capacity as if it were a natural law of limitation.

Unfortunately, most of us are much more comfortable defining what we perceive as off limits rather than what's really possible. Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the "cap" off your capacities, you'll find yourself more successful--and fulfilled--in your daily life.

Motivated to Succeed - John C. Maxwell
2006-08-27

Who cares about a person's attitude? As long as someone can do the job, you shouldn't worry too much about it, right?

If John Maxwell believed that, you wouldn't have Attitude 101 in your hands right now. As America's leadership expert, Dr. Maxwell has devoted his life to helping people become more successful. His books and seminars teach that anyone can be a REAL success if they master skills in four areas: Relationships, Equipping, Attitude, and Leadership. This book is designed to give you the essentials of attitude. People's lives are so hectic. Their time is valuable, and yet, they are also on information overload. More new information has been produced in the last thirty years than in the previous five thousand. A weekday edition of the New York Times contains more information than average people in seventeenth-century England were likely to come across in their lifetime. The amount of information available in the world has doubled in the last five years, and it will keep doubling. So this book, a companion to Leadership 101, Relationships 101 (available January 2004),

and Equipping 101 (available January 2004), is the short course on attitude. Dr. Maxwell recognizes that as an individual, your attitude has a profound impact on your life. As a leader, you cannot ignore the attitudes of the people you lead and expect to achieve success—whether you're leading a business, a family, a sports team, or a group of volunteers. A person's attitude impacts their relationships, colors their view of failure, and defines their approach to success. Attitude can make or break you.

The 5 Levels of Leadership -

John C. Maxwell 2011-10-04
Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master

the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership.

He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.
