WITH AN INTRODUCTION BY MATTHEW PEARL
Edgar Allan Poe invented detective fiction with these three mesmerising stories of a young eccentric named C. Auguste Dupin: 'The Murders in the Rue Morgue', 'The Mystery of Marie Rogêt' and 'The Purloined Letter'. Dorothy L. Sayers would later describe these tales as 'almost a complete manual of detective theory and practice'. Indeed, Poe's short mysteries inspired the creation of countless literary sleuths, among them Sherlock Holmes. Today the unique Dupin stories still stand out as utterly engrossing page-turners. This edition includes the definitive text of these stories and an introduction and appendix on 'The Earliest Detectives' by Matthew Pearl.

While Edgar Allan Poe was most famous for his eerie tales of murder, ghouls, and suspense, he is also credited with paving the way for the future of detective stories with his character C. Auguste Dupin. Dupin made his first appearance in the murder mystery "The Murders in the Rue Morgue," a tale about the murder of two women. When Dupin questioned witnesses, everyone claimed that the murderer was speaking a different language, yet none of the witnesses

could place his accent. Dupin put himself in the mind of the killer and read the faces of witnesses, suspects, and other persons of interest. He also drew inspiration and ideas from outside resources such as newspapers or police reports. As Dupin sought to unravel the mystery, Poe was creating an archetypal character that would be followed by many other great detectives. In the collection "The Murders in the Rue Morgue: The Dupin Tales," Poe allows Dupin's genius to shine in stories like "The Murders in the Rue Morgue," "The Mystery of Marie Roget," and "The Purloined Letter." These tales are not typical Poe stories, but instead all follow the cases that detective Dupin solves after other police and investigators are stumped. Dupin showed that, with a little ingenuity and creativity, even the most difficult case could be solved. Mystery lovers and Poe fans will all enjoy this groundbreaking collection and the intrigue that Poe creates within it.

C. Auguste Dupin - The Trilogy - Edgar Allan Poe 2015-08-11

"The Murders in the Rue Morgue" is a short story by Edgar Allan Poe published in "Graham's Magazine" in 1841. It has been recognized as the first modern detective story; Poe referred to it as one of his "tales of ratiocination". Two works that share some similarities predate Poe's stories, including "Das Fräulein von Scuderi" (1819) by E. T. A. Hoffmann and "Zadig" (1747) by Voltaire. C. Auguste Dupin is a man in Paris who solves the mystery of the brutal murder of two women. Numerous witnesses heard a suspect, though no one agrees on what language was spoken. At the murder scene, Dupin finds a

hair that does not appear to be human. As the first fictional detective, Poe's Dupin displays many traits which became literary conventions in subsequent fictional detectives, including Sherlock Holmes and Hercule Poirot. Many later characters, for example, follow Poe's model of the brilliant detective, his personal friend who serves as narrator, and the final revelation being presented before the reasoning that leads up to it. Dupin himself reappears in "The Mystery of Marie Rogêt" and "The Purloined Letter". "The Mystery of Marie Rogêt", often subtitled "A Sequel to 'The Murders in the Rue Morgue'", is a short story by Edgar Allan Poe written in 1842. This is the first murder mystery based on the details of a real crime. It first appeared in "Snowden's Ladies' Companion" in three installments, November and December 1842 and February 1843. "The Purloined Letter" is a short story by American author Edgar Allan Poe. It is the third of his three detective stories featuring the fictional C. Auguste Dupin, the other two being "The Murders in the Rue Morgue" and "The Mystery of Marie Rogêt". These stories are considered to be important early forerunners of the modern detective story. It first appeared in the literary annual *The Gift* for 1845 (1844) and was soon reprinted in numerous journals and newspapers.

Edgar Allan Poe - The Murders in the Rue Morgue - A Tale of Ratiocination and the Prototype for Detective Stories - Julia

Schubert 2002-10-07

Seminar paper from the year 2002 in the subject American Studies - Literature, grade: 1,3 (A), Martin Luther University (Institute for Anglistics/ American Studies), course: Short Fiction, 10 entries in the bibliography, language: English, abstract: Edgar Allan Poe is generally regarded as one of the most important and famous American authors. He wrote many short stories, poems and reviews. This term paper has not the aim to concentrate on his whole work but to examine a certain story. The writer is especially famous for his "tales of ratiocination" (Carlson 319). One of these stories, "The Murders in the Rue Morgue", shall be the central subject of this paper. Poe himself commented on this story to be "something in a new key" (Silverman 173). What I want to prove throughout this work is why "Rue Morgue" nowadays signifies not only VRPHWKLOJ that was new, but the prototype of the modern detective story (a thesis we find in most of the literary encyclopaedias). For reaching a satisfactory final result, it is necessary to have, at first, a look at the definition of the "short prose narrative" (Ahrends 19), which was given by Poe himself. This term is closely connected to the "tales of ratiocination" in which the usage of Poe's primary principles reaches nearly perfection. This "perfection" is above all to be found in the story "Rue Morgue", one of the best examples of Poe's writing skills and the beginning of the creation of a new establishing literary genre. The analysis of the "Rue Morgue" will try to justify this thesis. Therefore, a further look at the main characters, the structure of the story, the reader's expected reaction and more is required. Finally, this working process shall lead me to my actual aim: The justification of the prototypical character of the "Rue Morgue" for (modern) detective fiction by summarizing the important features and

elements of this literary genre. [...]

The Poe Shadow - Matthew Pearl 2006-05-23

"I present to you . . . the truth about this man's death and my life." Baltimore, 1849. The body of Edgar Allan Poe has been buried in an unmarked grave. The public, the press, and even Poe's own family and friends accept the conclusion that Poe was a second-rate writer who met a disgraceful end as a drunkard. Everyone, in fact, seems to believe this except a young Baltimore lawyer named Quentin Clark, an ardent admirer who puts his own career and reputation at risk in a passionate crusade to salvage Poe's. As Quentin explores the puzzling circumstances of Poe's demise, he discovers that the writer's last days are riddled with unanswered questions the police are possibly willfully ignoring. Just when Poe's death seems destined to remain a mystery, and forever sealing his ignominy, inspiration strikes Quentin—in the form of Poe's own stories. The young attorney realizes that he must find the one person who can solve the strange case of Poe's death: the real-life model for Poe's brilliant fictional detective character, C. Auguste Dupin, the hero of ingenious tales of crime and detection. In short order, Quentin finds himself enmeshed in sinister machinations involving political agents, a female assassin, the corrupt Baltimore slave trade, and the lost secrets of Poe's final hours. With his own future hanging in the balance, Quentin Clark must turn master investigator himself to unchain his now imperiled fate from that of Poe's. Following his phenomenal debut novel, *The Dante Club*, Matthew Pearl has once again crossed pitch-perfect literary history with innovative mystery to create a beautifully detailed, ingeniously plotted tale of suspense. Pearl's groundbreaking research—featuring documented material never published before—opens a new window on the truth behind Poe's demise, literary history's most persistent enigma. The resulting novel is a publishing event that, through sublime craftsmanship, subtle wit, and devious twists, does honor to Poe himself

Auguste Dupin is the character created by Edgar Allan Poe and made his first appearance in Poe's "The Murders in the Rue Morgue" (1841), widely considered the first detective fiction story. He reappears in "The Mystery of Marie Roget" (1842) and "The Purloined Letter" (1844), all included in this book. Dupin is not a professional detective and his motivations for solving the mysteries change throughout the three stories. Using what Poe termed "ratiocination," Dupin combines his considerable intellect with creative imagination, even putting himself in the mind of the criminal. His talents are strong enough that he appears able to read the mind of his companion, the unnamed narrator of all three stories. Poe created the Dupin character before the word detective had been coined. The character laid the groundwork for fictitious detectives to come, including Sherlock Holmes, and established most of the common elements of the detective fiction genre."

Poe's Tales of Ratiocination - A Closer Look - Eva Deinzer 2012-09-14

Seminar paper from the year 2009 in the subject English - Literature, Works, grade: 1,0, Friedrich-Alexander University Erlangen-Nuremberg (Amerikanistik), language: English, abstract: In this paper the author analyzes two of Poe's detective stories: The Murders in the Rue Morgue and The Purloined Letter. The focus will be on an analysis concerning the ratiocination - the way of deductive and inductive reasoning - performed by Dupin, the protagonist detective. Furthermore, the author would like to present the question of whether Dupin really arrives at his conclusions by mere ratiocination and the process of reasoning or whether there are other things involved. Before the author delves into this problem though, she would like to present a short history of the crime story with Poe as the "inventor" of the detective story in the center. After that follows a short description and demonstration of the characteristics of Poe's detective stories as well as a characterization of the protagonist, detective Dupin. Before she concludes the paper, she compares the Dupin stories to modern detective fiction that can be found in television programming.

The Murders In The Rue Morgue & The Mystery Of Marie Roget - Edgar Allan Poe 2013-05-28

Considered to be the first literary detective, C. Auguste Dupin turns his deductive skills to solving two seemingly un-solvable mysteries. In "The Murders in the Rue Morgue" Dupin must deduce the identity of the murderer of Madame L'Espanaye and her daughter despite contradictory witnesses and puzzling evidence. In "The Mystery of Marie Rogêt" Dupin again uses his skills to discover the identity of the murderer of Marie Rogêt, whose body has been discovered in the Seine River. A pioneer of the short story genre, Poe's stories typically captured themes of the macabre and included elements of the mysterious. His better-known

stories include "The Fall of the House of Usher", "The Pit and the Pendulum", "The Murders in the Rue Morgue", "The Masque of the Red Death" and "The Tell-Tale Heart". HarperCollins brings great works of literature to life in digital
