to cost-cutting; and Lev, his parents' tenth child whose unwinding has been planned since birth as a religious tithing. As their paths intersect and lives hang in the balance, Connor, Risa, and Lev must work together to survive—and they may change the fate of America in the process. This complete boxed set includes hardcover editions of: *Unwind* *UnWholly* *UnSouled* *UnDivided* *UnBound*

"...Shusterman and Elfman have crafted a plot more devious, characters far quirkier, climaxes (yes, there are two) more breathless, and a narration much, much funnier than recent mad-science offerings. Sticking with a third-person narration frees the authors to be as wryly and sophisticatedly witty as they please without compromising the veracity of their middle-school cast, resulting in storytelling as delightful as the story being told." -Bulletin for the Center for Children's Books (starred review) "Lively, intelligent prose elevates this story of teenagers versus mad scientists, the third-person point of view offering a stage to various players in their play of galactic consequence. A wild tale in the spirit of Back to the Future, with a hint of Malamud's The Natural tossed in."--Kirkus Reviews "This collaboration between Shusterman and Elfman tempers the scarier elements of Nick's quest with deft, humorous writing and plenty of the ordinary adventures of a new kid in school finding his niche. Hand this one to fans of Rick Riordan's Kane Chronicles or

Kenneth Oppel's Airborne."--Booklist 2014 VOYA Magazine Top Shelf Honoree A Junior Library Guild Selection
The Skinjacker Trilogy - Neal Shusterman 2011-06-14
Not every child who dies goes on to the afterlife. Some are caught halfway between life and death, in a sort of limbo known as Everlost: a shadow of the living world, filled with all the things and places that no longer exist. It's a magical, yet dangerous place where bands of lost kids run wild and anyone who stands in the same place too long sinks to the center of the Earth. Allie and Nick don't survive the car crash, and end up in Everlost, where coins are more valuable than anyone knows, fortune cookies tell the truth, monsters are real, and the queen of lost souls lives in a once-beloved tower. Nick and Allie have to learn to survive in a world with different rules, and figure out who they can trust--and who they must oppose at all costs. At stake is nothing less than the fate of Everlost and the living world they have left behind. In this gripping trilogy, Neal Shusterman explores questions of life, death, and what just might lie in between.
