The Celestine Prophecy - James Redfield 2008-08-01

The #1 bestselling phenomenon with millions of copies sold around the world -- now with a guide to creating your own Celestine Prophecy experience. You have never read a book like this before--a book that comes along once in a lifetime to change lives forever. In the rain forests of Peru, an ancient manuscript has been discovered. Within its pages are 9 key insights into life itself -- insights each human being is predicted to grasp sequentially; one insight, then another, as we move toward a completely spiritual culture on Earth. Drawing on ancient wisdom, it tells you how to make connections among the events happening in your life right now and lets you see what is going to happen to you in the years to come. The story it tells is a gripping one of adventure and discovery, but it is also a guidebook that has the power to crystallize your perceptions of why you are where you are in life and to direct your steps with a new energy and optimism as you head into tomorrow. Praise for *The Celestine Prophecy* "A gripping adventure story filled with intrigue, suspense, and spiritual revelations." - Commonwealth Journal "A spiritual classic...a book to read and reread, to cherish, and to give to friends." - Joan Borysenko, PhD, author of *Fire in the Soul* "In his inimitable style of great storytelling, Redfield opens us up to a world of insight, inspiration, synchronicity, and power." - Deepak Chopra

Mystic Masonry - Jirah Dewey Buck 1897

J. D. Buck explains and demystifies Freemasonry in this illustrated account of the secret society, their ritual practices and use of symbols to communicate their ideas. The author speaks in favor of the ethical principles and ideas of the Masons; their insistence upon moral rectitude and good behavior of its members supports the idea that Masonry aims to cultivate the highest virtues of humankind. Such preservation of humanity's greatest strengths is to be applauded: writing in the early 20th century, the author muses on the social and economic upheavals in a world that has rapidly changed amid industrialization. Addressing public curiosity on the links between Freemasonry and the ancient lore of the occult is one of Buck's primary aims. The various ancient mysteries dating back to the time when Egypt was under the rule of the Pharaohs are examined. We discover how the modern Masonic principles of liberty, equality and fraternity relate and reconcile with the symbology present in the lodges around the world. Together with Masonic texts, the author also spoke with Masons and conducted research into ancient civilizations. Thus, *Mystic Masonry* is an authoritative and fulfilling guide to the subject.

Psycho-harmonial Philosophy - Peter Pearson 1910

Keely and His Discoveries - Clara Bloomfield-Moore 2001

In the late 1800s John Ernst Worrell Keely claimed to have discovered a source of unlimited energy. For over 30 years his company survived, but never produced a product. This biography (originally published in 1893) seeks to explain the Keely mystery. The author, Clara Bloomfield Moore, financed his work for many years. Opinions on Keely are still sharply divided over a century later - those who call him a free energy pioneer versus those who refer to the "Keely Motor Bubble" as a stock fraud. Chapter XIX, "Latent Force in Interstitial Spaces - Electro-Magnetic Radiation - Molecular Dissociation," was written by Keely. "It is not to be wondered at that the magical nature of his demonstrations, more inexplicable than any feats of legerdemain, should have brought upon him the suspicion of fraudulent representation, concerning the production of the force and its manipulation; but his persistency alone in seeking to unravel the mysteries

of nature, ought to have brought around him sooner men who, like the revered and great Leidy, were able to appreciate his researches in sympathetic vibration, the laws of which govern everything in creation, from the movements of the planets, down to the movements of atoms. ... In Keely's theories all is mechanical in nature. A molecule of steel, a molecule of gas, a molecule of brain matter are all of the one primeval substance - the Ether." - Clara Bloomfield Moore

Creative Mind and Success - Ernest Holmes 1919

The Story of the Seer of Patmos - Stephen N. Haskell 1993-05

The book of Revelation pronounces a blessing upon everyone who "reads" or even "hears" it read. Yet, many treat it as a mysterious book that should not be read and cannot be understood. S. N. Haskell has opened the book of Revelation up in an easily read style that explains it and its relation to our day. This facsimile, originally printed in 1905, makes an excellent study book for young and old.

Working with the Law - Raymond Holliwell 1985-01-03

Science has defined a variety of natural laws that explain the physical world and how it changes. One such law states that for every action there is a reaction, and that for every motion there is corresponding counter-motion. Whether it's visible to the human eye or not, one thing is certain - movement and change will occur as a result. Having studied these principles, author Raymond Holliwell not only understood the universal physical applications, he also understood the spiritual and mental applications as well. By using this law on a spiritual and mental level, Holliwell found that a specific thought could create a desired reaction in his personal and professional life through continual and dedicated practice. As he came to realize the expanded potential of this powerful law, he eventually recognized the ultimate source of the dramatic results - God.

The Laws of the Universe and the Bible - Lori Kostenuk 2016-05-21

To know and understand the energy laws of the universe is to know and understand a little more of the mind of our Creator. My purpose in penning this book is to share with you what our family has learned of this metaphysical bridge that connects the spiritual with the mental and physical sides of our lives a fusion that completes our whole being. We all have the power, through faith, to raise our consciousness to new elevated heights where liberty, love, peace, health, and joy reign. You will learn what practical steps to take in a normal day that will increase your faith so that fear turns into trust, depression into liberation, anxiety and stress into rest, lack and limitations into abundance on all levels. What would it mean to you if you could have power over your negative thoughts, or to actualize what you desire in your reality? You will learn how to tap into this universal flow that our Creator has provided for our every day health, healing, and living. You will come to understand that you have a measure of power over your external world by learning how to tap into your internal world. An inspiring read, establishing a deep connection with the reader, this book showed me how to put faith into everyday life in order to better fulfill my life's purpose. Applying the Laws of the Universe brought me even closer to my God, my wife, my friends, and my own being. Sheldon Jordan, Doctorate Student, Naturopathic Medicine, Toronto

The Life Cycle Hypothesis - Tony Plummer 2018-03-05

The Life Cycle Hypothesis provides evidence of an ordered process behind the apparent randomness of financial asset price movements, economic fluctuations, and social trends. It shows how genuine information will have a dramatic effect on any system into which it is inserted, and will generate reactions that are essentially pre-programmed. These reactions involve the processes of advance and decline, and therefore embrace a set of specific lower-order fluctuations. Financial and economic analysts have long been familiar with the resulting phenomena, but have had difficulty providing a satisfactory explanation. The Life Cycle Hypothesis builds on the findings of Tony Plummer's previous book, *The Law of Vibration*, and shows that nature itself contains the answer. There is a universal blueprint that manages growth, that organises evolution, and that contends with decline. In effect, the shock of fresh information creates a new organism whose energy travels along a natural pathway between birth and death. It is this pathway that generates such widely diverse phenomena as personal mid-life crises, the swarming of innovations, recurring patterns in financial markets, and rhythmic oscillations in national economies. It is this pathway that produced the Great Depression of the 1930s, the inflation trauma of the 1970s, and the global financial crisis of 2007-08. The same pathway now suggests that there may be a major global crisis in the early years of the next decade. The Life Cycle Hypothesis has the potential to change the way that we understand the world. It will therefore have a natural appeal for investors, economists, and social scientists. It will also be of great interest to those who sense a connection between the diverse social and political upheavals that are currently impacting us, and who want to understand the forces at work.

A Treatise on White Magic - Alice A. Bailey 2011-12-13

Forecasting Financial Markets - Tony Plummer 2006

The ability to make money in the world's financial markets depends critically on an individual's ability to make decisions independently of the crowd. To attain such independence, the investor or trader must acquire the capacity to understand the forces at work in logical terms, recognize (and neutralize) any emotional responses to market fluctuations, and design an investment process or trading system that generates objective 'buy' or 'sell' signals. This fifth edition has been completely updated to take the author's latest research into account, providing the reader with an in-depth assessment of the phenomenon of cycles, patterns of economic and financial activity, and using cycles as a forecasting tool.

The Law of Mind in Action - Fenwicke Lindsay Holmes 1919

The Point of Power - Peter Baksa 2011-01-31

The Law of Attraction states that whatever you focus on and intend in your life, shall be delivered to you. The author illustrates the three principles that explain how to operate the law-intend, declare, and detach-and reviews the insights of quantum mechanics. Examples, including some from the author's life, help illustrate the steps. Every day, many people wish for their lives to be different. They can picture a new life, yet their ego really focuses on what they do not have or cannot get. This sets up resistance to the new life they seek. Discerning the lack (that is the basis of resistance) as the contrast to what one seeks can lead to desire, which then can become an intention and attention to the beliefs and emotions of already having it (detachment). Baksa has also consulted the many wisdom and spiritual texts in order to hone his three-step process.

The Science of Numerology Through the Law of Vibration - John C. Laurie 1959

How To Make Profits Trading in Commodities - W. D. Gann 2016-03-28

W. D. Gann's justly famous work on the trading of commodities. "I am writing this book to supply a universal demand: and give rules that will forecast the trend of commodities. Conditions have changed rapidly during the last few years and will change more rapidly after this great war is over than ever before in history. Men will return to the soil of Mother Nature to make a living. Investors and speculators will have to look for new ways to make money in the future and will find it more difficult in the stock market; therefore, the necessities of life, the basic commodities, will offer greater opportunities than investments in stocks and bonds, providing the trader knows the rules to follow. "My object is to write something that will be helpful to people in trade lines and to those who have long years of experience in the commodity market, as well as the inexperienced trader who wants knowledge and needs to learn the ways to start right, and to protect his capital and make profits. Life affords no greater pleasure than that of helping others who are trying to help themselves. "I am going to give the best of my forty years of experience in this book, and I hope to show others the way to help themselves and follow mathematical rules in the commodity market, which will result in profits. I do not believe in gambling or reckless speculation, but am firmly convinced, after years of experience, that if traders will follow rules and trade on definite indications, that speculation can be made a profitable profession. Trading in commodities is not a gambling business, as some people think, but a practical, safe business when conducted on business principles. "I offer this book to the public with a sincere conviction that if they put in the time studying, they will derive great benefits."

Quantum Trading - Fabio Oreste 2011-06-24

A cutting-edge guide to quantum trading Original and thought-provoking, Quantum Trading presents a compelling new way to look at technical analysis and will help you use the proven principles of modern physics to forecast financial markets. In it, author Fabio Oreste shows how both the theory of relativity and quantum physics is required to makes sense of price behavior and forecast intermediate and long-term tops

and bottoms. He relates his work to that of legendary trader W.D. Gann and reveals how Gann's somewhat esoteric theories are consistent with his applications of Einstein's theory of relativity and quantum theory to price behavior. Applies concepts from modern science to financial market forecasting Shows how to generate support/resistance areas and identify potential market turning points Addresses how non-linear approaches to trading can be used to both understand and forecast market prices While no trading approach is perfect, the techniques found within these pages have enabled the author to achieve a very attractive annual return since 2002. See what his insights can do for you.

Follow Your Passion, Find Your Power - Bob Doyle 2011-06-01

Wondering how to make the Law of Attraction work in your life? With the publication of *The Secret*, the Law of Attraction has become a worldwide phenomenon. Yet, many people are still not getting the results they want and have been left disappointed and confused. Now motivational coach Bob Doyle, one of the teachers featured in the film version of *The Secret*, dispels the misconceptions and myths about the Law of Attraction and offers a practical, easy-to-use program for creating abundance and happiness. Doyle addresses head-on the objections, questions, and comments that many still have about creating abundance to get the things they want in life. *Follow Your Passion, Find Your Power* is a down-to-earth, no-hype, motivational approach to take control of your life and get the things you want. Doyle makes it clear that the Law is not a personal development tool you can use the right way or the wrong way; it's a profound statement of how energy works in the universe. It has to do with paying attention, recognizing where you are, and aggressively striving for what you want. It is all about passion, vision, and purpose. Get clear on your vision for your life, and follow a step-by-step plan to live your life by design.

The Law of Love - Vicent Guillem 2015-06-24

The content of this book is a message of love for you. My wish is that it serves you to know better your feelings, allowing you to distinguish the feelings of true love from those forms of selfishness which imitate love but are not really. So seek to feed the first ones and remove the second ones, because this is the only way to become happy. I hope that after reading this book it is clear to you that you have a fundamental right that you must not let anyone violate, and this is the right to the freedom of feeling. With all my love, for you. Official web page <http://thespiritualaws.blogspot.com/es/>

[The Journey of the Soul and the Ethereal World](#) - Emma Ruder Drollinger 1919

[Health Revelations from Heaven and Earth](#) - Tommy Rosa 2015-10-27

Fifteen years ago, Bronx-born plumber Tommy Rosa died in a hit-and-run incident. Lying by the road, he felt a tug whisking him off into a tunnel of light to meet his Divine Teacher in Heaven. After several weeks in a coma, Tommy returned to Earth, to walk again with a heightened sense of connection to one and all. Around the same time, Dr. Stephen Sinatra, an integrative cardiologist, was dismantling the prevailing ideas of preventive pharmacology with his holistic approach to treatment. In their first encounter, Tommy got the intuitive message that Dr. Sinatra had an infection in his hip. Tommy's insight confirmed Dr. Sinatra's own similar thoughts of infection. When Tommy shared with Dr. Sinatra the divine revelations of healing that he had learned, Dr. Sinatra was shocked--the keys to solving the imbalance of energy that he had identified as the cause of most chronic illness were the same as those Tommy was relating. From this intersection of the divine and the scientific, Tommy Rosa and Dr. Sinatra began writing a prescriptive guide for healthy living. In *Health Revelations from Heaven and Earth*, Tommy Rosa reveals the 8 Revelations, gleaned from God, that will lead you toward revitalized health, a newfound sense of purpose, and spiritual balance--fully corroborated by Dr. Sinatra's four decades of medical expertise--bringing Heaven and Earth a little bit closer.

How to Know God - Deepak Chopra, M.D. 2001-02-20

You don't have to believe in God in order to experience God. --- Deepak Chopra The celebrated author of *Ageless Body*, *Timeless Mind* and *The Seven Spiritual Laws of Success* has written his most ambitious and important work yet, a runaway international bestseller that has inspired hundreds of thousands of readers to rethink their concept of God. According to Chopra, the brain is hardwired to know God. The human nervous system has seven biological responses that correspond to seven levels of divine experience. These are shaped not by any one religion (they are shared by all faiths), but by the brain's need to take an infinite, chaotic universe and find meaning in it. *How to Know God* describes the quest each of us is on, whether we realize it or not. For, as Chopra puts it, "God is our highest instinct to know ourselves." This book makes a dramatic and enduring contribution to that knowledge.

The Giza Power Plant - Christopher Dunn 1998-08-01

Did a highly advanced civilization exist in prehistory? Is the Giza Pyramid a remnant of their technology? Then, what was the power source that fueled such a civilization? The technology of harmonic resonance, claims renowned master craftsman and engineer Christopher Dunn. In a brilliant piece of reverse engineering based on twenty years of research, Dunn reveals that the Great Pyramid of Giza was actually a large acoustical device! By its size and dimensions, this crystal edifice created a harmonic resonance with the Earth and converted Earth's vibrational energies to microwave radiation. The author shows how the pyramid's numerous chambers and passageways were positioned with the deliberate precision to maximize

its acoustical qualities. This may be the same technology discovered by Nikola Tesla and the solution to our own clean energy needs.

The Law of Vibration - Tony Plummer 2013-02-25

In *The Law of Vibration* Tony Plummer presents a new theory which he argues is revealing of a fundamental truth about the deep-structure of the universe. The Law is embodied in a very specific pattern of oscillation that accompanies change and evolution. It can be found in fluctuations in stock markets and in economic activity. The research here suggests that the pattern was known about in antiquity because it was buried in a short passage in St Matthew's Gospel in the Bible. It also suggests that it was known about in the early part of the 20th century because it was concealed in the structure of books written by the renowned stock market trader, William D. Gann, and by the mindfulness exponent, George Gurdjieff. Both men chose to preserve their knowledge of the pattern in a hidden form for some unknown future purpose. Now, after 20 years of investigation, Tony Plummer tells the story of how the pattern was originally hidden. Drawing on painstaking research on gematria, the enneagram and financial market analysis, Plummer reveals the existence of a behavioural pattern that may have profound implications for the way that we view the world. Plummer's work is elegantly structured and illustrated throughout. It is an exciting and thought-provoking study for Gann enthusiasts, and also for investors, economists and scientists who have an interest in the laws that underpin systemic coherence and produce collective order.

The Master Key System - Charles F. Haanel 2021-07-23

The Master Key System is a personal development book by Charles F. Haanel that was originally published as a 24-week correspondence course. The ideas it describes and explains come mostly from New Thought philosophy. It was one of the main sources of inspiration for Rhonda Byrne's film and book *The Secret*. The book describes many beliefs such as the law of attraction, creative visualization and man's unity with God, and teaches the importance of truth, harmonious thinking and the ability to concentrate.

The Grand Design - Stephen Hawking 2010-09-07

#1 NEW YORK TIMES BESTSELLER When and how did the universe begin? Why are we here? What is the nature of reality? Is the apparent "grand design" of our universe evidence of a benevolent creator who set things in motion—or does science offer another explanation? In this startling and lavishly illustrated book, Stephen Hawking and Leonard Mlodinow present the most recent scientific thinking about these and other

abiding mysteries of the universe, in nontechnical language marked by brilliance and simplicity. According to quantum theory, the cosmos does not have just a single existence or history. The authors explain that we ourselves are the product of quantum fluctuations in the early universe, and show how quantum theory predicts the "multiverse"—the idea that ours is just one of many universes that appeared spontaneously out of nothing, each with different laws of nature. They conclude with a riveting assessment of M-theory, an explanation of the laws governing our universe that is currently the only viable candidate for a "theory of everything": the unified theory that Einstein was looking for, which, if confirmed, would represent the ultimate triumph of human reason.

Revelation - 1999-01-01

The final book of the Bible, *Revelation* prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Letting Go - David R. Hawkins, M.D., Ph.D. 2014-01-15

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.

Observations on W. D. Gann Vol. 1 - Awodele 2015-01-29

During my time studying Gann, I was fortunate to come across an e-book published by the Gann Study Group entitled, *W.D. Gann on the Law of Vibration*. In this e-book is where I first read a little known Gann article from 1919. In this article, Gann makes some predictions about the German Kaiser, Wilhelm Hohenzollern, and provides some details as to how he made his predictions. Continued study and work on the contents of the article led to the publication of my first book entitled, *W.D. Gann: Divination By Mathematics*. In this book, I wrote a chapter on periodicity, which was personally for me, one of my favorites in the book. In that chapter I was able to show how Gann may have derived key periods in the life of the German Kaiser, Wilhelm Hohenzollern. Interestingly, during my continued research, I found another example in Gann's work that matched the same procedure Gann may have used to derive some of the key periods in the 1919 article. Thus, one of the main goals of this small booklet is to simply share what I found. It has always been my intention to publish additional books to get some of the ideas that I have been contemplating out in the open, but I didn't have enough information on a particular topic to fill a three hundred, two hundred, or even a one hundred page book. With this in mind, I realized that I could publish small booklets in a series of volumes, each focusing on a different topic to achieve my goal. So this is what you will find in this publication, a small booklet on the topic of periodicity, which is the first volume in a series of volumes on observations I have made with respect to Gann's work. It is my hope that the reader will find something valuable within these pages to further their own research and study.
