The Law of Attraction - Robert Collier
2013-02-19

Harold March, the rising reviewer and social critic, was walking vigorously across a great tableland of moors and commons, the horizon of which was fringed with the far-off woods of the famous estate of Torwood Park. He was a good-looking young man in tweeds, with very pale curly hair and pale clear eyes. Walking in wind and sun in the very landscape of liberty, he was still young enough to remember his politics and not merely try to forget them. For his errand at Torwood Park was a political one; it was the

place of appointment named by no less a person than the Chancellor of the Exchequer, Sir Howard Horne, then introducing his so-called Socialist budget, and prepared to expound it in an interview with so promising a penman. Harold March was the sort of man who knows everything about politics, and nothing about politicians. He also knew a great deal about art, letters, philosophy, and general culture; about almost everything, indeed, except the world he was living in.

Wells of Abundance - E.V. Ingraham

Do you know what Prosperity feels like? Is it solely experienced on a physical level when you are surrounded by symbols of wealth and riches? Or is it a peaceful state of mind without any worries, illness, or stress? One thing is for sure . . . there is an unlimited supply for anyone willing to understand the principles that shape your perception of prosperity and wealth.

Understanding that supply means more than just meeting our need for air, food, water, and shelter. Ingraham helped the world to see the

spiritual side of supply as the inner foundation of peace and happiness from within. These are the principles E.V. Ingraham (1882-1978) wrote about in *WELLS OF ABUNDANCE* while active at Unity Village in Lee's Summit Missouri over 80 years ago. He joined the staff at Unity School in 1919 and organized the Sales department that supplied literature to Unity centers. This is where he soon became acquainted with Douglas DeVorss, who was the Unity Sales Director before he founded DeVorss & Company in Los Angeles in 1929. Originally published in 1938, *WELLS OF ABUNDANCE* was written during an era when most books referred to people with masculine references and pronouns without implying that one gender was more entitled or more deserving than the other. In this updated edition, DeVorss Publications has enhanced the meaning by making subtle changes that allow the message to be all-encompassing for all readers.

Abundance - Deepak Chopra, M.D. 2022-03-01
An enlightening guide to success, fulfillment, wholeness, and plenty, offering practical advice on how to cultivate a sense of abundance in times of fear and insecurity, from New York Times bestselling author Deepak Chopra “To attain wealth of the lasting kind, the kind that gives your life meaning, value, and sustenance, base your daily existence on the generosity of spirit.”—Deepak Chopra Many of us live and operate from a mind-set of lack, scarcity, and limitation. We focus on what we don’t have—financial security, confidence, an intimate relationship—which keeps us feeling insecure and inadequate. We think “if only I could have those things, I could be happy.” But measuring

wealth by money or material possessions leaves us feeling drained and spiritually empty. Constantly striving for more often means our ego is driving our thoughts, actions, and reactions, which prevents us from reaching something greater: a true sense of inner peace, acceptance, and fulfillment. Yet, there is an inner path to prosperity and wealth that, once charted and explored, provides access to the great riches of the universe and life’s unbounded possibilities. In *Abundance*, international bestselling author Deepak Chopra illuminates this road to success and wholeness, helping readers tap into a deeper sense of awareness to become agents of change in their own lives. Mixing ancient teachings and spiritual practices with the wisdom he’s garnered over four decades as the leading figure in mind-body medicine, Deepak demonstrates how to transcend self-generated feelings of limitation and fear in order to experience true abundance in all aspects of life. To do so, he offers a seven-

step plan along with meditations and mindfulness techniques to help you focus and direct your attention, energy, and intuition so you can experience stability, affluence, insight, creativity, love, and true power.

True Wealth - Nghiep (Nip) Nguyen 2021-08-25

We want money, as much as possible. However, having a lot, we are still poor or rich, depending on how we earn and spend it. How do we earn money? Some people will do anything, even illegal or immoral for money. They will step on others if necessary. Earning lot this way, we are still "poor." We earn money by providing a useful service to others. In the process, truly rich people help all related people earn and eventually become rich. They deserve their wealth. How do we spend? We should not spend

lavishly, showing off our wealth while people around us struggle to put foods on the table. Should we be proud of having a lot of money? No, no reason to be proud of. Such pride is a sign of "poverty." Truly rich people spend just enough to satisfy their needs, using extra wealth to help less fortunate people to have better lives. Earning a lot empowers us to do meaningful activities. Truly rich people are not proud of their wealth but happy to have abundant means to help others. They feel genuinely happy. Truly rich people know their lives have a divine purpose and are fulfilling it. Their wealth is the result of pursuing this purpose, rendering some profoundly useful service to the community. Then, whatever comes and goes around them, including wealth, does not matter. They feel genuinely satisfied. That is fulfillment. So, accumulation of a lot of wealth does not necessarily make one truly rich. Truly rich people earn abundance, feel deserving, happy, and fulfilled. However, poverty is still a world

problem! In October 2020, about 689 million people or 9.20% of world population live in extreme poverty. They earn less than \$1.90 a day, according to the World Bank. Many people around the world, in less developed and developed countries alike, are struggling daily to earn a decent living. This book offers a way to alleviate the world poverty and assist a person to become truly rich. How? Leveraging on the power of natural laws, we can get what we want. Everything happening around us and in the universe is controlled by natural laws. The earth, so heavy an object, leaning on nothing, has floated around the sun for billion years. The power of a natural law is behind it. With bare hands, Saint Gandhi Mahatma of India mobilized two hundred millions of Indians to defeat the fully armed British army to liberate his country because he leveraged on a natural power of mob psychology. Earning money is both difficult and easy. Not complying with related natural laws, our tasks become difficult and fail. Complying

with them, our tasks become easy and succeed. Yet, natural laws unveil themselves daily around us in everything. If we greet people we meet with a cheerful attitude and loving kindness from our heart, people have the tendency to treat us with the same attitude. On the other hand, if we show a bad attitude towards others or treat them badly, they have the tendency to have bad attitude towards us or treat us badly. That is the working of the law of attraction. The power of natural laws is manifesting around us at all times. A blooming flower, a wind blows and shakes a tree's foliage, seasons repeat one after another every year, all manifest according to the power of natural laws, no exception. Just pay attention, we will perceive nature's power and apply it to render our daily activities easier and successful. The important law of "giving and receiving" reveals how to comfortably earn money. Basically, if we provide a useful service to others, we earn money. In addition, the better the service (i.e., more quantity and more quality)

we provide, the higher we earn. Hence, beside learning to provide a useful service, we have to find ways to improve our ability to serve.
