Waltzing Through Europe: Attitudes towards Couple Dances in the Long Nineteenth-Century - Egil Bakka 2020-09-10

From 'folk devils' to ballroom dancers, *Waltzing Through Europe* explores the changing reception of fashionable couple dances in Europe from the eighteenth century onwards. A refreshing intervention in dance studies, this book brings together elements of historiography, cultural memory, folklore, and dance across comparatively narrow but markedly heterogeneous localities. Rooted in investigations of often newly discovered primary sources, the essays afford many opportunities to compare sociocultural and political reactions to the arrival and practice of popular rotating couple dances, such as the Waltz and the Polka. Leading contributors provide a transnational and affective lens onto strikingly diverse topics, ranging from the evolution of romantic couple dances in Croatia, and Strauss's visits to Hamburg and Altona in the 1830s, to dance as a tool of cultural preservation and expression in twentieth-century Finland. *Waltzing Through Europe* creates openings

for fresh collaborations in dance historiography and cultural history across fields and genres. It is essential reading for researchers of dance in central and northern Europe, while also appealing to the general reader who wants to learn more about the vibrant histories of these familiar dance forms.

The Sacred Garden of Lumbini - Kai Weise 2013-10-29

Lumbini, the Birthplace of the Lord Buddha, was inscribed on the World Heritage list in 1997. It is situated in an area commonly referred to as the 'Sacred Garden'. Archaeological remains testify to the authenticity of the place, which has become a major pilgrimage site. Nevertheless over two and a half millennia, the understanding of Lumbini has changed and different perceptions exist of what Lumbini might have been like at the

birth of Lord Buddha. For the long-term safeguarding of this World Heritage site, overall understanding of the property is essential. This publication will provide a means for the various stakeholders to come to an understanding of each other's historical, religious, environmental and touristic perspectives of Lumbini.

Losing Earth - Nathaniel Rich 2020-03-05

By 1979, we knew all that we know now about the science of climate change - what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed. Nathaniel Rich's groundbreaking account of that failure - and how tantalizingly close we came to signing binding treaties that would have saved us all before the fossil fuels industry and politicians committed to anti-scientific denialism - is already a journalistic blockbuster, a full issue of the New York Times Magazine that has earned favorable comparisons to Rachel Carson's *Silent Spring* and John Hersey's *Hiroshima*. Rich has become an instant, in-demand expert and speaker. A major movie deal is already in place. It is the story, perhaps, that can shift the conversation. In the book *Losing Earth*, Rich is

able to provide more of the context for what did - and didn't - happen in the 1980s and, more important, is able to carry the story fully into the present day and wrestle with what those past failures mean for us in 2019. It is not just an agonizing revelation of historical missed opportunities, but a clear-eyed and eloquent assessment of how we got to now, and what we can and must do before it's truly too late.

The Ancient Near East - Mario Liverani 2013-12-04

The Ancient Near East reveals three millennia of history (c. 3500-500 bc) in a single work. Liverani draws upon over 25 years' worth of experience

and this personal odyssey has enabled him to retrace the history of the peoples of the Ancient Near East. The history of the Sumerians, Hittites, Assyrians, Babylonians and more is meticulously detailed by one of the leading scholars of Assyriology. Utilizing research derived from the most recent archaeological finds, the text has been fully revised for this English edition and explores Liverani's current thinking on the history of the Ancient Near East. The rich and varied illustrations for each historical period, augmented by new images for this edition, provide insights into the material and textual sources for the Ancient Near East. Many highlight the ingenuity and technological prowess of the peoples in the Ancient East. Never before available in English, The Ancient Near East represents one of the greatest books ever written on the subject and is a must read for students who will not have had the chance to explore the depth of Liverani's scholarship.

Religion, Community, and Slavery on the Colonial Southern

Frontier - James Van Horn Melton 2015-06-04

This book tells the story of Ebenezer, a frontier community in colonial Georgia founded by a mountain community fleeing religious persecution in its native Salzburg. This study traces the lives of the settlers from the alpine world they left behind to their struggle for survival on the southern frontier of British America. Exploring their encounters with African and indigenous peoples with whom they had had no previous contact, this book examines their initial opposition to slavery and why they ultimately embraced it. Transatlantic in scope, this study will interest readers of European and American history alike.

History of the Persian Empire - A. T. Olmstead 2022-08-29

Out of a lifetime of study of the ancient Near East, Professor Olmstead has gathered previously unknown material into the story of the life, times, and thought of the Persians, told for the first time from the Persian rather than the traditional Greek point of view. "The fullest and most reliable presentation of the history of the Persian Empire in existence."—M. Rostovtzeff

Washington's Crossing - David Hackett Fischer 2006-02-01

Six months after the Declaration of Independence, the American Revolution was all but lost. A powerful British force had routed the Americans at New York, occupied three colonies, and advanced within sight of Philadelphia. Yet, as David Hackett Fischer recounts in this riveting history, George Washington--and many other Americans--refused to let the Revolution die. On Christmas night, as a howling nor'easter struck the Delaware Valley, he led his men across the river and attacked the exhausted Hessian garrison at Trenton, killing or capturing nearly a thousand men. A second battle of Trenton followed within days. The Americans held off a counterattack by Lord Cornwallis's best troops, then were almost trapped by the British force. Under cover of night, Washington's men stole behind the enemy and struck them again, defeating a brigade at Princeton. The British were badly shaken. In twelve weeks of winter fighting, their army suffered severe damage, their hold on New Jersey was broken, and their strategy was ruined. Fischer's richly textured narrative reveals the crucial role of contingency in these events. We see how the campaign unfolded in a sequence of difficult choices by many actors, from generals to civilians, on both sides. While British and German forces remained rigid and hierarchical, Americans evolved an open and flexible system that was fundamental to their success. The startling success of Washington and his compatriots

not only saved the faltering American Revolution, but helped to give it new meaning.

The Oxford History of the Ancient Near East - D. T. Potts 2020

"The Oxford History of the Ancient Near East offers a comprehensive and fully illustrated survey of the history of Egypt and Western Asia (Levant, Anatolia, Mesopotamia and Iran) in five volumes, from the emergence of complex states to the conquest of Alexander of Great. The authors represent a highly international mix of leading academics whose expertise brings alive the people, places and times of the remote past. The emphasis lies firmly on the political and social histories of the states and communities under investigation. The individual chapters present the key textual and material sources underpinning the historical reconstruction, giving special attention to the most recent archaeological finds and how they have impacted our interpretation. The first volume covers the long period from the mid-tenth millennium to the late third millennium BC and presents the history of the Near East in ten chapters "From the Beginnings to Old Kingdom Egypt and the Dynasty of Akkad". Key topics include the domestication of animals and plants, the first permanent settlements, the subjugation and appropriation of the natural environment, the emergence of complex states and belief systems, the invention of the earliest writing systems and the wide-ranging trade networks that linked diverse population groups across deserts, mountains and oceans"--

Decolonization and World Peace - Brian Urquhart 1989-08

English summary: English summary: The verse from Obadiah 1:11, On the day you stood aloof while strangers carried off his wealth and foreigners entered his gates and cast lots for Jerusalem, you were like one of them, could be the motto for the contributions in this volume. The passive bystander attitude described in the verse corresponds to the stance of the Free Churches in Germany towards the Jews during the NS regime. Engagement with this highly sensitive issue closes a gap in research on Free Churches. The aim of the book is to analyse the practice and church policy of the Free Churches on Jews between 1933 and 1945. For this contribution towards reappraising the past the editors succeeded in obtaining contributions from a large number of church historians from the Free Churches. Specifically, the contributions deal with the Quakers, the Mennonites, the Brethren Movement, Methodists, the Pentecostal Movement, the Free Evangelicals, the Independent Evangelical-Lutheran Churches, the Free Moravian Church, the Seventh-Day Adventists as well as the Austrian Free Churches. The contributions are introduced with a text on Free Church opinions of Jews in the late 19th and early 20th century. German description: Das Bibelwort aus Obadja 1,11 Zu der Zeit, als du dabeistandest und sahst, wie Fremde sein Heer gefangen wegfuhrten und Auslander zu seinen Toren einzogen und uber Jerusalem das Los warfen, da warst auch du wie einer von ihnen konnte als Motto fur die Beitrage dieses Bandes stehen: Die passive Zuschauerhaltung entspricht dem Verhalten der Freikirchen in Deutschland gegenüber den Juden während der NS-Zeit. Die Beschäftigung mit diesem brisanten Thema schliesst eine Lücke in der Freikirchenforschung. Zielstellung ist, die Praxis und Kirchenpolitik der Freikirchen den Juden gegenüber zwischen 1933 und 1945 zu analysieren. Für dieses Stück Vergangenheitsbewältigung konnte eine grossere Zahl von Kirchenhistorikern aus den Freikirchen gewonnen werden. Im Einzelnen behandeln die Beiträge Quaker, Mennoniten, die Bruderbewegung, Methodisten, Pfingstbewegung, Baptisten, die Freien

evangelischen Gemeinden, die Selbstständigen Evangelisch-Lutherischen Kirchen, die Herrnhuter Bruder, die Siebenten-Tags-Adventisten sowie die Freikirchen Österreichs. Eingeleitet werden die Beiträge von einem Text zu freikirchlichen Ansichten über Juden im 19. und zu Beginn des 20. Jahrhunderts. The Linguistic Heritage of Colonial Practice - Brigitte Weber 2019-01-14
The contributions of this volume offer both a diachronic and synchronic approach to aspects relating to different areas of colonial life as for example colonial place-naming in a comparative perspective. They comprise topics of diverse interests within the field of language and colonialism and represent the linguistic fields of sociolinguistics, onomastics, historical linguistics, language contact, obsolescence convergence and divergence, (colonial) discourse, lexicography and creolistics.
