**Essential Microbiology** - Stuart Hogg 2013-06-10

Essential Microbiology 2nd Edition is a fully revised comprehensive introductory text aimed at students taking a first course in the subject. It provides an ideal entry into the world of microorganisms, considering all aspects of their biology (structure, metabolism, genetics), and illustrates the remarkable diversity of microbial life by devoting a chapter to each of the main taxonomic groupings. The second part of the book introduces the reader to aspects of applied microbiology, exploring the involvement of microorganisms in areas as diverse as food and drink production, genetic engineering, global recycling systems and infectious disease. Essential Microbiology explains the key points of each topic but avoids overburdening the student with unnecessary detail. Now in full colour it makes extensive use of clear line diagrams to clarify sometimes difficult concepts or mechanisms. A companion web site includes further material including MCQs, enabling the student to assess their understanding of the main concepts that have been covered. This edition has been fully revised and updated to reflect the developments that have occurred in recent years and includes a completely new section devoted to medical

microbiology. Students of any life science degree course will find this a concise and valuable introduction to microbiology.

The Valhalla Exchange - Jack Higgins 2010-06-22

A journalist tracks escaped Nazi Martin Bormann in this WWII thriller from the New York Times–bestselling author of *The Eagle Has Landed* and *Rain on the Dead*. In 1945, as the Allies closed in on war-ravaged Berlin, Hitler’s personal secretary, Martin Bormann, made his escape. Since that fateful day, Bormann’s story has been shrouded in mystery. Thirty-one years later, a journalist has begun to finally piece together Bormann’s cunning getaway. His electrifying investigation exposes the unwitting role of five Allied POWs in Bormann’s escape plot as the Nazi regime crumbled. Now, with help from a surviving POW, this journalist follows history’s twists and turns to a final, shocking conclusion.
