*AMC Muscle Cars : Muscle Car Color History - Larry G. Mitchell*

Anybody who wanted to go toe to toe with the Big Three in the 1960s had to produce credible muscle cars. American Motors Corporation did exactly that with the SC Rambler and the incredibly fast AMX. Some argue, however, that AMC's insistence on pouring its relatively limited resources into the "muscle wars" ultimately led to its demise. Illustrated throughout with modern photography of restored and factory-original cars, archival images, AMC concept drawings, period advertisements, and cutaway illustrations, this color history primarily focuses on the conception, development, production, and performance of the AMX, as well as the Javelin upon which it was based. Special models like the Mark Donohue Signature Edition Javelin, along with the less-than-well-received Marlin, Rebel, SST, Hornet 360, Gremlin X, and others are also included.

[Glamour Road](#) - Tom Dolle 2022-03-28

This highly visual book explores the seldom-told story of how glamour, fashion, design, and styling became the main focus of automotive marketing from the postwar 1940s through the 1970s. With the expansion of the American suburbs after WWII, women suddenly needed cars of their own. By adopting the fashion industry's yearly model changes, as well as hiring many designers and stylists from the fashion industry, the automobile industry made a direct appeal to the rising sophistication and influence of women. By perfecting the fashion-centric concept of planned obsolescence, it became the dominant economic engine of American postwar prosperity. The dramatic photography, elegant fashion, and use of color and materials in midcentury automotive marketing created a groundswell of demand for new cars. Much of the marketing imagery of the period hasn't been published since it first came out, and this book features some of the best. *Popular Mechanics* - 1968-10

**The Mobilgas Economy Run** - Dave  
Hermanson 2014-02-25

The Mobilgas Economy Runs were annual competitions in which new American production automobiles vied not for speed, but for fuel economy--even as the industry was turning out bigger, more powerful cars year by year. This first complete history of the runs (including the predecessor Gilmore Economy Runs) follows each year's competitors day by day, covers some aspects not reported at the time and features a wealth of photographs. It includes coverage of the related Mobil Mileage Rally, held for imported cars from 1958 through 1961. Complete results for all of the competitions are provided in an appendix.
