*Indus Basin Uninterrupted* - Uttam Kumar Sinha 2021

"...a valuable contribution both to the world of scholarship and to the larger public discourse"- JAIRAM RAMESH The Indus Waters Treaty between India and Pakistan marks six decades, but carries the reflection of 5000 years of history Indus Basin Uninterrupted, with an easy

narration and rich archival material, brings alive a meandering journey of peace, conflict and commerce on the Indus basin. The Indus system of rivers, as a powerful symbol of the passage of time, represents not only the interdependence and interpenetration of land and water, but equally the unfolding of political identities, social churning and economic returns. From Alexander's campaign to Muhammad-bin-Qásim crossing the Indus and laying the foundation of Muslim rule in India; from the foreign invaders and their 'loot and scoot' to the Mughal rulers' perspective on hydrology and water use; from the British 'great game' on the Indus basin to the bitter and bloody Partition; and finally, as a historical pause, the signing of the Indus Waters Treaty-this book is a spectrum of spectacular events, turning points, and of personalities and characters and their actions that were full of marvel.

To Sir, With Love - E. R. Braithwaite 2014-01-14  
This schoolroom drama that inspired the classic Sidney Poitier film is "a microcosm of the racial issues . . . A dramatic picture of discrimination" (Kirkus Reviews). With opportunities for black men limited in post-World War II London, Rick Braithwaite, a former Royal Air Force pilot and Cambridge-educated engineer, accepts a teaching position that puts him in charge of a class of angry, unmotivated, bigoted white teenagers whom the system has mostly abandoned. When his efforts to reach these troubled students are met with threats, suspicion, and derision, Braithwaite takes a radical new approach. He will treat his students as people poised to enter the adult world. He will teach them to respect themselves and to call him "Sir." He will open up vistas before them that they never knew existed. And over the course of a remarkable year, he will touch the lives of his students in extraordinary ways, even

as they in turn, unexpectedly and profoundly, touch his. Based on actual events in the author's life, *To Sir, With Love* is a powerfully moving story that celebrates courage, commitment, and vision, and is the inspiration for the classic film starring Sidney Poitier.

**Kautilya's Arthashastra** - Kautilya 2009-01-01  
Kautilya, also known as Chanakya, is India's most illustrious political economist of all time. He regarded economic activity as the driving force behind the functioning of any political dispensation. In fact, he went to the extent of saying that revenue should take priority over the army because sustaining the army was possible out of a well-managed revenue system. Kautilya advocated limiting the taxation power of the State, having low rates of taxation, maintaining a gradual increase in taxation and most importantly devising a tax structure that ensured compliance. He strongly encouraged foreign trade, basing it on the premise that for a successful trade contract to be established, it had to be beneficial to all. He emphasised State control and investment in land, water and mining. Kautilya was a true statesman who bridged the gap between experience and vision. For Kautilya, good governance was paramount. He suggested built-in checks and balances in systems and procedures for the containment of malpractices. Many postulates of Kautilya's

philosophy of political economy are applicable to contemporary times.

**Mongolian Empire** - Dinobibi Publishing  
2019-08-10

Most people believe the Mongolian Empire was a small tribe known for looting, robbing, and pillaging. The Mongols used to be little more than nomads prowling the harsh and often barren steppes of Mongolia, but this all changed when a great leader, Genghis Khan, took control. The Mongols were innovative and creative in everything they did beyond just warfare. They owed their successes to their military tactics and impressive art of war, which relied heavily on incredible horsemanship, archery, and other fighting skills. But they also created an immersive world full of ideas, inventions, and art. The Mongolian Empire was a state built by folks who knew how to keep up with the times. The Mongols put to use many ideas and technologies of the day and were very much capable of making these things work for them. Adversity usually gives birth to strength, and the Mongols are a fine example of this principle in practice. Let Dinobibi guide you through a discover of the story of the Mongol Empire, a great testament to how empires rise and fall, exemplifying a process that has been part of the human experience for millennia.  
Rajmohan's Wife and Sultana's Dream - Bankim Chandra Chatterjee 2021-04-21

Rajmohan's Wife and Sultana's Dream (1864/1908) features the debut novel of Indian writer Bankim Chandra Chatterjee and a story by Bengali writer, feminist, and educator Rokeya Sakhawat Hossain. Rajmohan's Wife, Chattopadhyay's only work in English, launched his career as a leading Bengali intellectual and political figure. Written in English, Sultana's Dream originated as a way of passing time for its young author while her husband was away on work. Initially published in The Indian Ladies Magazine, Sultana's Dream helped establish Rokeya's reputation as a leading figure in Bengali arts and culture. Rajmohan's Wife is the story of Matangini, a beautiful woman married to a violent, jealous man. Unable to marry the man she loves—who happens to be her own sister's husband—she settles for the villainous Rajmohan, an abusive man who rules his middle-class Bengali household with an iron fist. With the help of her friend Kanak, Matangini does her best to avoid her husband's wrath, illuminating the importance of solidarity among women faced with oppression. Vindictive and cruel, Rajmohan secretly enacts a plan to rob Madhav, his brother-in-law, in order to obtain and invalidate a will. Sultana's Dream is set in Ladyland is a feminist utopia ruled by women, a perfect civilization with no need for men, who remain secluded and without power. Free to develop their own society, women have invented flying cars, perfected farming to the point where no one must work, and harnessed the energy of the sun. With men under control, there is no longer fear, crime, or violence. Ultimately, Ladyland is a world made to mirror our own, a satirical exploration of the absolute power wielded by men over women, and a political critique of Bengali society at large. Sultana's Dream is more than a science fiction story; it is an act of resistance made by a woman who would shape the lives of her people through advocacy, education, and activism for generations to come. With a beautifully designed cover and professionally typeset manuscript, this edition of Bankim Chandra Chatterjee and Rokeya Sakhawat Hossain's Rajmohan's Wife and Sultana's Dream is a classic of Bengali literature and utopian science fiction reimagined for modern readers.
