But Rick Warren believes that in order for a church to be healthy if must become a purpose driven church by Jesus. Now the founding pastor of Saddleback Church shares a proven five-part strategy that will enable your church to grow. . . - Warmer through fellowship - Deeper through discipleship - Stronger through worship - Broader through ministry - Larger through evangelism. **Sex, God, and the Conservative Church** - Tina Schermer Sellers  
2017-04-21

Sex, God, and the Conservative Church guides psychotherapy and sexology clinicians on how to

treat clients who grew up in a conservative faith—mired in sexual shame and dysfunction—and who desire to both heal and hold on to their faith orientation. The author first walks clinicians and readers through a critique of Western culture and the conservative Christian Church, and their effects on intimate partnerships and sexual lives. The book provides clinicians a way to understand the faulty sexual ethic of the early church, while revealing the hidden mystical sex and body positive understanding of sexuality of the Hebrew people. The book also includes chapters on strategies for a new sexual ethic, on clinical steps to heal religious sexual shame, and on specific sex therapy interventions clinicians can use directly in their practice. Finally, it offers a four step model for healing religious sexual shame and actual touch and non-touch exercises to bring healing and intimacy into a person's life.

**Disunity in Christ** - Christena Cleveland

**Church Membership** - Jonathan Leeman  
2012-04-30

Jonathan Leeman addresses the commonly asked (and often unanswered) question of, "Why should I join a church?" in a time when many are shunning the practice of organized religion. By offering a brief, straightforward explanation of

what church membership is and why it's important, Leeman gives the local church its proper due and builds a case for committing to the local body. Church Membership is a useful tool for churches to distribute en masse to new and potential members of their congregation. This volume is part of the 9Marks: Building Healthy Churches series. Look for upcoming, quick-read formats of the following marks of a healthy church: expositional preaching, biblical theology, the gospel, conversion, evangelism, church discipline, discipleship and growth, and church leadership.

*All Together Different* - J. Brian Tucker

2018-02-06

Can we all just get along? E Pluribus Unum: "Out of many, one." This motto is emblazoned on the Great Seal of the United States, but it could be the church's model, too. Unfortunately, the daily experience of many Christians and churches feels like the opposite: out of one, many. We are increasingly aware of what makes us different from others, and it is hurting the church and its witness. *All Together Different* will help readers understand why we find it so difficult "to just get along." Drawing from research on personal and group identity, it equips readers to navigate a culture that often pays lip service to the value of diversity, but struggles to foster constructive dialogue and mutual respect. With clear writing and real-life stories, *All Together Different* translates social identity theory for pastors, church leaders, and ministry practitioners, exposing it to the light of biblical and theological reflection.

**One Earth, Many Religions** - Paul F. Knitter  
One of the world's foremost exponents of the "pluralist" position as the most adequate Christian theological account of religious diversity turns to a new and urgent issue facing the community of world religions. For Paul Knitter, the spectre of environmental and social injustice looms over any serious discussion of humankind's future. As urgent as it is to have peace among the world's believers to achieve peace among nations, it is urgent that these communities unite in understanding and defending of the earth. In *One Earth Many Religions* Knitter looks back at his own "dialogical odyssey" and forward to the way that interfaith encounters and dialogue must focus

attention on new challenges. Nothing less than enlisting the commitment of the world's religions on the task of saving our common home will do. In making that case, Knitter makes clear the complex structures political, economic, and social as well as religious - that face those who approach this task. While articulating a "this-worldly soteriology" necessary to overcome our eco-human plight, Knitter offers practical considerations on actions and projects that have and should have been undertaken to stem the tide of environmental and human suffering. The global crisis is both at the center of *One Earth Many Religions* and a test case for Knitter and others engaged in the dialogue of religions. Can religious differences concerning the nature of the transcendent themselves be transcended in order to promote eco-human well-being? The issue seems basic and clear if interreligious dialogue cannot effect such a change, then one must question whether religion is of any use whatsoever.

*Teach Us to Want* - Jen Pollock Michel

2014-06-04

**God Is a Black Woman** - Christena Cleveland  
2022-02-08

In this timely, much-needed book, theologian, social psychologist, and activist Christena Cleveland recounts her personal journey to dismantle the cultural "whitemale god" and uncover the Sacred Black Feminine, introducing a Black Female God who imbues us with hope, healing, and liberating presence. For years, Christena Cleveland spoke about racial reconciliation to congregations, justice organizations, and colleges. But she increasingly felt she could no longer trust in the God she'd been implicitly taught to worship—a white male God who preferentially empowered white men despite his claim to love all people. A God who clearly did not relate to, advocate for, or affirm a Black woman like Christena. Her crisis of faith sent her on an intellectual and spiritual journey through history and across France, on a 400-

mile walking pilgrimage to the ancient shrines of Black Madonnas to find healing in the Sacred Black Feminine. *God Is a Black Woman* is the chronicle of her liberating transformation and a critique of a society shaped by white patriarchal Christianity and culture. Christena reveals how America's collective idea of God as a white man has perpetuated hurt, hopelessness, and racial and gender oppression. Integrating her powerful personal story, womanist ideology, as well as theological, historical, and social science research, she invites us to take seriously the truth that God is not white nor male and gives us a new and hopeful path for connecting with the divine and honoring the sacredness of all Black people.

*Before You Vote* - David Platt 2020-09-04

*The New Pilgrims* - Joseph Castleberry, ED.D. 2015-09-15

In 1492 Christopher Columbus bore a secret agenda as he set out with his tiny fleet to discover a New World. The startling truth? Columbus himself was a Jew! And he sought a new home for his persecuted Jewish kin to escape King Ferdinand's and Queen Isabella's newly wrought Spanish Inquisition.

Tim Muehlhoff and Rick Langer provide lessons from conflict theory and church history on how to negotiate differing biblical convictions in order to move toward Christian unity.

*Unity in the Faith* - Bradford Mark Rosenquist Ph.D. 2018-07-31

Churches all over the world work to spread the gospel of Christ, but this work is done in many different ways by many different denominations. Jesus and Paul were quite clear that the church of God was to be in total unity especially with regard to the teachings of the gospel. So how do we bring the many denominations into a unity

that will enhance a genuine team effort to present the true gospel to the world? In *Unity in the Faith*, author Bradford Mark Rosenquist shows why church unity across all denominations is an absolutely necessary work that must be accomplished for gospel success. First outlining what church unity is and what has been a historical obstacle to this unity, Rosenquist goes on to show how integral unity is to the gospel message of Christ. In the end, *Unity in the Faith* provides both an analysis of unity as well as a roadmap that Christians and church leaders can use to promote true unity in their congregations. It takes a cooperative effort to reach the world with the truth about Jesus and the kingdom of God. The universal body of Christ must therefore overcome the current disunity so that as one we can live up to Christ's admonition to go into all the world and preach the gospel.

*Eating Together, Becoming One* - Thomas O'Loughlin 2020-03-19

2020 Catholic Press Association first place award, ecumenism or interfaith relations In November 2015, Pope Francis called on theologians to explore whether normal Catholic practice should be changed to allow Christians, belonging to other churches, to share fully at the table when they take part in a Eucharist celebrated by Catholics. Thomas O'Loughlin provides his contribution to that challenge in this volume. He argues that the various ways of thinking about what we are doing in the liturgy should lead us to see intercommunion as enhancing our participation in the mystery of the Church and the mystery we celebrate. **Disunity in Christ** - Christena Cleveland  
2013-11-21

Despite Jesus' prayer that all Christians "'be one, '" divisions have been epidemic in the body of Christ from the beginning to the present. We cluster in theological groups, gender groups, age groups, ethnic groups, educational and economic groups. We criticize freely those who disagree with us, don't look like us, don't act like us and don't even like what we like. Though we may think we know why this happens, Christena Cleveland says we probably don't. In this eye-opening book, learn the hidden reasons behind conflict and divisions. Learn: Why I think all my friends are unique but those in other groups are all the same Why little differences often become big sources of conflict Why categorizing others is often automatic and helpful but can also have sinister side effects Why we are so often victims of groupthink and how we can avoid it Why women think men are judging them more negatively than men actually are, and vice versa Why choices of language can actually affect unity With a personal touch and the trained eye of a social psychologist, Cleveland brings to bear the latest studies and research on the unseen dynamics at work that tend to separate us from others. Learn why Christians who have a heart for unity have such a hard time actually uniting. The author provides real insight for ministry leaders who have attempted to build bridges across boundaries. Here are the tools we need to understand how we can overcome the hidden forces that divide us

**Blind Spots** - Collin Hansen 2015-04-16

What if our differences became opportunities? The world needs bold, united followers of Jesus. It needs you and me to understand and appreciate the contributions of our brothers and sisters in faith. However, too often, our blind spots lead to divisions and disagreements, preventing God's people from testifying to his grace with one voice. In this provocative book, Collin Hansen helps us view our differences as opportunities to more effectively engage a needy world with the love of Christ. Highlighting the diversity of thought, experience, and personality that God has given to his people, *Blind Spots* lays the foundation for a new generation of Christians eager to cultivate a courageous, compassionate, and commissioned church.

**Trouble I've Seen** - Drew G.I. Hart 2016-01-19

What if racial reconciliation doesn't look like what you expected? The high-profile killings of young black men and women by white police officers, and the protests and violence that ensued, have convinced many white Christians to reexamine their intuitions when it comes to race and justice. In this provocative book, theologian and blogger Drew G. I. Hart places police brutality, mass incarceration, anti-black stereotypes, poverty, and everyday acts of racism within the larger framework of white supremacy. He argues that white Christians have repeatedly gotten it wrong about race because dominant culture and white privilege have so thoroughly shaped their assumptions. He also challenges black Christians about neglecting the most vulnerable in their own communities. Leading readers toward Jesus, Hart offers concrete practices for churches that seek solidarity with the oppressed and are committed to racial justice. What if all Christians listened to the stories of those on the racialized margins? How might the church be changed by the trouble they've seen? "This book is a gift from the heart of one of the sharpest young theologians in the United States. Hold it carefully, and allow it to transform you—and our blood-stained streets."—Shane Claiborne, author of *The Irresistible Revolution* Free downloadable study guide available here.

**Our Global Families** - Todd M. Johnson  
2015-02-10

As Christians, we belong to not only a diverse global Christian family but also a diverse human family. Todd Johnson, a noted expert on global Christianity and world missions trends, and Cindy Wu show how divisions within these families work against our desire to bring about positive change in the world. They provide an overview of global Christian identity, exploring how we can be faithful to our own tradition while engaging Christians across denominations and be better informed as we work with people of other religions. The book utilizes the latest research data on global Christianity and world religions and includes tables, graphs, charts, and end-of-chapter discussion questions.

**Divided We Fall** - Luder G. Whitlock 2017  
Division. Polarization. Strife. That's life-as-usual in today's world. But it shouldn't describe the

church. It's time for Christians to listen, reach out, and work together for the common good. But how can God's people achieve true unity in a fallen world? What sort of cooperation is actually possible? Luder Whitlock has an answer—a good one—and an appeal. He shows how we can learn from studying God's views on church unity and from historical schisms as well as agreements. And, once we embrace the goal of unity, Whitlock points us to specific, realistic steps we can take to realize a united community under God. Book jacket.

**Holy Disunity** - Layton E. Williams 2019-10-08

These days, there's no dirtier word than "divisive," especially in religious and political circles. Claiming a controversial opinion, talking about our differences, even sharing our doubts can be seen as threatening to the goal of unity. But what if unity shouldn't be our goal? In *Holy Disunity: How What Separates Us Can Save Us*, Layton E. Williams proposes that our primary calling as humans is not to create unity but rather to seek authentic relationship with God, ourselves, one another, and the world around us. And that means actively engaging those with whom we disagree. Our religious, political, social, and cultural differences can create doubt and tension, but disunity also provides surprising gifts of perspective and grace. By analyzing conflict and rifts in both modern culture and Scripture, Williams explores how our disagreements and differences—our disunity—can ultimately redeem us.

*The Apostle Paul and the Christian Life* - Scot McKnight 2016-02-23

The "new perspective" on Paul, an approach that seeks to reinterpret the apostle Paul and his letters against the backdrop of first-century Judaism, has been criticized by some as not having value for ordinary Christians living ordinary lives. In this volume, world-renowned scholars explore the implications of the new perspective on Paul for the Christian life and church. James D. G. Dunn, N. T. Wright, Bruce Longenecker, Scot McKnight, and other leading New Testament scholars offer a response to this question: How does the apostle Paul understand the Christian life? The book makes a fresh contribution to the new perspective on Paul conversation and offers important new insights into the orientation of the Christian life.

*Becoming a Just Church* - Adam L. Gustine 2019-02-12

How should the local church think about justice? Adam Gustine provides a theological vision for the church's identity as a just people, where God's character and the pursuit of shalom infuses every aspect of our congregational DNA. In this renewed vision, the church becomes a prophetic alternative to the broken systems of the world and a parable of God's intentions for human flourishing and societal transformation.

*Disunity in Christ* - Christena Cleveland 2013-10-04

**The Community of Believers** - Lucinda Mosher 2015-05-06

The Community of Believers offers the proceedings of the 2013 Building Bridges seminar, a dialogue between leading Christian and Muslim scholars under the stewardship of Georgetown University. These essays consider such themes as the Church as mystical body of Christ versus the Church as proclamation; the roots and uses of the term ummah and its development over time; Christian desires for communion, experiences of division, and approaches to unity; the history of Muslim disunity; twentieth-century Christian ecclesiology and its responses to a post-Christian and post-Christian world; and the Arab Spring as a case study for contemplating accommodationism, conservatism, reformism, and fundamentalism as Muslim strategies to address the pressures of modernism. The volume also includes texts and commentaries used in the seminar's discussions of each topic and a concluding essay summarizing the tone, content, and style of participant exchanges throughout the seminar.

*Life and Holiness* - Thomas Merton 1963

This is intended to be a very simple book, an elementary treatment of a few basic ideas in Christian spirituality. Hence it should be useful to any Christian, and indeed to anyone who wants to acquaint himself with some principles of the interior life as it is understood in the Catholic Church. Nothing is here said of such subjects as "contemplation" or even "mental prayer." And yet the book emphasizes what is at once the most common and the most mysterious aspect in the Christian life: grace, the power and the light of God in us, purifying our hearts, transforming us in Christ, making us true sons of God, enabling us to act in the world as his instruments for the good of all men and for his glory. This is therefore a meditation on some fundamental themes appropriate to the active life. It must be said at once that the active life is essential to every Christian. Clearly the active life must mean more than the life which is led in religious institutes of men and women who teach, care for the sick, and so on. (When one is

talking of the "active life" as opposed to the "contemplative life," this is the usual reference.) Here action is not looked at in opposition to contemplation, but as an expression of charity and as a necessary consequence of union with God by baptism.

**A Credible Witness** - Brenda Salter McNeil 2009-08-20

Brenda Salter McNeil explores what you can learn from Jesus' encounter with the woman at the well. She explains how gender, race and social status can be a barrier to evangelism. Brenda tells her own story of coming to faith, and talks about how she relates to others as a Christian.

**The Mark of the Christian** - Francis A. Schaeffer 2013-04-23

Christians have not always presented an inviting picture to the world. Too often we have failed to show the beauty of authentic Christian love. And the world has disregarded Christianity as a result. Francis A. Schaeffer challenges Christians to respond compassionately to a needy world and to show the mark of Christ in all their actions.

**That We May Be One** - Gary B Agee 2022-04-12

Transcending divisions and healing the Body of Christ Disunity is a reality within churches today. Left unaddressed, political disagreements and racial inequities can fester into misunderstanding, resentment, and anger. But often even the act of addressing this discord prompts further animosity, widening fissures into gaping fault lines between fellow members of the same community. Gary Agee, a pastor well-versed in navigating the volatility of diverse church communities, reflects here on the roots of division within the church and the virtues and practices that can promote the restoration of unity. With disarming honesty and humility, Agee offers sage advice gleaned from Scripture and years of practical experience to show how we might fulfill Jesus's prayer on behalf of the church: "That all of them may be one, Father, just as you are in me and I am in you. . . . That they may be one as we are one." At the end of each chapter, Agee includes exercises, discussion questions, and suggested practices, providing a concrete path to unity through dialogue and action.

A Hybrid World: - Sadiri Joy Tira 2020-05-15  
Linking . . . Blending . . . Intermixing with Divine Purpose People are on the move. As individuals and people groups are constantly migrating, the unreached have become part of our communities. This reality provides local Christ-followers with the challenge and opportunity of navigating both the global diaspora and mixed ethnicities. A Hybrid World is the product of a global consultation of church and mission leaders who discussed the implications of hybridity in the mission of God. The contributors draw from their collective experiences and perspectives, explore emerging concepts and initiatives, and ground them in authoritative Scripture for application to the challenges that hybridity presents to global missions. This book honestly wrestles with the challenges of ethnic hybridity and ultimately encourages the global church to celebrate the opportunities that our sovereign and loving God provides for the world's scattered people to be gathered to himself.

*Advancing Christian Unity* - Anthony Burgess 2019-09-24

In John 17, Jesus prayed for the unity of the church. Yet today, we tend to accept disunity as inevitable. In this book, Anthony Burgess calls us to address the spiritual and visible unity that Jesus desires for His people. Burgess speaks of how union and communion with Christ and His people are "the life and comfort of believers." Giving careful consideration of what Christian unity should look like, Burgess excels at uncovering common causes of division and promoting means to advance unity among God's people. *Kissing the Leper* - Brad Jersak 2006

Jesus once counseled us to "buy medicine for your eyes from me so you can see, really see" (Rev. 3: 18 MSG). *Kissing the Leper* is about getting our eyes repaired from religious and cultural prejudice so that we can see Jesus in others, especially those that our world discards as "the least." The author has compiled the voices and testimonies of historical and contemporary practitioners to develop a devotional theology of encounter. Specifically, he challenges us to meet and welcome Christ in human form from the society's margins to the banquet table of God.

*Christianity and Wokeness* - Owen Strachan 2021-07-20

"Theologian Owen Strachan makes clear, wokeness is not true justice, nor is it true Christianity. While wokeness employs biblical vocabulary and concepts, it is an alternative religion, far from Christianity in both its methods and its fruit. A potent blend of racism, paganism, and grievance, wokeness encourages 'partiality' and undermines the unifying work of the Holy Spirit. It is not simply not the Gospel; it is anti-Gospel"--
