The Book of Saladin - Tariq Ali 2013-10-15  
“Whether depicting erotically charged harem intrigue or siege warfare, The Book of Saladin is an entertaining feat of revisionist storytelling”  
—The Sunday Times As victories mount and accolades are showered upon the great warrior Saladin, he is nearly deified. He conquers the

infidel Franj, or Crusaders, and reclaims the holy city of Jerusalem while remaining true to his senses of honor, justice, and humor. When it comes time for Saladin to record his own story, he turns to a Jewish scribe. In the interlinking stories of The Book of Saladin, the mighty sultan deftly navigates the deep chasms separating

Muslims, Christians, and Jews.

**The Forty Rules of Love** - Elif Shafak

2010-02-18

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of The Island of Missing Trees (a Reese's Book Club Pick), incarnates Rumi's timeless message of love The Forty Rules of Love unfolds two tantalizing parallel narratives—one contemporary and the

other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

*Rumi's Little Book of Love and Laughter* -  
Coleman Barks 2016-01-01

Rowdy, ecstatic, and sometimes stern, these teaching stories and fables reveal new and very human properties in Rumi's vision. Included here are the notorious "Latin parts" that Reynold Nicholson felt were too unseemly to appear in English in his 1920s translation. For Rumi, anything that human beings do#8212however compulsive#8212affords a glimpse into the inner life. Here are more than 40 fables or teaching stories that deal with love, laughter, death, betrayal, and the soul. The stories are exuberant, earthy, and bursting with vitality#8212much like a painting by Hieronymus Bosch or Chaucer's *Canterbury Tales*. The characters are guilty, lecherous, tricky, ribald, and finally possessors of opened souls. Barks writes: "These teaching stories are a kind of scrimshaw#8212intricately carved, busy figures, confused and threatening, and weirdly funny. This is an entertaining collection from one of the greatest spiritual poets of all time, rendered by his most popular translator.

"The minute I heard my first love story, I started looking for you, not knowing how blind that was. Lovers don't finally meet somewhere. They're in each other all along." #8212Rumi

**Haqiqatul-Wahi** - Hazrat Mirza Ghulam Ahmad 2018-06-01

In this book the Promised Messiah, on whom be peace, discusses the philosophy of divine revelation, the three categories of people who claim to receive revelation, and the distinction of the truthful from the false. He then establishes his truthfulness by documenting over 200 Signs, including the fulfillment of prophecies made by the Holy Prophet Muhammad, may peace and

blessings of Allah be upon him, other men of God, earlier scriptures, and his own revelations spanning over twenty-five years. The author cites numerous examples of his enemies who publicly predicted his downfall and demise, only to become the very victims of their own prophecies. God, however, protected him against every assault, while continuously reassuring him of His promise to bless his Community—a promise which continues to bear the seal and testimony of history. The author also appeals to the followers of different faiths to read this book cover to cover to appreciate and accept this evidence as proof that God is One and the Holy Prophet Muhammad is the Messenger of God, and that he is the Promised Messiah raised to unite humanity under the banner of Islam.

Think Again - Adam Grant 2021-02-02

#1 New York Times Bestseller “THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I’ve never felt so hopeful about what I don’t know.” —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor

the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and*

Take, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

**The Flea Palace** - Elif Shafak 2012-10-25

By turns comic and tragic, Elif Shafak's *The Flea*

*Palace* is an outstandingly original novel driven by an overriding sense of social justice. Bonbon Palace was once a stately apartment block in Istanbul. Now it is a sadly dilapidated home to ten wildly different individuals and their families. There's a womanizing, hard-drinking academic with a penchant for philosophy; a 'clean freak' and her lice-ridden daughter; a lapsed Jew in search of true love; and a charmingly naïve mistress whose shadowy past lurks in the building. When the garbage at Bonbon Palace is stolen, a mysterious sequence of events unfolds that result in a soul-searching quest for truth. "An enchanting combination of compassion and cruelty . . . Elif Shafak is the best author to come out of Turkey in the last decade" - Orhan Pamuk "Hyper-active and hilarious" - Independent Elif Shafak is the acclaimed author of *The Bastard of Istanbul* and *The Forty Rules of Love* and is the most widely read female novelist in Turkey. Her work has been translated into more than thirty languages.

**The Love Poems Of Rumi** - Deepak Chopra  
2008-09-04

Born Jalal ad-Din Mohammed Balkhi in Persia early in the thirteenth century, the poet known as Rumi expressed the deepest feelings of the heart through his poetry. This volume consists of new translations edited by Deepak Chopra to evoke the rich mood and music of Rumi's love poems. Exalted yearning, ravishing ecstasy, and consuming desire emerge from these poems as powerfully today as they did on their creation more than 700 years ago. 'These poems reflect the deepest longings of the human heart as it searches for the divine. They celebrate love. Each poetic whisper is urgent, expressing the desire that penetrates human relationships and

inspires intimacy with the self, silently nurturing an affinity for the Beloved. Both Fereydoun Kia, the translator, and I hope that you will share the experience of ravishing ecstasy that the poems of Rumi evoked in us. In this volume we have sought to capture in English the dreams, wishes, hopes, desires, and feelings of a Persian poet who continues to amaze, bewilder, confound, and teach, one thousand years after he walked on this earth' - Deepak Chopra

*The Island of Missing Trees* - Elif Shafak

2021-11-02

A REESE'S BOOK CLUB PICK Winner of the 2022 BookTube Silver Medal in Fiction \* Shortlisted for the Women's Prize for Fiction "A wise novel of love and grief, roots and branches, displacement and home, faith and belief. Balm for our bruised times." -David Mitchell, author of Utopia Avenue A rich, magical new novel on belonging and identity, love and trauma, nature and renewal, from the Booker-shortlisted author of 10 Minutes 38 Seconds in This Strange World. Two teenagers, a Greek Cypriot and a Turkish Cypriot, meet at a taverna on the island they both call home. In the taverna, hidden beneath garlands of garlic, chili peppers and creeping honeysuckle, Kostas and Defne grow in their forbidden love for each other. A fig tree stretches through a cavity in the roof, and this tree bears witness to their hushed, happy meetings and eventually, to their silent, surreptitious departures. The tree is there when war breaks out, when the capital is reduced to

ashes and rubble, and when the teenagers vanish. Decades later, Kostas returns. He is a botanist looking for native species, but really, he's searching for lost love. Years later a Ficus carica grows in the back garden of a house in London where Ada Kazantzakis lives. This tree is her only connection to an island she has never visited--- her only connection to her family's troubled history and her complex identity as she seeks to untangle years of secrets to find her place in the world. A moving, beautifully written, and delicately constructed story of love, division, transcendence, history, and eco-consciousness, *The Island of Missing Trees* is Elif Shafak's best work yet.

[The 48 Laws of Power](#) - Robert Greene  
2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws*

of Human Nature. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

[The Laws of Human Nature](#) - Robert Greene  
2019-10-01

From the #1 New York Times-bestselling author

of The 48 Laws of Power comes the definitive new book on decoding the behavior of the people around you Robert Greene is a master guide for millions of readers, distilling ancient wisdom and philosophy into essential texts for seekers of power, understanding and mastery. Now he turns to the most important subject of all - understanding people's drives and motivations, even when they are unconscious of them themselves. We are social animals. Our very lives depend on our relationships with people. Knowing why people do what they do is the most important tool we can possess, without which our other talents can only take us so far. Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to develop the empathy that leads to insight, how to look behind people's masks, and how to resist conformity to develop your singular sense of purpose. Whether at

work, in relationships, or in shaping the world around you, The Laws of Human Nature offers brilliant tactics for success, self-improvement, and self-defense.

**Three Daughters of Eve** - Elif Shafak

2017-12-05

An Indie Next Pick The stunning, timely new novel from the acclaimed, internationally bestselling author of *The Architect's Apprentice* and *The Bastard of Istanbul*. Peri, a married, wealthy, beautiful Turkish woman, is on her way to a dinner party at a seaside mansion in Istanbul when a beggar snatches her handbag. As she wrestles to get it back, a photograph falls to the ground--an old polaroid of three young women and their university professor. A relic from a past--and a love--Peri had tried desperately to forget. *Three Daughters of Eve* is set over an evening in contemporary Istanbul, as Peri arrives at the party and navigates the tensions that simmer in this crossroads country between East and West, religious and secular, rich and poor. Over the course of the dinner, and amidst an opulence that is surely ill-begotten, terrorist attacks occur across the city. Competing in Peri's mind however are the memories invoked by her almost-lost polaroid, of

the time years earlier when she was sent abroad for the first time, to attend Oxford University. As a young woman there, she had become friends with the charming, adventurous Shirin, a fully assimilated Iranian girl, and Mona, a devout Egyptian-American. Their arguments about Islam and feminism find focus in the charismatic but controversial Professor Azur, who teaches divinity, but in unorthodox ways. As the terrorist attacks come ever closer, Peri is moved to recall the scandal that tore them all apart. Elif Shafak is the number one bestselling novelist in her native Turkey, and her work is translated and celebrated around the world. In *Three Daughters of Eve*, she has given us a rich and moving story that humanizes and personalizes one of the most profound sea changes of the modern world.

Rules of Civility & Decent Behavior In Company and Conversation - George Washington

2017-04-22

Rules of Civility & Decent Behavior In Company

and Conversation began as a school exercise in 1744 for George Washington, who became the first president of the United States of America. Washington copied a translation of these rules by Francis Hawkins', which was first published in England around 1640. The majority of the 110 rules originated from a French etiquette manual written in 1959 by the Jesuits, who were members of the Society of Jesus, a Roman Catholic order of men noted for educational, charitable and missionary works and teachings.

**Rumi's Daughter** - Muriel Maufroy 2010-09-30  
Rumi is now acknowledged as one of the great mystical poets of the Western world, with huge sales of the many collections of his poetry. Not much is known about his life except that he lived in thirteenth-century Anatolia (now Turkey), had a great spiritual friendship with a wild man called Shams, brought an adopted daughter into his family, and was distraught when Shams finally disappeared. Rumi's Daughter is the delightful novel about Kimya, the girl who was

sent from her rural village to live in Rumi's home. She already had mystical tendencies, and learned a great deal under Rumi's tutelage. Eventually she married Shams, an unusual husband, almost totally absorbed by his longings for God. Their marriage was fiery and different and, in the end, dissolved by Kimya's death - after which Shams vanished. Rumi's Daughter tells Kimya's story with great charm and tenderness. Well written and thought-provoking, it is sure to draw comparison with Paulo Coelho's The Alchemist, and also to add something fresh and new to what is so far known about Rumi.

**The Gaze** - Elif Shafak 2012-10-25

A beautiful and compelling novel, Elif Shafak's *The Gaze* considers the damage which can be inflicted by our simple desire to look at others "I didn't say anything. I didn't return his smiles. I looked at him in the wide mirror in front of where I was sitting. He grew uncomfortable and avoided my eyes. I hate those who think fat people are stupid." An obese woman and her lover, a dwarf, are sick of being stared at wherever they go, and so decide to reverse roles. The man goes out wearing make up and the woman draws a moustache on her face. But while the woman wants to hide away from the world, the man meets the stares from passers-by head on, compiling his 'Dictionary of Gazes' to explore the boundaries between appearance and reality. Intertwined with the story of a bizarre freak-show organised in Istanbul in the 1880s, *The Gaze* considers the damage which can be inflicted by our simple desire to look at others.

**The Masnavi, Book Three** - Jalal al-Din Rumi 2013-11-14

'Your soul each moment struggles hard with death - Think of your faith as though it's your last breath. Your life is like a purse, and night and day Are counters of gold coins you've put away' Rumi is the greatest mystic poet to have written in Persian, and the *Masnavi* is his

masterpiece. Divided into six books and consisting of some 26,000 verses, the poem was designed to convey a message of divine love and unity to the disciples of Rumi's Sufi order, known today as the Whirling Dervishes. Like the earlier books, Book Three interweaves amusing stories with homilies to instruct pupils in mystical knowledge. It has a special focus on epistemology, illustrated with narratives that involve the consumption of food. This is the first ever verse translation of Book Three of the Masnavi. It follows the original by presenting Rumi's most mature mystical teachings in simple and attractive rhyming couplets.

**River of Fire** - Qurratulain Hyder 2019-03-26  
"Magisterial" (Pankaj Mishra, The New York Review of Books) and "to Urdu fiction what One Hundred Years of Solitude is to Hispanic literature" (TLS) The most important novel of twentieth-century Urdu fiction, Qurratulain Hyder's River of Fire encompasses the fates of four recurring characters over two and a half

millennia. These characters become crisscrossed and strangely inseparable over different eras, forming and reforming their relationships in romance and war, in possession and dispossession. River of Fire interweaves parables, legends, dreams, diaries, and letters, forming a rich tapestry of history and human emotions and redefining Indian identity. But above all, it's a unique pleasure to read Hyder's singular prose style: "Lyrical and witty, occasionally idiosyncratic, it is always alluring and allusive: Flora Annie Steel and E. M. Forster encounter classical Urdu poets; Eliot and Virginia Woolf meet Faiz Ahmed Faiz" (The Times Literary Supplement).

**The Year of Magical Thinking** - Joan Didion  
2007-02-13

NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • From one of America's iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a

portrait of a marriage—and a life, in good times and bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year’s Eve—the Dunes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion’s attempt to make sense of the “weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and

children and memory ... about the shallowness of sanity, about life itself.

**Me & Rumi** - Shams-i Tabrīzī 2004

Rumi has become one of the best-selling poets in North America. Practically every biography highlights his encounter with Shams-i Tabrizi, the wandering mystic who became his beloved companion. Rumi had been a sober scholar, teaching law and theology to a small circle of students, but Shams turned him into a devotee of music, dance, and poetry. Then, after three years, he vanished, never to be seen again. It was Rumi's longing for the lost Shams that made him one of the world's greatest poets, celebrating him as the embodiment of the divine beloved. This book makes available for the first time in any European language first-hand accounts of Shams that have never been studied by Western scholars. When Rumi and Shams talked, members of the circle took notes, which were preserved and sometimes copied by later generations, ending up in various libraries

scattered around Turkey; this book arranges them in a manner that clarifies their meaning and context, with notes and a glossary.--From publisher description.

*The Birth of Intertextuality* - Scarlett Baron 2019-11-01

Why was the term 'intertextuality' coined? Why did its first theorists feel the need to replace or complement those terms - of quotation, allusion, echo, reference, influence, imitation, parody, pastiche, among others - which had previously seemed adequate and sufficient to the description of literary relations? Why, especially in view of the fact that it is still met with resistance, did the new concept achieve such popularity so fast? Why has it retained its currency in spite of its inherent paradoxes?

Since 1966, when Kristeva defined every text as a 'mosaic of quotations', 'intertextuality' has become an all-pervasive catchword in literature and other humanities departments; yet the notion, as commonly used, remains nebulous to the point of meaninglessness. This book seeks to shed light on this thought-provoking but treacherously polyvalent concept by tracing the theory's core ideas and emblematic images to paradigm shifts in the fields of science, philosophy, psychoanalysis, and linguistics, focusing on the shaping roles of Darwin, Nietzsche, Freud, Saussure, and Bakhtin. In so doing, it elucidates the meaning of one of the most frequently used terms in contemporary criticism, thereby providing a much-needed foundation for clearer discussions of literary relations across the discipline and beyond.
