

The First Muslim Story Of Muhammad Lesley Hazleton

Yeah, reviewing a books **The First Muslim Story Of Muhammad Lesley Hazleton** could grow your close friends listings. This is just one of the solutions for you to be successful. As understood, triumph does not suggest that you have astounding points.

Comprehending as well as union even more than new will have the funds for each success. next-door to, the declaration as well as insight of this The First Muslim Story Of Muhammad Lesley Hazleton can be taken as skillfully as picked to act.

After the Prophet - Lesley Hazleton 2010-09-07

In this gripping narrative history, Lesley Hazleton tells the tragic story at the heart of the ongoing rivalry between the Sunni and Shia branches of Islam, a rift that dominates the news now more than ever. Even as Muhammad lay dying, the battle over who would take control of the new Islamic nation had begun, beginning a succession crisis marked by power grabs, assassination, political intrigue, and passionate faith. Soon Islam was embroiled in civil war, pitting its founder's controversial wife Aisha against his son-in-law Ali, and shattering Muhammad's ideal of unity. Combining meticulous research with compelling storytelling, *After the Prophet* explores the volatile intersection of religion and politics, psychology and culture, and history and current events. It is an indispensable guide to the depth and power of the Shia-Sunni split.

Living by the Point of My Spear - Zaki Ameen 2009-03

In the course of his career as an Imam, the author realized how the teaching of Muhammad and the Quran were used to deceive followers in order to gain control, money, and power. Thus began his journey to write a true biography of Muhammad and the true story of Islam.

Does My Head Look Big in This? - Randa Abdel-Fattah 2014-05-01

Don't panic - I'm Islamic! Amal is a 16-year-old Melbourne teen with all the usual obsessions about boys, chocolate and Cosmo magazine. She's also a Muslim, struggling to honour the Islamic faith in a society that doesn't understand it. The story of her decision to "shawl up" is funny, surprising and touching by turns.

Timeless Seeds of Advice - B. B. Abdulla 2019-09-13

A selection of beautiful and practical pieces of advice from the Quran, the Prophet PBUH and Islam's great scholars on repentance, guidance and purification. This book is designed to serve as a source of hope and strength for those going through difficult times, while providing numerous important pieces of knowledge and guidance for all readers and all times

Muhammad, the Prophet - Muhammad Ali 1984

When Christians First Met Muslims - Michael Philip Penn 2015-03-21

The first Christians to meet Muslims were not Latin-speaking Christians from the western Mediterranean or Greek-speaking Christians from Constantinople but rather Christians from northern Mesopotamia who spoke the Aramaic dialect of Syriac. Living in what constitutes modern-day Iran, Iraq, Syria, and eastern Turkey, these Syriac Christians were under Muslim rule from the seventh century to the present. They wrote the earliest and most extensive accounts of Islam and described a complicated set of religious and cultural exchanges not reducible to the solely antagonistic. Through its critical introductions and new translations of this invaluable historical material, *When Christians First Met Muslims* allows scholars, students, and the general public to explore the earliest interactions of what eventually became the world's two largest religions, shedding new light on Islamic history and Christian-Muslim relations.

The Butterfly Mosque - G. Willow Wilson 2011-04-13

The extraordinary story of a young North American's conversion to Islam and her ensuing romance with an Egyptian man, *The Butterfly Mosque* is a stunning articulation of a Westerner embracing the Muslim world After graduating from university, Willow Wilson, a young American — and newly converted Muslim — impulsively accepts a teaching position in Cairo. There, she meets Omar, a passionate young nationalist with a degree in astrophysics. Omar introduces Willow to the bustling city, and through him she discovers a young, moderate nationalist movement, a movement that both wants to divest itself of western influence and regain cultural pride. When the two find themselves unexpectedly in love, despite their deep cultural differences, they decide that they will try to forge a third culture, a new landscape that will embrace some of each of their cultures, and give their fledgling romance some hope of survival. Wilson weaves this engaging personal story with deep insights into faith in a fractured world, and gives westerners rare insight into an important

young reform movement. *Butterfly Mosque* is an inspiring account of an unlikely cross-cultural love, and the moving story of two young people working within the boundaries of contemporary religion and culture to forge a life together against the odds.

The Faithful Scribe - Shahan Mufti 2013-09-24

A journalist explores his family's history to reveal the hybrid cultural and political landscape of Pakistan, the world's first Islamic democracy Shahan Mufti's family history, which he can trace back fourteen hundred years to the inner circle of the prophet Muhammad, offers an enlightened perspective on the mystifying history of Pakistan. Mufti uses the stories of his ancestors, many of whom served as judges and jurists in Muslim sharia courts of South Asia for many centuries, to reveal the deepest roots—real and imagined—of Islamic civilization in Pakistan. More than a personal history, *The Faithful Scribe* captures the larger story of the world's first Islamic democracy, and explains how the state that once promised to bridge Islam and the West is now threatening to crumble under historical and political pressure, and why Pakistan's destiny matters to us all.

The Satanic Verses - Salman Rushdie 2000-12

The explosion of a jetliner over India triggers an Apocalyptic battle that sweeps across the subcontinent. Reprint.

No god but God: The Origins and Evolution of Islam - Reza Aslan 2011-02-08

Engaging, accessible, and thought-provoking, *No god but God* is a persuasive, elegantly written, and accessible introduction for young readers to a faith that for much of the West remains shrouded in ignorance and fear. Adapted for young readers from *No god but God: The Origins, Evolution, and Future of Islam*, this exploration of Islam by Reza Aslan, internationally acclaimed scholar of comparative religion, delves into the rituals and traditions of a religion that is largely misunderstood by the West. It covers the religion's origins—the revelation of Muhammad as Prophet and the subsequent uprising against him, and the emergence of his successors—as well as Islam's complex history. *No god but God* is sure to stimulate discussion and encourage understanding of the Islamic faith and the people who follow it. Praise for *No god But God: The Origins, Evolution, and Future of Islam* "This welcome addition to Islamic studies provides a valuable context for reflection about the origins of issues facing Muslims and their neighbors today."—Publishers Weekly "An introduction to Islam as evocative as it is provocative."—Kirkus Reviews "Wise and passionate book."—New York Times Financial Times Best Book of the Year

Commander of the Faithful - John W. Kiser 2013-04-02

"... One of those dazzling biographies that informs our modern life."—Susan Eisenhower, Chairman of the Eisenhower Group, author of *Mrs. Ike* "Today more than ever, Muslims and non-Muslims alike need to be reminded of the courage, compassion and intellect of Emir Abd el-Kader... Abd el-Kader's jihad provides Muslims with a much-needed antidote to the toxic false jihads of today, dominated by anger, violence and politics." -- His Royal Highness, Prince Hassan bin Talal (Prince of Jordan) "Abd el-Kader teaches the French and the world that to achieve success, moral authority is necessary, not simply military might...This fascinating revival of a 19th century world hero's story holds valuable lessons for today's Middle East Warrior. It would be a worthwhile addition to any reading list."—Col. Jon Smythe, USMC (ret.) "Abd el-Kader lived by a chivalric code steeped in the Arab concept of honor. When, in our own day al-Qaeda terrorists claim the title of 'knight,' it's worth recalling a time when Arab warriors embodied the noblest attributes of knighthood: courage compassion and restraint."—Steve Simon, research fellow, Council on Foreign Relations "John Kiser has not just given us an absorbing and beautifully written story of a great hero, he has written an important book. The reader is bound to be moved by the life of this remarkable man who was the very opposite of a fanatical jihadist."—Jane Geniesse, former New York Times reporter and author of *Passionate Nomad: The Life of Freya Stark* "Kiser weaves the intricate

tale of Abd el-Kader's heroic life and spirit as deftly as the emir maneuvered his armies on the battlefield . . . the perfect elixir for the contemporary West's chronic difficulties understanding the East."—Imam Feisal Abdul Rauf, author of *What's Right with Islam* When Abd el-Kader died in 1883, *The New York Times* hailed him as "one of the few great men of the century." The warrior/saint had won the heart of the French nation, his sworn enemy and the invader of his Algerian homeland. He reached the summit of his fame after he saved the lives of thousands of Christians during a Turkish rampage in Damascus. Elkader, Iowa, is named after the emir. www.truejihad.com John W. Kiser is the author of *The Monks of Tibhirine* (St. Martin's Press, 2003), which won the French Siloe Prize. His articles have appeared in *Foreign Policy Magazine*, *The Wall Street Journal*, and *The Washington Post*. *New York Times Review: Reviving a Novel-Worthy Tale of War and Religion* PETER STEINFELS Published: November 21, 2008 For more than 40 years he was a world figure, his renown stretching from the American Midwest to Moscow to the Middle East. As he neared death in 1883, *The New York Times* wrote that he "deserves to be ranked among the foremost of the few great men of the century." Earlier, he had received accolades and awards from France, Britain, Russia, the Ottoman sultan, the papacy and President Abraham Lincoln, who sent him not a medal but, in quintessentially American fashion, a matched pair of fancy Colt pistols. The man being honored was Abd el-Kader, a learned and fervent Muslim, who for 15 years had organized and led a jihad against a Western power. After he ceased hostilities, his four-year detention, in violation of a promise of safe passage into exile, became an international cause célèbre. Released and feted, even by his captors, he came to live in Damascus. There, in July 1860, el-Kader braved mobs and saved thousands of Christians from a murderous rampage through the city's Christian quarter. In this, the bicentennial of his birth, el-Kader's name is known to only a tiny fraction of Americans. That fraction includes those knowledgeable about modern Algeria, where his resistance to French colonization places him among the founding figures of an independent nation. And then there are the 1,500 residents of Elkader, a town in northeastern Iowa, founded and named in 1846 by a frontier lawyer who admired the freedom-fighting exploits of this "daring Arab chieftain." Anyone interested in learning more should turn to "Commander of the Faithful" (Monkfish Book Publishing Company), a new book by John W. Kiser. Mr. Kiser had previously written "The Monks of Tibhirine" (St. Martin's Press), about Trappist monks in Algeria whose quiet lives of prayer had bonded them with their Muslim neighbors but who were nonetheless taken hostage by Islamic extremists in 1996 and killed. Mr. Kiser learned about el-Kader (the name is sometimes transliterated from the Arabic in different ways, like al-Qadir or al-Kadir) because the Tibhirine monastery stood on the slope of a mountain where el-Kader had led one of his battles and where a steep cliff face was named after him. A book about a leader of jihad may seem like a strange sequel to a book about peaceful monks, but the more Mr. Kiser learned about el-Kader, the more he felt a spiritual kinship between the devout, ascetic Trappists and the pious, ascetic guerrilla leader. Both had found in their own religious codes and daily rituals the basis for a fraternity that defied religious boundaries. As the son of a celebrated holy man, tribal leader and head of a Sufi brotherhood, el-Kader was taught to read and memorize the Koran, tutored in all the details of the tradition but also in philosophy, history and other fields. At home and away, the young boy was also trained in horseback riding, public speaking and fighting skills. All would prove crucial. In 1832, with France increasingly encroaching on Algerian territory that was only nominally under Ottoman rule, the 25-year-old el-Kader emerged as the commander, the emir, of Muslim Arab resistance. Because el-Kader was just over five feet tall, Alexis de Tocqueville, the French political thinker, who took a great interest in Algerian affairs, called him a "puny Arab"; but Tocqueville also called him "a Muslim Cromwell." Like Oliver Cromwell, he wielded strict religious beliefs to form a disciplined fighting force. Mr. Kiser insists on the religious dimension of what might otherwise be read as a story of military and political maneuvering. But "Commander of th

The Heirs of Muhammad - Barnaby Rogerson 2007-02-15

Continues the history of Islam in the century following the death of Muhammad, recounting his followers' efforts to establish the Islamic religion and the evolution of the split between Sunni and Shia factions.

The First Muslim - Lesley Hazleton 2014-02-04

The extraordinary life of the man who founded Islam, and the world he inhabited—and remade. Lesley Hazleton's new book, *Agnostic: A Spirited Manifesto*, is out now from Riverhead Books. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of

his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, nonviolence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant legacy.

Muhammad - Karen Keishin Armstrong 2013-08-13

The Man Who Inspired the World's Fastest-Growing Religion Muhammad presents a fascinating portrait of the founder of a religion that continues to change the course of world history. Muhammad's story is more relevant than ever because it offers crucial insight into the true origins of an increasingly radicalized Islam. Countering those who dismiss Islam as fanatical and violent, Armstrong offers a clear, accessible, and balanced portrait of the central figure of one of the world's great religions.

The Succession to Muhammad - Wilferd Madelung 1998-10-15

In a comprehensive study of early Islamic history, Wilferd Madelung examines the conflict which developed after Muhammad's death for the leadership of the Muslim community. He pursues the history of this conflict through the reign of the four 'Rightly Guided' caliphs to its climax in the first inter-Muslim war. The outcome of the war, which marked the demise of the reign of the Early Companions, resulted in the lasting schism between Sunnite and Shi'ite Islam. Contrary to recent scholarly trends, the author brings out Ali's early claim to legitimate succession, which gained support from the Shi'a, and offers a convincing reinterpretation of early Islamic history. This book will make a major contribution to the debate over succession. Wilferd Madelung's book *The Succession to Muhammad* has been awarded the Best Book of the Year prize by the Islamic Republic of Iran for the year 1997.

Muhammad - Karen Armstrong 2007

Through comparison with other prophets and mystics the author examines Muhammad's spiritual ideas, and uses the facts of his life - from which Muslims have drawn instruction for centuries - to make the tenets of Islam clear and accessible for readers of all faiths.

The Spiritual Teachings of the Prophet - Tayeb Chouiref 2011

The traditions of the Prophet of Islam are, after the Qu'ran, the most important source for every aspect of Islamic life and thought. Ranging in topic from prayer to economic activity, hygiene to politics, ethics to aesthetics, and law to metaphysics, this work is the first in a European language to collect more than 200 of the purely spiritual traditions drawn from canonical collections of the Hadith as well as from other traditional resources. It contains illuminating commentaries drawn from the writings of eminent Sufis, such as Hasan al-Basri, Ibn Arabi, al-Ghazali, al-Janayd, Shaykh al-'Alawi and his spiritual progeny. This unique book also reveals an important dimension of the Prophet's being, one that is often neglected in modern studies not only by non-Muslim Westerners, but also by many Muslim biographers.

The Islamic Jesus - Mustafa Akyol 2017-02-14

"A welcome expansion of the fragile territory known as common ground." —*The New York Times* When Reza Aslan's bestseller *Zealot* came out in 2013, there was criticism that he hadn't addressed his Muslim faith while writing the origin story of Christianity. In fact, Ross Douthat of *The New York Times* wrote that "if Aslan had actually written in defense of the Islamic view of Jesus, that would have been something provocative and new." Mustafa Akyol's *The Islamic Jesus* is that book. *The Islamic Jesus* reveals startling new truths about Islam in the context of the first Muslims and the early origins of Christianity. Muslims and the first Christians—the Jewish followers of Jesus—saw Jesus as not divine but rather as a prophet and human Messiah and that salvation comes from faith and good works, not merely as faith, as Christians would later emphasize. What Akyol seeks to reveal are how these core beliefs of Jewish Christianity, which got lost in history as a heresy, emerged in a new religion born in 7th Arabia: Islam. Akyol exposes this extraordinary historical connection between Judaism, Jewish Christianity and Islam—a major mystery unexplored by academia. From Jesus' Jewish followers to the Nazarenes and Ebionites to the Qu'ran's stories of Mary and Jesus,

The Islamic Jesus will reveal links between religions that seem so contrary today. It will also call on Muslims to discover their own Jesus, at a time when they are troubled by their own Pharisees and Zealots.

Muhammad - Juan Cole 2018-10-09

In the midst of the dramatic seventh-century war between two empires, Muhammad was a spiritual seeker in search of community and sanctuary. Many observers stereotype Islam and its scripture as inherently extreme or violent—a narrative that has overshadowed the truth of its roots. In this masterfully told account, preeminent Middle East expert Juan Cole takes us back to Islam's—and the Prophet Muhammad's—origin story. Cole shows how Muhammad came of age in an era of unparalleled violence. The eastern Roman Empire and the Sasanian Empire of Iran fought savagely throughout the Near East and Asia Minor. Muhammad's profound distress at the carnage of his times led him to envision an alternative movement, one firmly grounded in peace. The religion Muhammad founded, Islam, spread widely during his lifetime, relying on soft power instead of military might, and sought armistices even when militarily attacked. Cole sheds light on this forgotten history, reminding us that in the Qur'an, the legacy of that spiritual message endures. A vibrant history that brings to life the fascinating and complex world of the Prophet, Muhammad is the story of how peace is the rule and not the exception for one of the world's most practiced religions.

If the Oceans Were Ink - Carla Power 2015-04-07

PULITZER PRIZE FINALIST • NATIONAL BOOK AWARD FINALIST • Hailed by The Washington Post as “mandatory reading,” and praised by Fareed Zakaria as “intelligent, compassionate, and revealing,” a powerful journey to help bridge one of the greatest divides shaping our world today. *If the Oceans Were Ink* is Carla Power's eye-opening story of how she and her longtime friend Sheikh Mohammad Akram Nadwi found a way to confront ugly stereotypes and persistent misperceptions that were cleaving their communities. Their friendship—between a secular American and a madrasa-trained sheikh—had always seemed unlikely, but now they were frustrated and bewildered by the battles being fought in their names. Both knew that a close look at the Quran would reveal a faith that preached peace and not mass murder; respect for women and not oppression. And so they embarked on a yearlong journey through the controversial text. A journalist who grew up in the Midwest and the Middle East, Power offers her unique vantage point on the Quran's most provocative verses as she debates with Akram at cafes, family gatherings, and packed lecture halls, conversations filled with both good humor and powerful insights. Their story takes them to madrasas in India and pilgrimage sites in Mecca, as they encounter politicians and jihadis, feminist activists and conservative scholars. Armed with a new understanding of each other's worldviews, Power and Akram offer eye-opening perspectives, destroy long-held myths, and reveal startling connections between worlds that have seemed hopelessly divided for far too long. Praise for *If the Oceans Were Ink* “A vibrant tale of a friendship.... *If the Oceans Were Ink* is a welcome and nuanced look at Islam [and] goes a long way toward combating the dehumanizing stereotypes of Muslims that are all too common.... *If the Oceans Were Ink* should be mandatory reading for the 52 percent of Americans who admit to not knowing enough about Muslims.”—The Washington Post “For all those who wonder what Islam says about war and peace, men and women, Jews and gentiles, this is the book to read. It is a conversation among well-meaning friends—intelligent, compassionate, and revealing—the kind that needs to be taking place around the world.”—Fareed Zakaria, author of *The Post-American World* “Carla Power's intimate portrait of the Quran, told with nuance and great elegance, captures the extraordinary, living debate over the Muslim holy book's very essence. A spirited, compelling read.”—Azadeh Moaveni, author of *Lipstick Jihad* “Unique, masterful, and deeply engaging. Carla Power takes the reader on an extraordinary journey in interfaith understanding as she debates and discovers the Quran's message, meaning, and values on peace and violence, gender and veiling, religious pluralism and tolerance.”—John L. Esposito, University Professor and Professor of Islamic Studies, Georgetown University, and author of *The Future of Islam* “A thoughtful, provocative, intelligent book.”—Diana Abu-Jaber, author of *Birds Of Paradise* and *The Language of Baklava*

The Prophet Muhammad - Barnaby Rogerson 2003

A history of the prophet's life and times offers a vivid portrayal of sixth-century Arabia, charting Muhammad's early years, the night he received his religious vision, his work to establish Islam and the classical Arabic of the Qur'an, and his role as the founder of a world empire and civilization.

The Story of Mohammed Islam Unveiled - Harry Richardson

2013-12-11

Mohammed's story is the most incredible story never told. It is said that truth is stranger than fiction and honestly, NO-ONE could have made this up. There are battles, murders, intrigues, rapes, assassinations, torture, intimidation, and much much more. Along the way Mohammed invented Jihad, the most effective system of conquest ever devised. Mohammed's life story is also the key which unlocks the complexities and confusion of the Islamic religion itself. By understanding his story we quickly gain a clear insight into Islam and the incredible importance this subject holds for our future. This amazing book pulls no punches and brings the subject to life in a way which is both fascinating and informative. Rather than looking at Islam through a prism of Western (and by default, Christian) perspective, it examines the Islamic perspective itself. In doing so it illuminates the contrast between Western and Islamic ethics and beliefs in plain and simple language which makes it a delight to read. Millions of people, both Muslims and non Muslims are tragically affected by aspects of Islam. More than 95% of all wars and armed conflict today involve Muslims. Muslims also suffer some of the highest rates of poverty, disease, hunger, illiteracy, environmental degradation and many more crippling disadvantages. By tackling the subject head on, this book leaves us with the knowledge and understanding to address these problems with logical and well thought out solutions. Debra Riddle on Amazon UK said: I started to read this book open minded but could not put it down. I think every living person in the world today whatever religion should read this. Absolutely brilliant, a real eye opener and written so anyone can understand. Kazi Asaduzzaman said: This is a fantastic book with all the significant insights into the subject. To understand the subject, it is a valuable tool for the Non Muslims to begin with and an eye opener for the Muslims who want to know the truth from all the perspectives. I strongly recommend this book for others to read. In the current context, it's a must read. F. Parsons, also on Amazon UK called it “Brilliant” and left the following review: “A concise and factual account of the exploits of Mohammed and the repercussions throughout history to today. I could not put this book down having started reading it. Highly recommended”. Fred J. Alexander said: This amazing factual book reads like an adventure story. Islam is based on the life of Mohammed and Mohammed is not like any other prophet. Easy reading only 135 pages. If you want insight on Islam and Jihad, etc. this is for you. John “Crafty” of Sydney said: This book really impressed me. I feared a xenophobic treatise but instead found a compelling history of Islam. Certainly I will read more to increase my knowledge. To find out why this book has so many 5 star reviews, secure your copy now while it remains at this bargain basement price.

The House of Islam - Ed Husain 2018-06-19

“Ed Husain has become one of the most vital Muslim voices in the world. *The House of Islam* could very well be his magnum opus.” -Reza Aslan, #1 New York Times bestselling author of *Zealot* “This should be compulsory reading.” -Peter Frankopan, author of the international bestseller *The Silk Roads Today*, Islam is to many in the West an alien force, with Muslims held in suspicion. Failure to grasp the inner workings of religion and geopolitics has haunted American foreign policy for decades and has been decisive in the new administration's controversial orders. The intricacies and shadings must be understood by the West not only to build a stronger, more harmonious relationship between the two cultures, but also for greater accuracy in predictions as to how current crises, such as the growth of ISIS, will develop and from where the next might emerge. *The House of Islam* addresses key questions and points of disconnection. What are the roots of the conflict between Sunni and Shi'a Muslims that is engulfing Pakistan and the Middle East? Does the Koran encourage the killing of infidels? The book thoughtfully explores the events and issues that have come from and contributed to the broadening gulf between Islam and the West, from the United States' overthrow of Iran's first democratically elected leader to the emergence of ISIS, from the declaration of a fatwa on Salman Rushdie to the attack on the offices of Charlie Hebdo. Authoritative and engaging, Ed Husain leads us clearly and carefully through the nuances of Islam and its people, taking us back to basics to contend that the Muslim world need not be a stranger to the West, nor our enemy, but our peaceable allies.

Jezebel - Lesley Hazleton 2009-03-17

There is no woman with a worse reputation than Jezebel, the ancient queen who corrupted a nation and met one of the most gruesome fates in the Bible. Her name alone speaks of sexual decadence and promiscuity. But what if this version of her story, handed down to us through the ages, is merely the one her enemies wanted us to believe? What if

Jezebel, far from being a conniving harlot, was, in fact, framed? In this remarkable new biography, Lesley Hazleton shows exactly how the proud and courageous queen of Israel was vilified and made into the very embodiment of wanton wickedness by her political and religious enemies. Jezebel brings readers back to the source of the biblical story, a rich and dramatic saga featuring evil schemes and underhanded plots, war and treason, false gods and falser humans, and all with the fate of entire nations at stake. At its center are just one woman and one man—the sophisticated Queen Jezebel and the stark prophet Elijah. Their epic and ultimately tragic confrontation pits tolerance against righteousness, pragmatism against divine dictates, and liberalism against conservatism. It is, in other words, the original story of the unholy marriage of sex, politics, and religion, and it ends in one of the most chillingly brutal scenes in the entire Bible. Here at last is the real story of the rise and fall of this legendary woman—a radically different portrait with startling contemporary resonance in a world mired once again in religious wars.

The Heirs Of The Prophet Muhammad - Barnaby Rogerson 2010-11-04

The Prophet Muhammad taught the word of God to the Arabs. Within a generation of his death, his followers - as vivid a cast of heroic individuals as history has known - had exploded out of Arabia to confront the two great superpowers of the seventh-century and establish Islam and a new civilization. That the protagonists originated from the small oasis communities of central Arabia gives their adventures, their rivalries, their loves and their achievements an additional vivacity and intimacy. So that on one hand, *THE HEIRS OF THE PROPHET MUHAMMAD* is a swaggering saga of ambition, immense achievement, self-sacrificing nobility and blood rivalry, while on the other it allows us to understand some of the complexities of our modern world. For within this fifty-year span of conquest and empire-building, Barnaby Rogerson also identifies the seeds of discord that destroyed the unity of Islam, and traces the roots of the schism between Sunni and Shia Muslims to the rivalry of the two individuals who best knew and loved the Prophet: his cousin and son-in-law Ali and his wife Aisha.

Mary - Lesley Hazleton 2008-12-01

Starting with a dark-skinned girl barely out of adolescence when she gives birth, Lesley Hazleton weaves together the many facets of Mary's existence: peasant villager, wise woman and healer, activist, mother, teacher, and yes, virgin, though in a sense we have long forgotten. She follows her through the worst any mother can experience—the excruciating death of her child—and then looks at how she transforms grief into wisdom, disaster into renewal. Strong and courageous, the Mary we see here does not merely assent to her role in history, but chooses it and lives it to the fullest.

In the Footsteps of the Prophet - Tariq Ramadan 2007-02-05

Named by Time magazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially among young European and American Muslims. Now, in his first book written for a wide audience, he offers a marvelous biography of the Prophet Muhammad, one that highlights the spiritual and ethical teachings of one of the most influential figures in human history. In *In the Footsteps of the Prophet* is a fresh and perceptive look at Muhammad, capturing a life that was often eventful, gripping, and highly charged. Ramadan provides both an intimate portrait of a man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. More important, Ramadan presents the main events of the Prophet's life in a way that highlights his spiritual and ethical teachings. The book underscores the significance of the Prophet's example for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war, racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet's life remain -- or become again -- an example, a model, and an inspiration? And how can Muslims move from formalism -- a fixation on ritual -- toward a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers Muslims a new understanding of Muhammad's life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam.

Muhammad - Karen Armstrong 1993-09-10

This vivid and detailed biography strips away centuries of distortion and myth and presents a balanced view of the man whose religion continues to dramatically affect the course of history.

The Ayatollah Begs to Differ - Hooman Majd 2009-07-28

Including a new preface that discusses the Iranian mood during and after the June 2009 presidential election and subsequent protests, this is an intimate look at a paradoxical country from a uniquely qualified journalist. The grandson of an eminent ayatollah and the son of an Iranian diplomat, Hooman Majd offers perspective on Iran's complex and misunderstood culture through an insightful tour of Iranian culture, introducing fascinating characters from all walks of life, including zealous government officials, tough female cab drivers, and open-minded, reformist ayatollahs. It's an Iran that will surprise readers and challenge Western stereotypes. A Los Angeles Times and Economist Best Book of the Year With a New Preface

The First Muslim - Lesley Hazleton 2013-04-04

Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, non-violence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant legacy.

Imam Shamil - Muhammad Hamid 2007

What the Qur'an Meant - Garry Wills 2018-12-04

America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity. In *What the Qur'an Meant*, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about veiling women? Does it justify religious war? There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning. He compares the Qur'an with other sacred books, the Old Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. *What the Qur'an Meant* is the opening of a conversation on one of the world's most practiced religions.

A Constellation of Vital Phenomena - Anthony Marra 2013-05-07

NATIONAL BESTSELLER • WINNER OF THE NATIONAL BOOK CRITICS CIRCLE'S JOHN LEONARD AWARD • LONGLISTED FOR THE NATIONAL BOOK AWARD NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • San Francisco Chronicle • New York • Chicago Tribune • Kansas City Star • GQ • NPR • Christian Science Monitor • Cleveland Plain Dealer In a small rural village in Chechnya, eight-year-old Havaa watches from the woods as Russian soldiers abduct her father in the middle of the night and then set fire to her home. When their lifelong neighbor Akhmed finds Havaa hiding in the forest with a strange blue suitcase, he makes a decision that will forever change their lives. He will seek refuge at the abandoned hospital where the sole remaining doctor, Sonja Rabina, treats the wounded. For Sonja, the arrival of Akhmed and Havaa is an unwelcome surprise. Weary and overburdened, she has no desire to take on additional risk and responsibility. But over the course of five

extraordinary days, Sonja's world will shift on its axis and reveal the intricate pattern of connections that weaves together the pasts of these three unlikely companions and unexpectedly decides their fate. A story of the transcendent power of love in wartime, *A Constellation of Vital Phenomena* is a work of sweeping breadth, profound compassion, and lasting significance. Now with Extra Libris material, including a reader's guide and bonus content from the author. Praise for *A Constellation of Vital Phenomena* "Here, in fresh, graceful prose, is a profound story that dares to be as tender as it is ghastly, a story about desperate lives in a remote land that will quickly seem impossibly close and important. . . . I haven't been so overwhelmed by a novel in years. At the risk of raising your expectations too high, I have to say you simply must read this book."—Ron Charles, *Washington Post* "Extraordinary . . . a 21st century War and Peace . . . Marra seems to derive his astral calm in the face of catastrophe directly from Tolstoy."—Madison Smartt Bell, *New York Times Book Review* "Ambitious and intellectually restless . . . [Marra is] a lover not a fighter, a prose writer who resembles the Joseph Heller of *Catch-22* and the Jonathan Safran Foer of *Everything Is Illuminated*."—Dwight Garner, *New York Times*

Israeli Women - Lesley Hazleton 1977

Drawing on hundreds of interviews with her countrywomen, an Israeli journalist and sociologist illuminates the origins of myths concerning the liberation of Israeli women and analyzes the extent to which they dominate the social structure of a complex, contradictory democracy.

Muhammad and the Believers - Fred M. Donner 2012-05-07

Looks at the history of Islam, arguing that its origins began with the "Believers" movement that emphasized strict monotheism and righteous behavior that included both Christians and Jews in its early years.

Purification of the Heart - Hamza Yusuf 2004

Afflictions that assail and control people--such as miserliness, envy, treachery, malice, and arrogance--are examined in a study that discusses the causes and cures of these diseases and reveals how Islamic spirituality deals with spiritual and psychological problems. Original.

Muhammad, the World-Changer - Mohamad Jebara 2021-11-16

An accessible and fresh biography boldly arguing that Muhammad's entrepreneurial mindset helped unleash the modern world "A beautifully written, immaculately researched meditation on the impact of the Prophet Muhammad on the modern world. I loved this book!" —Reza Aslan, author of *No God but God* and *Zealot: The Life and Times of Jesus of Nazareth* A six-year-old cries in his mother's arms as she draws her last breaths to urge him: "Muhammad, be a world-changer!" The boy,

suddenly orphaned in a tribal society that fears any change, must overcome enormous obstacles to unleash his own potential and inspire others to do the same. Fusing details long known to Muslim scholars but inaccessible to popular audiences, Mohamad Jebara brings to life the gripping personal story of Islam's founding prophet. From his dramatic birth to nearly being abducted into slavery to escaping assassination, Muhammad emerges as an unrelenting man on a mission. Surrounding the protagonist are dynamic women who nurture Muhammad; Jewish and Christian mentors who inspire him; and the enslaved individuals he helps liberate who propel his movement. Jebara places Muhammad's life in a broader historical context, vividly evoking the Meccan society he was born into and arguing that his innovative vision helped shape our modern world.

Lost Islamic History - Firas Alkhateeb 2017

Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

Agnostic - Lesley Hazleton 2016

"A widely admired writer on religion celebrates agnosticism as the most vibrant, engaging--and ultimately the most honest--stance toward the mysteries of existence." -- Amazon.com.

Muhammad - Martin Lings 1991

Acclaimed worldwide as the definitive biography of the Prophet in the English language. This book will be read with equal enjoyment by those already familiar with Muhammad's life and those coming to it for the first time.
