## **Easy Chinese Phrase Book** - Lingo Mastery 2020-07-29

What is the hardest challenge you've faced as a student of the Chinese language? You can work hard on your grammar, vocabulary and pronunciation, but being able to communicate naturally isn't easy. In fact, the toughest part of learning Chinese is knowing how to speak like a native. Most textbooks are made to teach you the traditional rules and structures of a language and are great for getting around the grammar and spelling questions you may have. However, how many of them provide you the tools necessary to have a common conversation with a best friend or someone you've just met? Not many at all. Language learners often complain about this - a lack of material that can help you familiarize yourself with the most common phrases used in everyday conversation and in native surroundings. For this reason, we at Lingo Mastery have developed Easy Chinese Phrase Book: Over 1500 Common Phrases for Everyday Use and Travel for you, our favorite language-learner, so that you may find the best expressions for common usage in China and communicate with your Chinese friends, colleagues and client without any issue! In this book: An introduction with a detailed guide on how to pronounce vowels and consonants (as well as their combinations) in the Chinese tongue. A list of over 1,500 common phrases in Chinese, with an accurate translation in English for your understanding. A phonetics pronunciation guide of each and every word in the phrases, included after every translation. Finally, a conclusion to make sure you've learned and supply you with a final list of tips. Your days struggling with natural communication with natives is finally over. Our Easy Chinese Phrase Book is here. It's time for you to take your (Simplified) Chinese to the next level.

## **Chinese** - Henry Ray 2016-02-17

Learn Chinese In 21 DAYS! This book contains 21 highly-informative chapters on the fundamentals of Mandarin Chinese, the most widely spoken language in the world. It is written to address the needs of travellers, entrepreneurs, and students who want to have a good grasp of the language in no time at all. This book is designed for beginners and intermediate learners of Chinese who prefer to learn at their own pace and convenience. It aims to provide self-learners an excellent foundation of the language by imparting essential grammar features, pronunciation, vocabulary, and key phrases in everyday conversations. The book starts with a few chapters on the basics of the Chinese language - pronunciation, numbers, telling time, months, days, and seasons, telling the year and date, colors, and common greetings. The succeeding chapters cover grammar topics such as parts of speech, word order, forming questions, making comparisons, and other unique features of Mandarin. Each grammar lesson is presented in a straightforward manner and features relevant examples and charts, which were carefully selected and created to enhance the learner's comprehension and appreciation of the language, as well as to shorten learning time considerably. Finally, to fast-track your learning path, the book provides vocabulary listings as well as common phrases for different occasions - introducing yourself, talking about your family, asking for directions, eating out, shopping, booking a hotel, and getting around. Here is what you will find inside: The Basics Of Mandarin Chinese The Four Tones In Mandarin Counting And Numbers Telling Time Months, Days, and Seasons Pronouns Prepositions Adverbs Adjectives Forming Sentences Asking Questions In Mandarin making Comparisons Chinese In Action Useful Phrases Vocabulary And Much, Much More... ## **Pedagogical Grammar and Grammar Pedagogy in Chinese as a Second Language** - Fangyuan Yuan 2022-09-30

Pedagogical Grammar and Grammar Pedagogy in Chinese as a Second Language is the first book in the field of Chinese as a second language that brings together one overview article and eleven research studies surrounding the key words "grammar" "pedagogy" and "Chinese as a second language." The book is a dedication to the 60th anniversary of the Chinese Language Teachers Association - U.S. The studies included draw on different theoretical frameworks, adopt a range of methodological strategies, and address the questions of how grammatical knowledge should be effectively presented and in what capacity grammar competence could be better developed in and outside classrooms, based on which pedagogical recommendations and implications are advanced. The publication of this monograph is aimed at three goals: to promote a dialogue between the field of Chinese as a second language and general field of second/foreign language teaching and learning; to bridge a link among researchers in Chinese linguistics and Chinese applied linguistics; and to establish a closer tie between research and classroom practices in L2 Chinese. This monograph is intended for Chinese instructors, teacher educators, and graduate students and ideally suited for graduate courses and teacher training programs. It also provides insights for curriculum developers, material writers, and administrators.

## **Cantonese made Easy** - J. Dyer Ball 2010-03-01

Reprint of the original, first published in 1904.

## **Foreign Language Made Easy** - Ken Jeremiah 2005-04

Many high school and university students find foreign language classes difficult. Although learning a language is a natural process, students study languages inefficiently and they lack effective strategies for language learning. Foreign Language Made Easy is designed to make studying a foreign language an easy and enjoyable experience. The best techniques for foreign language success are explained in a simple format that anyone can follow. Effective techniques for note taking specifically designed for the foreign language classroom are addressed, as are successful methods to learn grammatical structures and effectively increase vocabulary. The last sections of Foreign Language Made Easy are language-specific, and include the most common languages taught in the United States, such as Latin, Spanish, Italian, French, Portuguese, German, Japanese, and Chinese. Common errors are explained, and simple techniques are presented that will help students to succeed. Everyone can learn a foreign language. By following the suggestions presented in this text, even students that previously found learning a foreign language difficult will meet with success.

## **Modern Mandarin Chinese Grammar Workbook** - Claudia Ross 2014-08-21

Modern Mandarin Chinese Grammar Workbook is a book of exercises and language tasks for all learners of Mandarin Chinese. Divided into two sections, the Workbook initially provides exercises based on essential grammatical structures, and moves on to practice everyday functions such as making introductions,

apologizing and expressing needs. With an extensive answer key at the back to enable students to check on their progress, main features include: exercises at various levels of challenge for a broad range of learners cross-referencing to the related Modern Mandarin Chinese Grammar a comprehensive index to exercises alphabetically arranged in terms of structures, functions, and key Chinese structure vocabulary. This second edition also offers a revised and expanded selection of exercises including new task-based exercises. Modern Mandarin Chinese Grammar Workbook is ideal for all learners of Mandarin Chinese, from beginner to intermediate and advanced students. It can be used both independently and alongside the Modern Mandarin Chinese Grammar (978-0-415-82714-0), which is also published by Routledge.

**Essential Mandarin Chinese Grammar** - Vivian Ling 2020-09-15

Essential Mandarin Chinese Grammar is a systematic overview of Mandarin grammar, oriented toward self-study, English-speaking students. Through explanations of common mistakes learners make, useful example sentences and exercises with an answer key, this book provides a detailed introduction to the unique grammar structures of the Mandarin language. Ideal for any student who is interested in taking their skills to the next level, this book makes the difficult task of perfecting grammar efficient, interesting and rewarding. Essential Mandarin Chinese Grammar is a perfect tool to help you form correct and natural-sounding sentences, and determine how to best use the grammar you need for reading or writing Mandarin. Each example and exercise is written in both pinyin and Simplified Chinese Characters to accommodate learners with varying levels of character literacy, including those who have learned only to speak but not read.

**Chinese Multiword Expressions** - Shan Wang 2019-12-04

This book is the first English monograph to systematically explore Chinese Multiword expressions (MWEs) by applying corpus-driven and corpus-based approaches. It reveals the unique characteristics of Chinese MWEs by examining their core attributes, identification and classification, and knowledge framework. It also assesses, for the first time, the distribution and density of Chinese MWEs in textbooks. By doing so, the book provides important insights into Chinese language learning, with implications for natural language processing, lexicography, and psychology. Moreover, it offers a framework for linguists, language teachers and learners, computer scientists, lexicographers, and psychologists to explore their own areas of interest. [Chinese for Dummies, Revised Ed](#) - Dr. Wendy Abraham 2006-02-14

Chinese For Dummies, Rev. focuses on China's official dialect, Mandarin and includes guidelines so that readers can pronounce words in standard Mandarin like a native speaker. So get started today!

Modern Mandarin Chinese Grammar - Claudia Ross 2006

An innovative reference guide to Mandarin Chinese, this easy-to-use text combines traditional and function-based grammar in a single volume.

**Learn Mandarin - Quick / Easy / Efficient** - Pinhok Languages 2019-05-14

A curated Chinese word frequency list Are you looking for unconventional ways to speed up the process of learning Chinese? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Chinese words and phrases ordered by their frequency of use. Who this Chinese learning book is for: This book is for beginners and intermediate learners of Chinese who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Chinese frequency list is not for: This book is not for you if you are an advanced learner of Chinese. In this case, please go to our website or search for our Chinese vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Chinese learning book that guides you through the various steps of learning Chinese, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Chinese workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.

Get Talking Chinese - DK 2021-12-07

The ultimate guide to learning basic Mandarin Chinese for kids. This easy-to-use Chinese for beginners textbook and audio app includes all the essential everyday words and phrases you need to know to start speaking Mandarin in no time! Learn how to read, write and speak Chinese step by step with this Mandarin

learning book. Essential Chinese Vocabulary: Rules and Scenarios - Wen-Hua Teng 2016-03-25

Essential Chinese Vocabulary: Rules and Scenarios is an indispensable guide for beginner to intermediate students of Chinese who wish to use essential Chinese words and phrases accurately. The book provides the crucial context and explanations of grammar structures and language rules related to important Chinese words and phrases, too often glossed over in primary textbooks. Students are given the tools necessary to refine their use of these words and phrases in order to communicate effectively in Chinese. Key features: In-depth explanations of commonly used words and phrases contextualized with a range of authentic examples providing learners with a comprehensive understanding of the vocabulary-use and allowing them to express themselves accurately and appropriately. Bridges the gap between grammar and vocabulary by presenting the frequently-neglected rules that govern the use of words and phrases. Clear and systematic comparisons between the uses of ostensibly similar words, highlighting the nuances of the Chinese language. Examples provided in simplified Chinese characters, pinyin and English Identifies common mistakes made by learners and ways to avoid them Extensive cross-references. Essential Chinese Vocabulary: Rules and Scenarios is a unique reference and useful complement to basic and intermediate Chinese language textbooks.
