Technology Application in Tourism Fairs,

Festivals and Events in Asia - Azizul Hassan
2022-05-03

It is an unconditional reality that the tourism industry in Asia is becoming exposed to innovative technologies more than ever before. This book reports the latest research in the application of innovative technology to the tourism industry, covering the perspectives, innovativeness, theories, issues, complexities, opportunities and challenges affecting tourism in Asia. A blend of comprehensive and extensive efforts by the contributors and editors, it is designed especially to cover technology applications in tourism fairs, festivals and events in Asia. The application and practice of technologies in tourism, including the relevant niches of fairs, festivals and events are also covered, with a focus on the importance of technology in tourism. This book highlights, in a comprehensive manner, technologies that are impacting the tourism industry in Asia, as well as the constraints it is facing. It deals with distinct topics, such as tourism promotion, technology-driven sustainable tourism development, social media, accessibility and so on to cover fairs, festivals and events. This book is a significant contribution towards the very limited knowledge in this identified research area, with examples from selected Asian countries. This book is designed to accommodate both qualitative and quantitative research

linking theory and practice. This book has a clear focus on outlining the research issues. Each chapter of the book highlights a methodology that was used, with rationale for its use. This book addresses a number of revisions that unify the theme or framework to integrate the chapters.

The Guide to Successful Destination Management - Pat Schaumann 2004-03-15

Get the most comprehensive guide to destination management! From tours to transportation, from entertainment to local rules of etiquette, the destination management company (DMC) is the premier resource that utilizes the right venue, location, speaker, and vendor to ensure a highly professional and successful program. www.elsevierdirect.com/9781856178181 with additional materials and links to websites and other resources for both students and lecturers
Globalism and Regional Economy - Susumu Egashiru 2013-09-23

The book covers the results of trial and error of regional economies in Japan, Korea, Austria, New Zealand, and the UK over the past two decades. Since the end of the cold war, regional economies have been struggling to meet the demands of global change, and are trying to find a new approach based on "inter-regional cooperation" to survive and develop further. This book focuses on the circumstances of regional economies worldwide as well as three important issues of concern: commercial and policy issues, international trade, and promoting a regional approach in international tourism. The book presents case studies of five countries and examines the possibility of application to other regions. Although every region has suffered from the decline of traditional industries in the face of international competition, academic analysis of successful cases are particularly useful and relevant to the reforms of regional economies and their development. This book also discusses the current problems of FTAs, tourism, medical management, and regional management and suggests possible short-term development strategies. Regional economies have begun a number of initiatives in these fields in the globalized world. The book demonstrates the current results of such initiatives. The book also explores new patterns of collaboration between regions of different countries following their recent initiatives.

[How to Start a Home-Based Event Planning Business](#) - Jill S. Moran 2010-07-13

Are you passionate about planning events? Have you ever wanted to be your own boss and set your own schedule while pursuing something you enjoy? Now you can make your dreams a reality. International Encyclopedia of Hospitality Management - Abraham Pizam 2010

This encyclopedia covers all of the relevant issues in the field of hospitality management from both a sectoral level as well as a functional one. It's unique user-friendly structure enables readers to find exactly the information they require at a glance.

[How to Manage a Successful Press Conference](#) - Ralf Leinemann 2017-03-02

Despite the ubiquity of new forms of communication technology, press conferences remain a vital way for companies to share news. One size or message does not fit all and the content showcased must be of interest to every member of the audience. This book highlights the importance of understanding the needs of those who will attend; an ever-more critical skill as stretched editorial teams make it increasingly difficult to lure journalists from their desks. In the international press arena, journalists from different countries have particular needs and can react differently to the same situation. The authors show that to ensure success, PR professionals need to take account of the event, speakers, style, content and tone; and follow through to the all-important tasks of obtaining feedback and analysing results. *How to Manage a Successful Press Conference* is essential reading for PR teams working in a national or, particularly, an international environment and enables you to address the whole range of activities necessary for success, from the basics through to advanced issues such as managing press expectations across borders and cultures.

Event Management & Event Tourism - Donald Getz 2005

This book provides, both an overview of event studies and a foundation for professional event management.

[Conferences and Conventions](#) - Tony Rogers 2022-07-11

Fully revised and updated to reflect current

trends and emerging topics, the fourth edition of *Conferences and Conventions: A Global Industry* provides an expert-led, comprehensive introduction to, and overview of, the key elements of the global conference, convention and meetings industry. This book examines the conference industry's origins, structure and future development, as well as its economic, social and environmental impacts. It provides an in-depth analysis of the strategies, practices, knowledge and skills required to organise memorable conferences and similar business events, with detailed descriptions of all the planning and operational processes. Following an international approach, this edition features additional sections on the increase in technological advancements and opportunities, as well as the rise of virtual and hybrid events in a post-pandemic era. Written in an accessible and engaging style, the book includes integrated case studies to highlight current issues and demonstrate theory in practice. Structured logically with useful features throughout to aid learning and understanding, this book is an invaluable resource to students following events management, hospitality and tourism courses, as well as for event planners and practitioners already working in the conference industry.

International Dictionary of Artificial

Intelligence - William Raynor 2020-10-07

First Published in 1998. Artificial intelligence is increasingly employed in all areas of human endeavor and industry. Anticipating the needs of professionals, researchers, and students alike, *International Dictionary of Artificial Intelligence* defines and illustrates over 2,500 terms and provides detailed explanations of major concepts as well as topics in related disciplines. The Dictionary also contains an annotated bibliography and an extensive appendix of World Wide Web sites devoted to the latest trends and developments in the world of artificial intelligence.

One Vision Billion Dreams - Santosha K. Nayak 2020-11-26

This book is all about the economic empowerment of the common man. More than 80% of the people are under sheer darkness and away from real development. When we talk and see of development, it is less than 20 % of the country. Historically and systematically large

sections of the people were kept under darkness. And the trend hasn't seen light for quite some time despite all the efforts from many eminent persons from different walks of life. Perhaps, they all used only their minds and lacked in their heart while trying to find solutions. The author in this book has attempted afresh some steps with a bottom up approach to achieve real development of all, especially the left-out 80%; and achieve comprehensive economic development across every nook and corner of the country. This book talks about Unique Natural Endowment Theory, Graded Self-sufficient Model of Regional Economic Development; and analysed the structural needs in each sector of the economy so as to address the persistent on the ground problems. At present, entrepreneurial knowledge is at a low level among the larger mass; and challenges to micro entrepreneurship are high. The book also talks about entrepreneurial spirit and processes for the common man. This book discovers ways to reach new heights of growth and development in New India. This book has dreams for every common man and tries to find ways to materialise the individual dreams of the billion plus people of India. That's why this book is - *One Vision for a Billion Dreams*.

The Sports Event Management and Marketing Playbook - Frank Supovitz 2005

Publisher Description

Event Management - Lynn Van der Wagen 2010-11-11

Events Management: for tourism, cultural, business and sporting events, 4e is a holistic text designed for the Diploma in Events Management and Advanced Diploma in Events Management and is the essential text for anyone wishing to work in the field of event management. Suitable for courses in Events Management and International Events Management.

The 21st Century Meeting and Event Technologies - Seungwon "Shawn" Lee
2017-03-03

Here is the first book to specifically and comprehensively address the rapid changes and advances in technology in the planning, management, and marketing of meetings and events. The multigenerational trio of authors, including Joe Goldblatt and two of his former students, Seungwon "Shawn" Lee and Dessislava Boshnakova, cover the most important aspects of using technology for today's meetings and events, such as How to harness the power of social media How to use crowdsourcing effectively How to choose appropriate room layout design software How to manage and use guest-generated content How to measure and evaluate your success How to choose meeting registration software How to promote your meeting with blogs, websites, podcasts, and more How to hold virtual meetings and events How to use search engine optimization to advantage The area of meeting and event

technology is a fast-growing component of the meetings, incentives, conventions and exhibition (MICE) industry. With a foreword by Corbin Ball, an internationally renowned speaker, consultant and writer in the meetings and events technology field, *The 21st Century Meeting and Event Technologies* will be an essential resource for hospitality students and business professionals. Faculty may request an examination copy from info@appleacademicpress.com. Please provide your name and title, course title, course start date, current text, number of students, and your institution address.

Entertaining from Ancient Rome to the Super Bowl: An Encyclopedia [2 volumes] - Melitta Weiss Adamson
2008-10-30

From the earliest times, humans have enjoyed dining and entertainment with family and friends, from sharing a simple meal to an extravagant feast for a special celebration. In this two-volume set, entries tell the history of wedding and religious customs, holidays such as Thanksgiving and Christmas, and modern day get togethers such as block parties and Superbowl parties. Providing a worldwide perspective on celebration, entries on topics such as Dim Sum, La Quinceanera Parties, Deepavali, and Juneteenth cover many cultures. In addition, entries on Ancient Rome, Medieval entertaining, and others give an inside view as to what entertaining was like during those times, should readers want to recreate these themes for school projects or club banquets. Whether a student of history or world language class, or an adult planning a theme party, there is something in *Entertaining from Ancient Rome to the Super Bowl* for everyone.

Professional Meeting Management - Professional Convention Management Association (PCMA)
2017-09-01

The sixth edition of *Professional Meeting Management* is the newest edition of the longtime standard reference and textbook for the meetings industry and meetings education. This is the first student and meeting professionals textbook aligned with the new Certified Meeting Professional (CMP) International Standards, which will be used by the Convention Industry Council as a reference book for item writing for the CMP Certification

Examination. It includes the most up-to-date information on current trends, strategic planning for meetings, budgeting and funding, marketing and promotion, technology, running and closing the meeting, and industry developments on the horizon.

The International Dictionary of Event Management - Joe Goldblatt 2001-01-22

The first and only comprehensive reference to the growing vocabulary of international event management A-to-Z coverage of nearly 4,000 terms-more than double the First Edition! Event management has a language all its own, one that is expanding rapidly as the event marketplace keeps pace with today's increasingly global economy. Because effective communication is the key to successfully researching, designing, planning, coordinating, and evaluating special events, it is essential to keep pace with the latest terminology. This invaluable reference helps you remain fluent in the language of event management by giving you quick access to the terms, phrases, and concepts you need to know to do your job well. Features include: * Entries updated and expanded with the help of event professionals from around the world * New

coverage of catering, marketing, proposal writing, technology, and other important areas *
A new section featuring terms grouped according to the key CSEP-identified categories: administration, coordination, marketing, and risk management
The Wiley Event Management Series-Series Editor, Dr. Joe Goldblatt, CSEP
The Wiley Event Management Series provides professionals with the essential knowledge and cutting-edge tools they need to excel in one of the most exciting and rapidly growing sectors of the hospitality and tourism industry. Written by recognized experts in the field, the volumes in the series cover the research, design, planning, coordination, and evaluation methods as well as specialized areas of event management.

God Is in the Details - Lynne E. Shivers 2014-03
You know how people say that the Devil is in the details? Learn how God is in the details through this inspiring book that kicks the Devil out and gives God full reign in the details of planning your church or religious group event. Learn how to: Seek God for direction from the initial idea through the big day. Cultivate positive relationships, even with those who may be difficult or disgruntled. Develop a proven planning time line that will keep you on track, no matter when you start in the process. Keep the event "fresh," even if it's the umpteenth event anniversary. Kick the Devil out and give him no foothold in the planning process. "I have enjoyed reading the book, God Is in the Details, by Evangelist Lynne Shivers. In it she brings out the importance of planning our events with a purpose and with excellence. Often, we do not think about the planning that goes into an event and are discouraged by the results. But if we planned in advance, things would certainly turn out much better. The book also brings out another important point, and that is God is in the details. This is a must-read book; it's a great resource guide for any group leader in the planning of an event. I give it two thumbs up."
Bishop Gary Harper Pastor, Greater Grace Temple-Taylor, Taylor, MI

Encyclopedia of Sports Management and Marketing - Linda E. Swayne 2011-08-08

This four-volume set introduces, on the management side, principles and procedures of economics, budgeting and finance; leadership; governance; communication; business law and

ethics; and human resources practices; all in the sports context. On the marketing side this reference resource explores two broad streams: marketing of sport and of sport-related products (promoting a particular team or selling team- and sport-related merchandise, for example), and using sports as a platform for marketing non-sports products, such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament. Together, these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today, providing an invaluable print or online resource for student researchers.

Special Events - Joe Goldblatt 1997

This unique text offers a comprehensive study of the special events field, which is burgeoning over into many management sub-fields. Widely varied types of events are spawning a demand for new and innovative thinking and definitive management styles, and Goldblatt paints a clear perspective on how the industry has developed and keeps an ear to the ground as to the future picture. Real-life case studies ("war stories"), carefully interwoven into the text to strengthen and expand concepts, are followed by a concise author's comment called "lesson learned". The progression of each chapter is guided by highlighted boxes, clearly illustrated figures, and color photographs (lending clarity and inspiration in a field where presentation is key). A summary section at the end of each chapter reemphasizes critical points and provides the reader with an invaluable "big picture" perspective.

Event Management - ASHUTOSH CHATURVEDI 2009-11-10

The book provides a proven and effective system that is not only accountable and responsible but also fosters the creativity so essential to an industry called "events". There are two trends in the modern event industry. The first is the drive for professionalism in response to internal and external forces which shows in compressed form the historical process that is occurring in events. The other trend is convergence that is the convergence of corporate and public events. This book not only describes the best practices in corporate event project management; it also allows you to prepare for the coming changes in

the corporate event industry. It introduces the basic event project management process. It also explores the importances of the venue, or event site. The simple language of this book will be very helpful for the students.

Dictionary of Event Studies, Event Management and Event Tourism - Emma Abson 2021-03-31

A complete and thorough ontology of the study of planned events and the professional practice of event management and event tourism. Contains user friendly explanations and language to explain and contextualise jargon and technical terms within this wide and varied field. **Nonprofit Marketing** - Walter Wymer 2006-03-06 Nonprofit Marketing: Marketing Management for Charitable and Nongovernmental Organizations is a conceptually strong text that gives students marketing strategies for nonprofit, charitable, and nongovernmental organizations, while providing them with a broad treatment of marketing basics. Written in an easy-to-follow style, marketing concepts are clearly presented and supported with real-world examples.

International Encyclopedia of Hospitality Management 2nd edition - Abraham Pizam 2012-06-25

The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. There are 185 Hospitality Management degrees in the UK alone. This new edition updates and significantly revises twenty five per cent of the entries and has an additional twenty new entries. New online material makes it the most up-to-date and accessible hospitality management encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from a sectoral level (lodging, restaurants/food service, time-share, clubs and events) as well as a functional one (accounting and finance, marketing, strategic management, human resources, information technology and facilities management). Its unique, user-friendly structure enables readers to find exactly the information they require at a glance - whether they require broad detail that takes a more cross-sectional view across each subject field or more focused information that looks closely at specific topics and issues within the hospitality industry today.

Events Exposed - Lena Malouf 2012-01-03

From business essentials to design inspiration, the secrets to events industry success Author Lena Malouf is a renowned expert in the special events industry. She has won countless accolades for her work, including a recent Lifetime Achievement Award from The Special Event, and has served in major leadership positions in several industry organizations, including as International President of the International Special Events Society and an advisory board member for The Special Event. The book features straightforward advice on operating a successful special events business, gleaned from Malouf's more than 40 years in the event planning industry. It includes guidance on developing a strategy, identifying potential clients, developing proposals, building an event budget, coordinating with contractors, and much more. And beyond the business components, readers will also find a section on designing successful events, including tabletop, ceiling, and wall decor, while a chapter on developing thematic concepts will illustrate how an event planner can successfully bring a theme to life. With full-color photos in two 8-page inserts and practical checklists throughout, this is a must-have reference for industry professionals, special events students, and aspiring event planning professionals everywhere.

Special Events - Joe Goldblatt 2010-10-04

This book chronicles and champions the development, changes, and challenges faced by the global celebrations industry for event planners. New interviews are included with experienced event leaders to give a better understanding of the field. New chapters are included on green events, corporate social responsibility, and theoretical case studies. Event measurement, evaluation, and assessment topics are integrated throughout a number of the chapters. Over 200 new Web resources and appendices show how to save money, time, and improve the overall quality of an event. Event planners will also learn how technology may be harnessed to help them improve their events' financial, quality, environmental and other strategic outcomes.

Opportunities in Event Planning Careers - Blythe Camenson 2002-10-15

More than 100 opportunities for students and

job seekers! The most comprehensive career book series available, *Opportunities in...* covers a range of professions from acting to writing, and encompasses traditional as well as cutting-edge careers. Each book offers job seekers essential information about a variety of careers within each field and includes training and education requirements, salary statistics, and professional and Internet resources.

Development Perspectives from the South - Munyaradzi Mawere 2016-12-14

Not so long ago, The Economist described Africa as a hopeless continent. This damning description specifically referred to the development status of Africa. While the debate on the political and socio-economic [under-]development of Africa had been raging on prior to the Economist's daring but controversial pronouncements, it intensified from thereon. Many concerned people from within the continent and elsewhere have reproved the proclamation but mainly in newspapers and the broadcast media. Not enough has been done by development scholars to critically reflect on the description and status of Africa's development condition in a nuanced and systematic fashion. Yet, it is through incisive reflections and systematic engagements with Africa's situations and circumstances that directions and solutions to the African development predicament could be forged. The present volume is an attempt to open up a constructive dialogue between the Global North and the Global South on the African [under-]development conundrum. The book is an eye opener to African governments, social scientists, policy makers and development scholars concerned with the urgent need to rethink, reimagine and retheorise Africa's development gridlock.

Event Planning Ethics and Etiquette - Judy Allen 2010-06-01

The world of event planning can be alluring and dangerous at once-exotic locales, wining and dining, and people traveling without their spouses. In such situations the line between business and pleasure blurs and the nature of relationships gets cloudy. With a thoughtless act or a less-than-tactful word, long-lasting business relationships can be ruined forever. Beyond that, budgets are on the chopping block and competition for business is tight. In that

environment, people often cut not just financial corners, but the ethical ones, too. There's a fine line between innocent perks and inappropriate gifts or kickbacks. Event planners today must navigate a minefield of potentially sticky situations that can easily blow up in their face. Without a professional code, lines of acceptable behavior are easily crossed. And what you do personally can hurt you professionally. *Event Planning Ethics and Etiquette* provides event planners with the companion they need to stay out of trouble, keep professional relationships healthy and profitable, avoid the riskier temptations of the lifestyle, and win business in a highly competitive market using ethical business practices. Explains how to establish policies and codes of behavior, in the office and onsite at events. Offers guidelines on when it is acceptable to accept a gift, what is acceptable, and what is inappropriate. Shows how to prepare yourself, as well as your staff, for what to expect, and how to handle the unexpected with business finesse. Covers business etiquette in event planning crisis management situations. Helps you to avoid putting yourself and your company at personal and professional risk. Features real-life examples and situations, and advice on how to handle them with poise and professionalism. Includes a list of "Event Planning Do's and Don'ts." *Event Planning Ethics and Etiquette* will be of value to the professional event planner; to event planning suppliers and clients working with industry professionals; as well as to those in related fields, such as public relations, administrative professionals, communications; and anyone in the hospitality, culinary, and travel industry.

Marketing for Tourism, Hospitality & Events - Simon Hudson 2017-05-26

Filling a gap in the market, this new title approaches the field through a uniquely international angle, with increased emphasis on the impact of digital technology and supported by international case-studies.

Dictionary of Travel, Tourism and Hospitality - S. Medlik 2012-06-25

This new edition combines within two covers: * A dictionary of 2500 terms * Descriptions of 300 organizations * A biographical dictionary of 100 personalities * Explanations of 1200 acronyms and abbreviations * Key data for well over 200

countries * A concise bibliography listing more than 100 useful sources of further information The author's long and wide experience of these fields makes this an indispensable companion for students and teachers, and those employed in relevant businesses and organizations, as well as for the travellers, tourists and guests who are the *raison d'être* of it all.

Special Events - Seungwon Lee 2020-08-25
Recent years have seen dramatic changes to the events industry. The influence of social media and global communications technology, increased focus on environmental sustainability and social responsibility, and changes to the economic and cultural landscape have driven rapid expansion and increased competition. *Special Events: Creating and Sustaining a New World for Celebration* has been the event planner's essential guide for three decades, providing comprehensive coverage of the theory, concepts and practice of event management. The new Eighth Edition continues to be the definitive guide for creating, organizing, promoting, and managing special events of all kinds. Authors, Seungwon "Shawn" Lee and Joe Goldblatt, internationally-recognized leaders and educators in the industry, guide readers through all the aspects of professional event planning with their broad understanding of diverse cultures and business sectors. This definitive resource enables current and future event leaders to stretch the boundaries of the profession and meaningfully impact individuals, organizations, and cultures around the globe. Global case studies of high-profile events, such as the PyeongChang Winter Olympic Games and Norway's Constitution Day annual event, complement discussions of contemporary issues surrounding safety, security, and risk management. Each chapter includes "Ecologic," "Techview," and/or "Secureview," mini-case studies, a glossary of terms, plentiful charts, graphs, and illustrations, and links to additional online resources.

International Dictionary of Hospitality Management - Abraham Pizam 2008

An abridged version of the *International Encyclopedia of Hospitality Management*, this book provides readers with an A to Z of concise definitions across this diverse area of industry, from back office systems to management

accounting and yield management. It covers all of the relevant issues in the field of hospitality management from both a sectoral level as well

as a functional level. The entries reflect the global and cross-cultural nature of the hospitality industry.
