Dulce Et Decorum Est - WILFRED. OWEN
2018-10

Underground Alien Bio Lab at Dulce: The Bennewitz UFO Papers - Timothy Green Beckley 2012-03
IS THE TOWN OF DULCE, NEW MEXICO THE LOCATION OF AN UNDERGROUND BASE GUARDED BY U.S. FORCES AND INHABITED BY A GROUP OF SINISTER EXTRATERRESTRIALS? OR IS ALL THE UFO AND PARANORMAL ACTIVITY IN THE AREA MERELY A FALSE FLAG DESIGNED TO ACT AS A CONVENIENT COVER STORY FOR SECRET BLACK PROJECT OPERATIONS? OR PERHAPS SOMETHING EVEN MORE SINISTER IS TAKING PLACE AT THIS LOCAL AS SUGGESTED BY RADIO HOST JC JOHNSON WHEN HE ASKS, "Are the beings working with the government there in fact demons whose evil exceeds anything we may think we know about aliens in Dulce?" "It is an absolutely incredible story," says Timothy Green Beckley, editor of the Conspiracy Journal. Since the mid to late 1970s there have been all sorts of rumors about an underground laboratory beneath the town of Dulce. The UFO Hunters show on the History Channel recently featured the entire saga of what has been taking place on Native American soil, and a few days later George Noory and Coast to Coast AM plunged head first trying to make sense out of the various accounts that have surfaced. Beckley admits that it is difficult to pin-point exactly when this macabre saga started to develop. But he gives credit to an engineer named Paul Bennewitz for getting the ball rolling when Bennewitz says he was called

to the area when aliens started to communicate with him over a radio receiver. He had been directed to Dulce after observing UFOs over Kirkland Air Force Bases nuclear storage facility. Standing near the tall cliffs outside Dulce, Bennewitz took a series of photographs showing unidentified craft diving into the mountains through what he claimed were entrance ways that could be opened and closed. Around the same time there was a dramatic increase in animal mutilations in the vicinity and at least one person, Christa Tilton came forward to claim that she was abducted and taken to this subterranean facility. Her full report and all the information which makes for a startling cosmic Dragnet story are included in this far reaching work. One individual in the U.S. military who was involved in the early stages of this investigation claims he engaged in hand to hand combat with ETs who had taken over level seven of the Dulce Base after a conflict with our soldiers. Another person involved in this epic committed "suicide" shortly after the "Dulce affair" was made public. Much has been speculated upon regarding this sinister matter. But this is the complete work that contains balanced information and details from all sides. First time ever interview with Paul Bennewitz who was pushed over the edge never to return to sanity.

Romanesque and the Mediterranean - Rosa Bacile 2017-12-02

"The sixteen papers collected in this volume explore points of contact across the Latin, Greek and Islamic worlds between c. 1000 and c. 1250. They arise from a conference organized by the British Archaeological Association in Palermo in

2012, and reflect its interest in patterns of cultural exchange across the Mediterranean, ranging from the importation of artefacts - textiles, ceramics, ivories and metalwork for the most part - to a specific desire to recruit eastern artists or emulate eastern Mediterranean buildings. The individual essays cover a wide range of topics and media: from the ways in which the Cappella Palatina in Palermo fostered contacts between Muslim artists and Christian models, the importance of dress and textiles in the wider world of Mediterranean design, and the possible use of Muslim-trained sculptors in the emergent architectural sculpture of late-11th-century northern Spain, to the significance of western saints in the development of Bethlehem as a pilgrimage centre and of eastern painters and techniques in the proliferation of panel painting in Catalonia around 1200. There are studies of buildings and the ideological purpose behind them at Canosa (Apulia), Feldebro (Hungary) and Charroux (Aquitaine), comparative studies of the domed churches of western France, significant reappraisals of the porphyry tombs in Palermo cathedral, the pictorial programme adopted in the Baptistery at Parma, and of the chapter-house paintings at Sigena, and wide-ranging papers on the migration of images of exotic creatures across the Mediterranean and on that most elusive and apparently Mediterranean of objects - the Oliphant. The volume concludes with a study of the emergence of a supra-regional style of architectural sculpture in the western Mediterranean and evident in Barcelona, Tarragona and Provence. It is a third volume, based on the British Archaeological Association's 2014 Conference in Barcelona, will explore Romanesque Patrons and Processes."

Wandering Stars - Frederick Guttman
The magnifying glass on the UFO case with historical records. What happened in Roswell? Did the UFO issue have anything to do with the Kennedy assassination? What happened in the Bermuda Triangle? Are there secret bases for the study of Flying Saucers? Is there archaeological evidence of the extraterrestrial presence in prehistory? Has there been contact with other civilizations in the cosmos? Have beings from space intervened in the course of our history? Do governments hide information?

Do aliens have any plans for Earth? *Wandering Stars* is an interesting work that recalls the history of flying saucers throughout our known history and encompasses topics such as: prehistoric visits by astronauts, UFO appearances in the Bible, cases of sightings of strange lights and devices down the ages, then the Adolf Hitler thing and alien flying discs, also the secrets of governments, underground bases, reversed alien technology and contact with other civilizations. Finally, he talks about the secret space projects and galactic battles behind the NASA missions.

Blue Planet Project - Gil Carlson 2013-09-15
This is the mysterious manuscript authored by a U.S. Government insider. It describes, in amazing detail, the inter relationship between the U.S. Government and several extraterrestrials societies with whom we have working agreements. I've been told this information was once classified as "Above Top Secret" and that this information was never intended to be released to the public! The *Blue Planet Project* Book contains all the amazing notes and drawings made by the scientist. The scientist visited various UFO crash sites, and the

notes and drawings were allegedly made from those visits. It is believed that this anonymous scientist (more info revealed in book) was contracted by the government over several years to visit all crash sites, interrogate captured Alien Life Forms and analyze all data gathered from that endeavor. This book compiled from what is believed to be the original and complete information. In keeping with the format of the original information that was in a binder format, this book has been published in a full size 8.5 x 11 page size and bound in a comb binding format. This makes it easier to lay flat and open pages fully for easier reading and studying. We believe this to be the most complete, accurate and highest quality version of this book available. Be cautious of inferior editions and eBook versions which have been reported by reviewers to be of inferior quality and may be difficult to read.

Musings of an Old Soul - Don Anderson
2010-10-08

These events I have written about are musings of an old soul from a perspective outside most individual's human box. I have written about these musings looking at them from a cosmic perspective for this is how I view things. Perhaps you may find some common ground? Perhaps you may scoff at the possibilities and think it is all too much? Keep an open mind. Reality is as the being who experiences it. Regardless of whether or not you believe another's reality, it is still a reality to them.

By the author of *Threshold*.

Black Terror White Soldiers - David Livingstone
2013-06-16

Far too ignorant of the histories of the rest of the world, being aware of only the accomplishments of Greece, Rome and Europe, Westerners have been made to believe that their societies represent the most superior examples of civilization. However, the Western value system stems from a misconception that, as in

nature, human society too is evolving. The idea derives from the hidden influence of secret societies, who followed the belief in spiritual evolution of the Kabbalah, which taught that history would attain its fulfillment when man would become God, and make his own laws. Therefore, the infamous Illuminati gave its name to the Enlightenment of the eighteenth century, which claimed that human progress must abandon "superstition," meaning Christianity, in favor of "reason." Thus the Illuminati succeeded in bringing about the French and American revolutions, which instituted the separation of Church and State, and from that point forward, the Western values of Humanism, seen to include secularism, human rights, democracy and capitalism, have been celebrated as the culmination of centuries of human intellectual evolution. This is the basis of the propaganda which has been used to foster a Clash of Civilizations, where the Islamic world is presented as stubbornly adhering to the anachronistic idea of "theocracy." Where once the spread of Christianity and civilizing the world were used as pretexts for colonization, today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression. However, because, after centuries of decline, the Islamic world is incapable of mobilizing a defense, the Western powers, as part of their age-old strategy of Divide and Conquer, have fostered the rise of Islamic fundamentalism, to both serve as agent-provocateurs and to malign the image of Islam. These sects, known to scholars as Revivalists, opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors. Thus were created the Wahhabi and Salafi sects of Islam, from which were derived the Muslim Brotherhood, which has been in the service of the West ever since. But, the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies, being based on a Rosicrucian myth of Egyptian Freemasonry, which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades, thus forming the foundation of the legends of the Holy Grail.

These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists, but would fundamentally shape much of twentieth century history.

Dulce Base - Greg Strandberg 2015-02-16

The U.S. government has allowed the Grays, a race of extra-terrestrials from the Zeta Reticuli system, to establish a foothold on Earth at a place called Dulce Base, a secret underground base near the Archuleta Mesa in New Mexico. This came about after President Eisenhower signed a treaty with them at Holloman Air Force Base in 1953, but following a surprise attack on the humans of the base in 1975, the treaty was deemed worthless and the U.S. government was in a bind. Fast forward to 1979. A group of Special Forces - all "dead" Vietnam vets - are assembled with the sole task of taking the base back or destroying it. When ungodly horrors are discovered on the base's deepest levels, however, the mission changes from one of search and destroy to one of rescue. Aided by six super soldiers impervious to the mind attacks of the Grays, the men fight for humanity in an epic sci-fi battle you can't afford to miss.

The "Nonsense" Papers - James W. Astrada
2021-08-02

Over the past two years a pandemic has gripped the planet in fear with lockdowns, restrictions, and a transition into a unknown future with transhumanism at its helm. While the flow of information has been heavily censored and controlled by a new "fact checker" system, humanity seemingly is only getting one side of the story. The SARS-Cov2 has been manipulated by the mass media keeping people locked in their homes afraid to go out. Controversial theories including this virus being imaginary and that the virus was engineered to control the world population are at the helm of the argument. Part one of the third installment of the series questions the state of humanity's future and the fate of our very race with our environmental habits, vaccines and their supposed purpose, what it means to be human and our beliefs. Has humanity reached its zenith? With the 2030 agenda pushed by the United Nations and their praise for what some are calling the "scamdemic/plandemic" as a

means of starting over, is humanity to begin what most are calling the Great Reset? Is the next stage in our evolution dominated by RFID implanted chips, vaccine passports with the promise of returning to a "normal life," and a biotechnology? The horizon in humanity's future seems mysterious and hidden.

2020-04-28

A free open access ebook is available upon publication. Learn more at www.luminosoa.org. Of Love and Papers explores how immigration policies are fundamentally reshaping Latino families. The imprint of illegality remains, even upon obtaining DACA or permanent residency. Interweaving the perspectives of US citizen romantic partners and children, Enriquez illustrates the multigenerational punishment that limits the upward mobility of Latino families. Of Love and Papers sparks an intimate understanding of contemporary US immigration policies and their enduring consequences for immigrant families.

From Adam to Omega - A.R. Roberts 2020-09-24

Due to government secrecy, the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes. They never heard about UFO encounters reported by police officers, civilian and military pilots and astronauts, and they were never told the real facts of the Roswell event. The volume of evidence suggesting we are not alone, and probably never have been, is overwhelming. It suggests an alien agenda to accelerate the evolution of the human race. To understand what is happening requires knowledge of what is going on today as well as the past, particularly during the biblical era. Much has been learned through the Freedom of Information Act, from whistleblowers, and government and military officials. This book connects the dots suggesting what aliens have been doing for the past several thousand years.

Poems - Wilfred Owen 1921

Derek Jarman - Rowland Wymer 2005

This book gives detailed and original critical readings of all eleven of Derek Jarman's feature-length films, arguing that he occupies a major

It places particular emphasis on the importance of Renaissance art and literature for Jarman, and emphasizes his interest in Jungian psychology. Wymer shows how Jarman used his films to take his audience with him on an inner journey in search of the self, while remaining fully aware of the dangers of such a journey.

Alien Underground Bases - Blue Planet Project #8 - Gil Carlson 2015-12-02

The Complete Guide to Extraterrestrial Bases on Earth Hundreds of strange and mysterious locations that have revealed amazing, bizarre technology. While there are numerous Deep Underground Military Bases (DUMBS), and even several joint military/alien bases such as Dulce this new book: *Alien Underground Bases*, covers the secret alien locations which government and military leaders around the world pretend don't exist. While some of these locations may have been home to aliens thousands of years ago and are most likely abandon today (has anyone gone down there to double-check?), many others could very well still be active! What could be going on there? How about strange and mysterious scientific and military preparations? Genetic experiments involving humans, animals and plant life? While many may scoff at the idea of secret alien bases, consider that the U.S. Government takes the release of this information very seriously. Would they be so paranoid about this if there wasn't anything to it?

Ufos - A. R. Roberts 2016-12-01

UFOs: What Is the Government Really Covering Up? is not just another book about the 1947 Roswell crash. Ingeniously, Roberts takes a step back and offers an in-depth survey of the UFO phenomenon as a whole. Using familiar case studies of alien encounters as examples, he casts a wide net that shows a clear pattern of extraterrestrial visitation and the ensuing cover-up by US and world governments. In the end, the reader cannot help coming away with the same conclusion that something is going on and our government knows it. A must-read for those interested in ufology, conspiracy theories, and ancient aliens. Rita Louise, PhD, author of *ET Chronicles: What Myth and Legend Say about Human Origin* While a seemingly unexplained event in Roswell, New Mexico, in 1947 exposed the American people to the phenomenon of unidentified flying objects or UFOs these mysterious sightings have a history that reaches far back into our collective past. Ancient megalithic structures, biblical stories, and even prehistoric art and cave paintings point to the existence of nonterrestrial life and with advanced technology, new recordings, and the Internet, more evidence points to their continued presence today. Why, then, do we the public know so little? Why has the media ignored credible reports from eyewitnesses and ufologists? And why have world governments suppressed these facts from their citizens? The UFO enigma is an extremely complex jigsaw puzzle comprised of many pieces. However, they fit together in a way that presents a cohesive theory when you connect all the dots.

Dulce Base - Greg Valdez 2013-07-05

Maji - J. Gerrard Scott 2008-11-12

Magi is the story of a man who believes that he understands the world he lives in and rejects ideas about "Alien Conspiracies", and sets out to prove his own assumption that cattle mutilations in the Colorado Rockies are the actions of a secret government program that is testing biological agents for the development of

weapons. His life converges with other people who are firmly entrenched in the world of alien/human interaction and his world view is changed forever as he comes face to face with this new reality that he stumbles upon. The complexity of the problem he discovers is that layers of covert groups are designed to watchdog each other and take necessary actions in order to maintain stability in a world that must be kept secret at all costs. Once he loses the simplicity of what he thought was once the world, he becomes caught between choices. Yet there are deeper insidious problems plaguing the world and these people in these various groups. It isn't clear about who controls what, what the aliens want or even who they are. Why have they not annihilated us and why do they not help us? These ideas and more keep the players firmly locked in a Leontius' Eyes syndrome, unable to tear their selves away and choose how to accept what is so blatantly obvious to the senses and the mind. Out of a central incident arises a clarity of a different kind; that all have been drawn together at this moment to work in concert to support the stasis of this secret existence. The question remains as to whether it has all been a mass manipulation at the whim of a single entity, or if this has been necessary for the continued existence of mankind in general. *Geospatial Technologies for Local and Regional Development* - Phaedon Kyriakidis 2019-04-15 This book includes the full research papers accepted by the scientific programme committee for the 22nd AGILE Conference on Geographic Information Science, held in June 2019 at Cyprus University of Technology, Limassol, Cyprus. It is intended primarily for professionals and researchers in geographic information science, as well as those in related fields in which geoinformation application plays a significant role.

Tierra Dulce - Rosemary Nusbaum 2016

This book is for anyone who has a passion for New Mexico letters, the American Southwest or the life and work of Jesse Nusbaum, one of America's leading archaeologists-a man who was lauded by Life Magazine with a cover story when he brought Mesa Verde out of the mire of time to make it living history. Nusbaum fought to preserve the integrity of a large section of southwestern America which otherwise would

have been lost.

The 37th Parallel - Ben Mezrich 2016-09-06

A real-life mix of The X-Files and Close Encounters of the Third Kind, Mezrich "writes vividly and grippingly...A terrific story...[that] will make a heck of a movie" (The Washington Post). Here is the "fascinating" (Publishers Weekly) true story of a computer programmer who tracks paranormal events in remote areas of the western United States and is drawn deeper and deeper into a mysterious conspiracy. Like Agent Mulder of The X-Files, microchip engineer and sheriff's deputy Chuck Zukowski is obsessed with tracking down UFO reports in Colorado. He even takes the family with him on weekend trips to look for evidence of aliens. But this innocent hobby takes on a sinister urgency when Zukowski learns of mutilated livestock—whose exsanguination is inexplicable by any known human or animal means. Along an expanse of land stretching across the southern borders of Utah, Colorado, and Kansas, Zukowski documents hundreds of bizarre incidences of mutilations, and discovers that they stretch through the heart of America. His pursuit of the truth draws him deeper into a vast conspiracy, and he journeys from Roswell and Area 51 to the Pentagon and beyond; from underground secret military caverns to Native American sacred sites; and to wilderness areas where strange, unexplained lights traverse the sky at extraordinary speeds. Inspiring and terrifying, Mezrich's "dramatic narrative...connects dots we didn't even know existed...Something's clearly happening out there in the high meadows and along desert highways" (Kirkus Reviews). The 37th Parallel will make you, too, wonder if we are really alone.

Acknowledged: A Perspective On Ufos, Aliens and Crop Circles - Andrew Johnson 2019-03-22

Have aliens really visited us? What do they look like? Where do they come from and why are they here? Have they given us messages in Crop Circles? What historical evidence is there that aliens have been involved in the evolution or creation of humans? Is there a UFO/Alien cover up? If so, how is it kept in place? This book embodies an attempt to give some answers to the questions above, based on a compilation and distillation of evidence collected during about 15 years of ongoing research. Although most or all

of the information in this book has been written about elsewhere, this work attempts a synthesis of reasoned analysis which, it is hoped, will enlighten the reader and give them a new understanding about why any official type of "Disclosure" is unlikely to happen, as powerful interests need to keep their crimes covered up.

Secrets of the Dulce Base Alien Underground -

Gil Carlson 2014-01-26

Warning! This is not science fiction, this is so much worse! Of all the strangeness going on here on Planet Earth, Dulce Base has always struck me as one of the most interesting. Maybe because it has such a morbid darkness to it and the strangeness of the residents of the town of Dulce, as well as what I perceive to be a very powerful response to any mention or speculation about Dulce. So for your own good, I would strongly advise against going to this area and snooping around or asking questions. You don't need to, I've done it for you in this book! You will soon discover that "Secrets of the Dulce Base Alien Underground" is not only the most complete book on Dulce Base, but is stuffed full of the latest secrets! Secrets that may shock you, facts you never knew existed, amazing feats of construction, research and secrecy you never realized that the U.S. Government was capable of. And the aliens: This book will bring home to you what is really happening with aliens on the surface of our planet and especially under the surface! You have probably never realized how extensive this situation really is so you will be amazed that so much information exists today. From photos and drawings that have been smuggled out of Dulce Base, to eyewitness reports and even testimony from Remote Viewers! Are these aliens friendly? Are you at risk? Do you know how to protect yourself in the future? The revelations in this book are so revealing of the problems that exist today because of the Dulce Base and the massiveness of the government cover-up, that I wouldn't be surprised to see sales and distribution of this

book somehow blocked in the near future! The extensive research done by myself and others points to the possibility that some of those brave souls who risked everything to reveal what was really happening at Dulce Base and many similar sites may have lost their freedom and even their lives! So please don't take this book lightly!

Top Secret Alien Abduction Files - Nick Redfern 2018-11-01

For decades, people have reported close encounters with extraterrestrial entities. Witnesses describe being kidnapped by large-headed, black-eyed creatures from other worlds. Those same creatures have become popularly known as "the Grays." There is, however, another aspect to the alien abduction controversy. Abductees very often report being followed and spied upon by military and government personnel. It is typical for abductees to see black helicopters hovering directly over

their homes in an intimidating manner. Phone calls are monitored. Emails are hacked into. Strange men dressed in black suits are seen photographing the homes of the abductees. All of this brings us to the matter of what have become known in the domain of alien abduction research as "Military Abductions," or "MILABS." According to numerous abductees, after being kidnapped by aliens they are kidnapped again . . . by the government. These follow-up events are the work of a powerful group hidden deep within the military and the intelligence community.
