*Apostasy in Islam* - Taha Jabir Alalwani 2011

It is an established fact that the Prophet never, in his entire life, put an apostate to death. Yet, the issue remains one of the most controversial to have afflicted the Muslim world down the centuries. It is also the source of much damaging media coverage today as Islamic jurisprudence stands accused of a flagrant disregard for human rights and freedom of expression. The subject of this book is a highly sensitive and important one. The author rightly concentrates on evidence, to examine the historical origins of the debate

in rigorous detail, as well as the many moral and contextual issues surrounding it.

Disputing arguments put forward by proponents of the death penalty he contends that both the Qur'an and the Sunnah promote freedom of belief including the act of exiting the Faith and do not support capital punishment for the sin of al-riddah. Note that attention is on the word sin, for there is qualification: as long as one's apostasy has not been accompanied by anything else that would be deemed a criminal act, particularly in terms of national security, then according to the author, it remains a matter strictly between God and the individual. Of interest is the fact that the Qur'an significantly refers to individuals repeatedly returning to unbelief after having believed, but does not mention that they should be killed or punished. This work has been written at a time of great complexity and vulnerability when a true understanding of the higher

intents and values of the Qur'an and the Sunnah, maqasid al-shariah, is sorely needed. The author employs a strong evidence-based approach examining in detail the Qur'an and authentic Hadith, taking into consideration traditional approaches to the study of the Islamic textual sciences and other fields of knowledge, as well as analyzing scholastic interpretation. Taking the life of a person without just cause is according to the Qur'an equivalent to the killing of the whole of mankind. It is vital therefore, that in the interests of compassion and justice, as well as freedom of belief, this subject is clearly addressed once and for all.

*Anecdotes and Antidotes* - Ibn Abi Usaybi'ah 2020-06-25

To my knowledge...no one...has ever written a comprehensive book dealing with physicians through the ages and recounting their history in a

coherent fashion. So wrote Syrian physician Ibn Abi Usaybi'ah, circa 1243, as he embarked on the first world history of medicine ever attempted. Many physicians served at the royal courts of their time and were firmly part of the intellectual and cultural scene, where the ability to write stylishly and entertain one's peers in both prose and verse was the basis of social credibility. The work Ibn Abi Usaybi'ah created contains over 432 biographical accounts of physicians from those of ancient Greece, such as Galen, through Avicenna and Maimonides, to the author's own colleagues of the 13th century. As such, his work includes important accounts of medical activity in medieval hospitals. Through this book, a window opens not only on to the origins of the medical profession, but also into the truly multi-cultural, multi-religious world of the medieval Middle East. *Anecdotes and Antidotes* is an abridged version of this world history of medicine. It comprises 103

biographies of physicians and philosophers, organized geographically and chronologically, from the 4th century BC to the 13th century, and includes seminal Muslim, Christian and Jewish figures. It contains vital medical and historical information, as well as revealing the cultural values, interests and concerns of the literary and intellectual elite of the time.

**Black Morocco** - Chouki El Hamel 2014-02-27

Black Morocco: A History of Slavery, Race, and Islam chronicles the experiences, identity and achievements of enslaved black people in Morocco from the sixteenth century to the beginning of the twentieth century. Chouki El Hamel argues that we cannot rely solely on Islamic ideology as the key to explain social relations and particularly the history of black slavery in the Muslim world, for this viewpoint yields an inaccurate historical record of the people, institutions and social practices of slavery in Northwest Africa. El Hamel focuses on black Moroccans' collective

experience beginning with their enslavement to serve as the loyal army of the Sultan Isma'il. By the time the Sultan died in 1727, they had become a political force, making and unmaking rulers well into the nineteenth century. The emphasis on the political history of the black army is augmented by a close examination of the continuity of black Moroccan identity through the musical and cultural practices of the Gnawa.

**Muslims and the New Media**  
- Göran Larsson 2016-04-22

Scholars from an extensive range of academic disciplines have focused on Islam in

cyberspace and the media, but there are few historical studies that have outlined how Muslim 'ulama' have discussed and debated the introduction and impact of these new media. *Muslims and the New Media* explores how the introduction of the latest information and communication technologies are mirroring changes and developments within society, as well as the Middle East's relationship to the West. Examining how reformist and conservative Muslim 'ulama' have discussed the printing press, photography, the broadcasting media (radio and television), the cinema, the telephone and the Internet, case studies provide a contextual background to the historical, social and cultural situations that have influenced theological discussions; focusing on how the 'ulama' have debated the 'usefulness' or 'dangers' of the information and communication media. By including both historical and contemporary examples, this book exposes historical trajectories as well as different

(and often contested) positions in the Islamic debate about the new media.

**A Message of Peace** - Hazrat

Mirza Ghulam Ahmad  
2007-01-01

In a world plagued with

intolerance for cultural, racial and religious differences, A Message of Peace serves as a panacea to the ills of the society. Prophetic in foresight and universal in scope, this book lays out a path to the peaceful existence of all humans based on the central theme of worshipping the One God. It is not surprising therefore that A Message of Peace forms the last work of a man who was destined to lay the foundation for the establishment of peace in this day and age and whose advent was prophesied in all major religions of the world-the Promised Messiah and Reformer of the Latter Days. "My countrymen!" writes the Promised Messiah, "A religion which does not inculcate universal compassion is no religion at all. Similarly a human being without the faculty of compassion is no human at all."

**Commentary on the Creed of  
At-Tahawi - Ibn Abi Al Izz -**

Ali Ibn Ali Ibn Abi Al Izz  
2017-06-03

Before you is the English translation of Sharh al Aqidah Al tahawiya by Ali ibn Ali ibn Abi Al Izz. This is an explanation of the renowned treatise on the Islamic creed entitled al Aqidah Al Tahawiya. The author of this treatise is Imam abu Jafar al Tahawi (239 - 321 AH), one of the leading authorities on the Hanafi madhabs. The period he lived in was the zenith of the dissemination of the Islamic sciences and Imam at Tahawi was one of the giants this era produced. To illustrate this; his teachers included imam Ismail ibn Yahya Al Muzani (a major student of Imam al shaafi), he collected hadith from Imam an-Nasai (author of Sunan an-Nasai, one of the saheeh Sittah) and his students included the great Muhaddith Imam At-Tabarani. The purpose of this treatise was to state the creed of the early scholars of the Hanafi madhab and to indicate its correlation with the views of Ahl As-Sunnah Wal Jamaah in general. Imam

Dhahabi (673-748 AH) said about At-Tahawi - He was the muhaddith and faqih of Egypt, equally distinguished in both fields. Whoever reads the word of this Imam is sure to acknowledge his erudition and width of vision. Ibn Kathir (702-774 AH) said - He was the most reliable and correct narrator of hadith and one of the greatest scholars of hadith Ibn Hajr Al Asaqalani (773-853 AH) said - He was a reliable narrator, a great scholar, famous jurist, very knowledgeable concerning the controversies of the jurists and a man of keen interests.

**The Essential Pearls & Gems of Ibn Taymiyyah** - Aḥmad ibn 'Abd al-Ḥalīm Ibn Taymīyah 2013

*The Criminals of Islam* - Shabbir Ahmed 2011-01-13

A book of this kind has never been written before. It took courage to write this book and it will take courage to read it. One of our most popular books, THE CRIMINALS OF ISLAM unveils the true faces of the revered stalwarts " of Islam who emerged over the last 1400 years. So-called Imams ", Historians ", Ulema ", Sheikhs ", Sufis " and Maulanas " - all have made a mockery of Islam. They have converted the beautiful Message revealed to

the exalted Prophet into the counterfeit, alien and deplorable manmade religion that we see today. It is a far cry from Ad-Deen, Islam, The Benevolent Social System of Life presented in the Qur'an. Shabbir Ahmed quotes extensively from the Ahadith literature, and enlightens the reader on how and why the once thriving Muslim world has deteriorated into its present state.

**Risalah** - Ibn Abi Zayd Al-Qayrawani 2019-12-07

Almost unique among the works of Muslim scholars, this book, which for Malikis is THE Risalah, was written for children when the author was 17 years old. The sheer pedagogical audacity of introducing children to what is in effect a complete overview of life and human society escapes most people and most Muslims today. The author commences with usul ad-deen - the roots of the deen - a survey of the vital Muslim worldview, proceeding then through purification and the acts of 'ibadah, the ordinary

transactions such as marriage, divorce, buying and selling and so forth, and concluding with chapters of a general and miscellaneous nature. The book is here matched by the outstanding lucidity of the translation which reveals a book written in a narrative descriptive style rather than in a didactic scholarly tone, making it breathtakingly accessible. So significant was the book's authorship and so quickly was it recognised that its author became known as the "Young Malik" and his work became a foundational pillar of the madhhab of the School of Madinah and has endured for a millennium, in use both to teach absolute beginners as intended and as a resource for scholars. This edition presents the translation in parallel with the Arabic text without vowellisation (tashkeel). Ibn Abi Zayd al-Qayrawani (310 AH/922 CE - 386 AH/996 CE) was born in Qayrawan in Tunisia, arguably one of the most important Muslim cities after Makkah and Madinah, which was always famous for

learning and in particular for its staunch adherence to the school of the people of Madinah as transmitted by Imam Malik. His life was overshadowed by the Fatimid dynasty, during which he and the other teachers of Qayrawan calmly kept alive the teaching of the Book of Allah and the Sunnah. Among his other well-known works are the massive multi-volume an-Nawadir wa'z-Ziyadat and a mukhtasar-abridgement of the Mudawwanah of which only the Kitab al-Jami', a comprehensive work containing a wide variety of topics, is extant. Aisha Bewley is the translator of a large number of classical works of Islam and Sufism, often in collaboration with Abdalhaqq Bewley, notably The Noble Qur'an - a New Rendering of Its Meanings in English; Muhammad, Messenger of

Allah - the translation of Qadi 'Iyad's ash-Shifa'; the Muwatta' of Imam Malik ibn Anas; and Imam an-Nawawi's Riyad as-Salihin.

*Muslims Under Non-Muslim Rule* - Aḥmad ibn 'Abd al-Ḥalīm Ibn Taymīyah 2006-01-01

**Jihad and Martyrdom** - David Cook 2009

Jihad and martyrdom in Islam have an ever-greater relevance in today's world, topics which are called upon to teach with increasing frequency and areas around which there is also ignorance and about the historical meaning. This set provides a survey of the breadth of scholarly opinion across 75 journal articles which will go towards dispelling myth and unravelling the historical interpretations of jihadism and martyrdom in many parts of the world.
