

Christian Antisemitism A History Of Hate

When people should go to the books stores, search opening by shop, shelf by shelf, it is in point of fact problematic. This is why we provide the ebook compilations in this website. It will completely ease you to see guide **Christian Antisemitism A History Of Hate** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you point toward to download and install the Christian Antisemitism A History Of Hate , it is totally simple then, back currently we extend the belong to to purchase and make bargains to download and install Christian Antisemitism A History Of Hate therefore simple!

Mordecai Would Not Bow Down - Timothy P. Jackson 2021-05-14

"Never again!" In the years following the Holocaust, the phrase came to signify a general determination never again to permit systemic anti-Semitism and genocidal violence. Yet anti-Semitism endures, and its underlying causes persist. The resilience of anti-Semitism casts the Holocaust not as inexplicable or singular, but as an event shaped by identifiable--and universal--human prejudices. Despite the intense attention focused on the Holocaust, we consistently misrepresent it. By describing it as a purely irrational phenomenon, we risk minimizing the threat that anti-Semitism continues to pose. Instead, we must identify and acknowledge its causes, which are not only political, economic, and pseudoscientific but ideological as well. Taking its title from the Book of Esther, *Mordecai Would Not Bow Down* investigates these ideological causes. Timothy P. Jackson argues that the Jewish victims of the Holocaust were persecuted for their belief in one God who is the sole Creator of a moral order centered in selflessness and love. Judaic teachings about the importance of caring for the weak and vulnerable overtly contradicted the Nazis' "natural" lust for power and enjoyment of cruelty, which further fueled their anti-Semitism. By analyzing the ideological clash between Nazism and Judaism, Jackson reveals the ways in which Christianity was complicit in the Holocaust--specifically, the role

of Christian supersessionism: the belief that the New Covenant supplants or erases the Old Covenant, making Christians and not Jews God's elect. Supersessionism has historically enabled Christian anti-Semitic violence. Yet Judaism and Christianity are ultimately complementary in their shared origins and analogous aims: the Law that saves the Jews and the Gospel that saves the Gentiles are of a piece. God's choosing the Jewish people to embody collectively a message of fellowship and moral responsibility is parallel to God's calling on Jesus to save humanity individually. Moreover, both divine vocations often engender demonic resentment. Recognizing that Auschwitz and Calvary are but two sites of the same murderous despair is an important step toward eliminating the pervasive menace of anti-Semitism.

A Legacy of Hatred - David A. Rausch 1990

Antisemitism in America - Leonard Dinnerstein 1995-11-02

Is antisemitism on the rise in America? Did the "hymietown" comment by Jesse Jackson and the Crown Heights riot signal a resurgence of antisemitism among blacks? The surprising answer to both questions, according to Leonard Dinnerstein, is no--Jews have never been more at home in America. But what we are seeing today, he writes, are the well-publicized results of a long tradition of prejudice, suspicion, and hatred

against Jews--the direct product of the Christian teachings underlying so much of America's national heritage. In *Antisemitism in America*, Leonard Dinnerstein provides a landmark work--the first comprehensive history of prejudice against Jews in the United States, from colonial times to the present. His richly documented book traces American antisemitism from its roots in the dawn of the Christian era and arrival of the first European settlers, to its peak during World War II and its present day permutations--with separate chapters on antisemitism in the South and among African-Americans, showing that prejudice among both whites and blacks flowed from the same stream of Southern evangelical Christianity. He shows, for example, that non-Christians were excluded from voting (in Rhode Island until 1842, North Carolina until 1868, and in New Hampshire until 1877), and demonstrates how the Civil War brought a new wave of antisemitism as both sides assumed that Jews supported with the enemy. We see how the decades that followed marked the emergence of a full-fledged antisemitic society, as Christian Americans excluded Jews from their social circles, and how antisemitic fervor climbed higher after the turn of the century, accelerated by eugenicists, fear of Bolshevism, the publications of Henry Ford, and the Depression. Dinnerstein goes on to explain that just before our entry into World War II, antisemitism reached a climax, as Father Coughlin attacked Jews over the airwaves (with the support of much of the Catholic clergy) and Charles Lindbergh delivered an openly antisemitic speech to an isolationist meeting. After the war, Dinnerstein tells us, with fresh economic opportunities and increased activities by civil rights advocates, antisemitism went into sharp decline--though it frequently appeared in shockingly high places, including statements by Nixon and his Chairman of the Joint Chiefs of Staff. "It must also be emphasized," Dinnerstein writes, "that in no Christian country has antisemitism been weaker than it has been in the United States," with its traditions of tolerance, diversity, and a secular national government. This book, however, reveals in disturbing detail the resilience, and vehemence, of this ugly prejudice. Penetrating, authoritative, and frequently alarming, this is the definitive account of a plague that refuses to go away.

Our Hands Are Stained with Blood - Michael L. Brown 1992
A description of 2,000 years of Christian persecution of the Jews, written by a Jewish Christian who contends that Christians are almost totally ignorant of the Jews' agony throughout the centuries. Pointing to the Jewish origins of Jesus and the apostles, and to positive aspects of Judaism, decries the Christian distortion of Judaism, and the hatred and lies spread against the Jewish people up to the present day. Although he believes that the Jews will eventually come to accept Jesus as the Messiah, Brown calls on Christians to approach Jews with love, and not with hatred. He states that Satan is the author of the spirit of antisemitism, and that Christians must recognize that when they hate Jews they are heeding not God but Satan.

Anti-semitism - Avner Falk 2008
One of the first books on contemporary anti-Semitism to explore deeply its irrational and unconscious causes.

On the Jews and Their Lies - Martin Luther 2019-11-10
Founder of modern-day Lutheranism, Martin Luther (1483-1546) confronted many opponents, most notably, the Jews. Their religion directly denied Jesus as Messiah, and their arrogance, lies, usury, and hatred of humanity meant that they posed a mortal threat to society. Hence, said Luther, the harshest of measures are warranted. A shocking book.

Hate - Marc Weitzmann 2019
"From an award-winning journalist, a provocative, deeply reported expose of the history and present crisis of anti-Semitism in France--and its dire consequences for the rest of Europe. Hate explores the alarming history and present predicament of anti-Semitism in France. By examining the issue at local, international, and personal levels--interviewing everyday French men and women as well as powerful leaders such as National Front president Marine Le Pen--Weitzmann attempts to understand how nine Jews have been murdered by French citizens in the last eight years, and how France has become the number one country from which Western jihadists flee to join ISIS and other extremist Middle Eastern organizations. How do contemporary French

Jews grapple with these troubling facts, and with the historical legacies of the French Revolution, the Holocaust, and the Gaullist "Arab-French policy"? While internationally minded consumers of the news may have some knowledge of the events Weitzmann describes--including the 2013 "Day of Anger" and the rise of France's popular, and famously anti-Semitic, comedian Dieudonne M'bala M'bala--these controversies are largely unknown in the States, and utterly shocking in the unity Weitzmann gives them here. In his hands, these events are not just the story of French anti-Semitism, but that of the breakdown of a major Western power, of the dark side of our global age"--

What Price Prejudice? - Frank E. Eakin 1998

"What Price Prejudice? examines the long tradition of antisemitism by giving an overview of the history of Jewish-Christian relations. Frank Eakin's work will help Christians to reflect seriously and objectively upon history and theology - and their impact on Jewish-Christian relations."

"The book is written so that it will serve for use both in the classroom and by church/synagogue groups. Discussion questions follow each chapter to stimulate discussion and encourage further reflection on the issues addressed."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Dictionary of Antisemitism from the Earliest Times to the Present

- Robert Michael 2007

A comprehensive introduction discusses the definitions, causes, and varieties of anti-Semitism, and the dictionary contains 2,500 entries ranging from Aaron of Lincoln to Zyklon. Entries can be found on all forms of anti-Semitism, such as ancient, medieval, and modern; pagan, Christian, and Muslim; and religious, economic, psychosocial, racial, cultural, and political.

Christian Antisemitism - Michael L. Brown 2021-02-02

Hate isn't a thing from history. The Jewish people and Israel have been described as "a dominant and moving force behind the present and coming evils of our day"; "a monstrous system of evil...[that] will destroy us and our children" if not resisted; and a group that seeks "the annihilation of almost every Gentile man, woman, and child and the

establishment of a satanic Jewish-led global dictatorship." What's worse is that these comments were all made by professing Christians. In *Christian Antisemitism*, respected Messianic Bible scholar Michael L. Brown, PhD, documents shocking examples of modern "Christian" antisemitism and exposes the lies that support them. Carefully researched, this book shows that church-based antisemitism is no longer a thing of the past. Rather, a dangerous, shocking tide of "Christian" antisemitism has begun to rise. In *Christian Antisemitism*, Dr. Brown shows you how to stem this tide now and overcome the evil of "Christian" antisemitism with the powerful love of the cross! This book will show you how to confront everyday antisemitism in all areas of your life and become a champion for the people of Israel.

What Should We Think About Israel? - Randall Price 2019-08-27

The One Resource with All the Facts You hear about Israel in the news regularly, but beyond the many opinions and preconceptions, do you really know what to make of the conflicts and controversies in the Middle East? *What Should We Think About Israel?* exposes the main current issues and provides well-researched objective facts to help you learn the truth about Israel's past, present, and future. This compilation from experts including Walter Kaiser, Jr., David Brickner, Mitch Glaser, Michael Brown, Arnold Fructenbaum, and Steven Ger, will help you answer the tough questions: What is the history of the strife and suffering that continues in Israeli and Palestinian territories—and what are the potential solutions? What are the significant and long-term implications of locating the US Embassy in Jerusalem? Why is the Holocaust still such a big deal nearly 75 years after it happened? What is the Boycott, Divestment, Sanctions movement all about? What is being done to restore relations between Jews and Arabs? Learn from respected scholars how to look past the heated debates and discern for yourself what is important to know about Israel, and how that affects you today.

Antisemitism - Albert S. Lindemann 2010-10-28

An overview of the history and nature of antisemitism from earliest times to the present, from a team of leading international specialists in the field.

So Many Christians, So Few Lions - George Yancey 2014-11-06

So Many Christians, So Few Lions is a provocative look at anti-Christian sentiments in America. Drawing on both quantitative and qualitative research, authors George Yancey and David A. Williamson show that even though (or perhaps because) Christianity is the dominant religion in the United States, bias against Christians also exists—particularly against conservative Christians—and that this bias is worth understanding. The book does not attempt to show the prevalence of anti-Christian sentiments—called Christianophobia—but rather to document it, to dig into where and how it exists, to explore who harbors these attitudes, and to examine how this bias plays itself out in everyday life. Excerpts from the authors' interviews highlight the fear and hatred that some people harbor towards Christians, especially the Christian right, and the ways these people exhibit elements of bigotry, prejudice, and dehumanization. The authors argue that understanding anti-Christian bias is important for understanding some social dynamics in America, and they offer practical suggestions to help reduce religious intolerance of all kinds.

Christian Antisemitism - William Nicholls 1995

In *Christian Antisemitism: A History of Hate*, Professor William Nicholls, a former minister in the Anglican Church and the founder of the Department of Religious Studies at the University of British Columbia, presents his stunning research, stating that Christian teaching is primarily responsible for antisemitism. As Nicholls states, these conclusions 'can now be fully justified by the most up-to-date scholarship, Christian as well as Jewish.' Nicholls writes, 'Many Jewish writers have said, quite simply, that the Nazis chose the Jews as the target of their hate because two thousand years of Christian teaching had accustomed the world to do so. Few Christian historians and theologians have been sufficiently open to the painful truth to accept this explanation without considerable qualification. Nevertheless, it is correct.' *Christian Antisemitism* traces, over two millennia, the growing domination of Western culture by the Christian 'myth' (as Nicholls calls it) about the Jews, and shows how it still exerts a major influence even on the

secularized 'post-Christian world.' Nicholls shows, through scrupulous research and documentation, that the myth of the Jews as Christ-killers has powered anti-Judaism and antisemitism throughout the centuries. Nicholls clearly illustrates that this myth is present in the New Testament and that 'it has not yet died under the impact of modern critical history.' Also included in this remarkable volume is Nicholls' research regarding the Jewishness of Jesus. He writes, 'Historical scholarship now permits us to affirm with confidence that Jesus of Nazareth was a faithful and observant Jew who lived by the Torah and taught nothing against his own people and their faith...the Romans, not the Jews, were the Christ-killers.' In Part I, 'Before the Myth,' Nicholls explores the life of Jesus and his teachings as found in the New Testament. Was Jesus the founder of Christianity? Did he offer teachings against his people? Did he believe himself

Medieval Stereotypes and Modern Antisemitism - Robert Chazan 1997-08-18

The twelfth century in Europe, hailed by historians as a time of intellectual and spiritual vitality, had a dark side. As Robert Chazan points out, the marginalization of minorities emerged during the "twelfth-century renaissance" as part of a growing pattern of persecution, and among those stigmatized the Jews figured prominently. The migration of Jews to northern Europe in the late tenth century led to the development of a new set of Jewish communities. This northern Jewry prospered, only to decline sharply two centuries later. Chazan locates the cause of the decline primarily in the creation of new, negative images of Jews. He shows how these damaging twelfth-century stereotypes developed and goes on to chart the powerful, lasting role of the new anti-Jewish imagery in the historical development of antisemitism. This coupling of the twelfth century's notable intellectual bequests to the growth of Western civilization with its legacy of virulent anti-Jewish motifs offers an important new key to understanding modern antisemitism.

Antisemitism: Exploring the Issues - Steven Leonard Jacobs 2020-07-31

With an overview essay, timeline, reference entries, and annotated bibliography, this resource is a concise one-stop reference on

antisemitism in today's society. Stretching back to biblical times, antisemitism is perhaps the world's oldest hatred of a group. It has manifested itself around the world, sometimes taking the form of superficially innocent jokes and at other times promoting such tragedies as the Holocaust. Far from disappeared, its continued existence in today's society is evidenced by vandalism of Jewish cemeteries and shootings at synagogues. This book explores the causes and consequences of contemporary antisemitism, placing this form of hatred in its historical, political, and social contexts. An overview essay surveys the background and significance of antisemitism and provides historical context for discussions of contemporary topics. A timeline highlights key events related to antisemitism. Some 50 alphabetically arranged reference entries provide objective, fundamental information about people, events, and other topics related to antisemitism. These entries cite works for further reading and provide cross-references to related topics. An annotated bibliography cites and evaluates some of the most important resources on antisemitism suitable for student research. An overview essay places antisemitism in its historical context and discusses its contemporary significance. A timeline identifies key developments related to antisemitism. Roughly 50 alphabetically arranged reference entries provide objective, fundamental information about topics related to antisemitism, with an emphasis on modern society. Entry bibliographies direct users to specific sources of additional information. An annotated bibliography lists and evaluates some of the most important broad works on antisemitism.

Why the Jews? - Dennis Prager 2007-11-01

From the bestselling authors of *The Nine Questions People Ask About Judaism* comes a completely revised and updated edition of a modern classic that reflects the dangerous rise in antisemitism during the twenty-first century. The very word Jew continues to arouse passions as does no other religious, national, or political name. Why have Jews been the object of the most enduring and universal hatred in history? Why did Hitler consider murdering Jews more important than winning World War II? Why has the United Nations devoted more time to tiny Israel than to

any other nation on earth? In this seminal study, Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism -- from the ancient world to the Holocaust to the current crisis in the Middle East. This postmillennial edition of *Why the Jews?* offers new insights and unparalleled perspectives on some of the most recent, pressing developments in the contemporary world, including: • The replicating of Nazi antisemitism in the Arab world • The pervasive anti-Zionism/antisemitism on university campuses • The rise of antisemitism in Europe • Why the United States and Israel are linked in the minds of antisemites. Clear, persuasive, and thought provoking, *Why the Jews?* is must reading for anyone who seeks to understand the unique role of the Jews in human history.

Six Million Crucifixions - Gabriel Wilensky 2010

Six Million Crucifixions traces the history of antisemitism in Christianity, the role of the Christian churches during the Holocaust, and a legal analysis of what a potential indictment against the Church and clergy who may have been guilty of crimes before and during WWII might have looked like in the post-war years.

Comprehending and Confronting Antisemitism - Armin Lange 2019-11-05

This volume provides a compendium of the history of and discourse about antisemitism - both as a unique cultural and religious category. Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew-hatred, which are stored in the cultural and religious memories of the Western and Muslim worlds, migrating freely between Christian, Muslim and other religious symbolic systems.

History and Hate - David Berger 2010-01-01

The persistence of anti-Semitism is a phenomenon that challenges Jewish historians to make ethical judgments a part of historical analysis. This comprehensive collection meets that challenge as its authors provide fresh insight into the complexities of anti-Semitism. The eight essays included in this volume are by noted scholars, each an expert in a specific historical period--from the ancient world to the twentieth century.

Religious Hatred - Paul Hedges 2021-03-11

Why does religion inspire hatred? Why do people in one religion sometimes hate people of another religion, and also why do some religions inspire hatred from others? This book shows how scholarly studies of prejudice, identity formation, and genocide studies can shed light on global examples of religious hatred. The book is divided into four parts, focusing respectively on: theories of prejudice and violence; historical developments of Antisemitism, Islamophobia, and race; contemporary Western Antisemitism and Islamophobia; and, prejudices beyond the West in the Islamic, Buddhist, and Hindu traditions. Each part ends with a special focus section. Key features include: - A compelling synthesis of theories of prejudice, identity, and hatred to explain Islamophobia and Antisemitism. - An innovative theory of human violence and genocide which explains the link to prejudice. - Case studies of both Western Antisemitism and Islamophobia in history and today, alongside global studies of Islamic Antisemitism and Hindu and Buddhist Islamophobia - Integrates discussion of race and racialisation as aspects of Islamophobic and Antisemitic prejudice in relation to their framing in religious discourses. - Accessible for general readers and students, it can be employed as a textbook for students or read with benefit by scholars for its novel synthesis and theories. The book focuses on Antisemitism and Islamophobia, both in the West and beyond, including examples of prejudices and hatred in the Islamic, Hindu, and Buddhist traditions. Drawing on examples from Europe, North America, MENA, South and Southeast Asia, and Africa, Paul Hedges points to common patterns, while identifying the specifics of local context. Religious Hatred is an essential guide for understanding the historical origins of religious hatred, the manifestations of this hatred across diverse religious and cultural contexts, and the strategies employed by activists and peacemakers to overcome this hatred.

Confessing Christ in a Post-Holocaust World - Henry F. Knight
2006-05-01

Proposes a new model of Christian faithfulness in a post-Holocaust world.

Antisemitism, Its History and Causes - Bernard Lazare 1903

The Great Hatred - Maurice Samuel 1940

A study on the psychological and philosophical roots of antisemitism. Analyzes the Jewish conspiracy myth and demoniacal traits attributed to Jews as main features of antisemitism. Gives examples from German literature (e.g. by Hermann Goedsche), the "Protocols of the Elders of Zion," and Nazi ideology, especially Hitler's and Alfred Rosenberg's writings. Surveys differences between Christian antisemitism and modern antisemitism. Emphasizes the anti-Christian character of Nazi antisemitism and its view of the existence of the Jewish people as a disaster in the history of Western mankind. Discusses, also, Jewish reactions to antisemitism.

[A Convenient Hatred](#) - Phyllis Goldstein 2012

A Convenient Hatred chronicles a very particular hatred through powerful stories that allow readers to see themselves in the tarnished mirror of history. It raises important questions about the consequences of our assumptions and beliefs and the ways we, as individuals and as members of a society, make distinctions between "us" and "them," right and wrong, good and evil. These questions are both universal and particular.

[Christian Antisemitism](#) - William Nicholls 1995-06-01

In *Christian Antisemitism: A History of Hate*, Professor William Nicholls, a former minister in the Anglican Church and the founder of the Department of Religious Studies at the University of British Columbia, presents his stunning research, stating that Christian teaching is primarily responsible for antisemitism. As Nicholls states, these conclusions 'can now be fully justified by the most up-to-date scholarship, Christian as well as Jewish.' Nicholls writes, 'Many Jewish writers have said, quite simply, that the Nazis chose the Jews as the target of their hate because two thousand years of Christian teaching had accustomed the world to do so. Few Christian historians and theologians have been sufficiently open to the painful truth to accept this explanation without considerable qualification. Nevertheless, it is correct.' *Christian Antisemitism* traces, over two millennia, the growing domination of Western culture by the Christian 'myth' (as Nicholls calls it) about the

Jews, and shows how it still exerts a major influence even on the secularized 'post-Christian world.' Nicholls shows, through scrupulous research and documentation, that the myth of the Jews as Christ-killers has powered anti-Judaism and antisemitism throughout the centuries. Nicholls clearly illustrates that this myth is present in the New Testament and that 'it has not yet died under the impact of modern critical history.' Also included in this remarkable volume is Nicholls' research regarding the Jewishness of Jesus. He writes, 'Historical scholarship now permits us to affirm with confidence that Jesus of Nazareth was a faithful and observant Jew who lived by the Torah and taught nothing against his own people and their faith...the Romans, not the Jews, were the Christ-killers.' In Part I, 'Before the Myth,' Nicholls explores the life of Jesus and his teachings as found in the New Testament. Was Jesus the founder of Christianity? Did he offer teachings against his people? Did he believe himself?

So Deeply Scarred: A History of "Christian" Anti-Semitism -

Howard Morgan 2017-10-17

Holocaust scholar Raul Hilberg summarized the historical progression of Christian anti-Semitism in this way: 1. You have no right to live among us as Jews. 2. You have no right to live among us. 3. You have no right to live. In this book, I have organized this history chronologically. It shows a pattern repeated again and again from the Roman period through the present day. We witness Crusades, Inquisitions, Expulsions and Pogroms, all of which culminated in the Holocaust. As we study this history we can see the year-by-year, decade-by-decade and century-by-century operation of the spirit of anti-Semitism. History shows us when, where and how it spread. It temporarily subsides in one place and then emerges in another. We are witnessing its present-day resurgence, not only via violent terrorist attacks but in many other ways as well.

Antisemitism - Milton Shain 1998

Anti-Semitism - Marvin Perry 2002-12-20

Citing a rise in anti-Semitic beliefs since the September 11 attacks, an analysis of centuries of misperceptions about Judaism explores such

themes as Jewish people as the murderers of Christ, the "myth" of the Holocaust, and Jews as capitalists and communists.

Brave Girl - Michelle Markel 2013-01-22

An engagingly illustrated account of immigrant Clara Lemlich's pivotal role in the influential 1909 women laborer's strike describes how she worked grueling hours to acquire an education and support her family before organizing a massive walkout to protest the unfair working conditions in New York's garment district. 25,000 first printing.

The Protocols of the Learned Elders of Zion - Sergei Nilus
2019-02-26

"The Protocols of the Elders of Zion" is almost certainly fiction, but its impact was not. Originating in Russia, it landed in the English-speaking world where it caused great consternation. Much is made of German anti-semitism, but there was fertile soil for "The Protocols" across Europe and even in America, thanks to Henry Ford and others.

Roots of Hate - William Brustein 2003-10-13

Table of contents

Oberammergau - James Shapiro 2007-12-18

The Bavarian village of Oberammergau has staged the trial, crucifixion, and resurrection of Christ nearly every decade since 1634. Each production of the Passion Play attracts hundreds of thousands, many drawn by the spiritual benefits it promises. Yet Hitler called it a convincing portrayal of the menace of Jewry, and in 1970 a group of international luminaries boycotted the play for its anti-Semitism. As the production for the year 2000 drew near, James Shapiro was there to document the newest wave of obstacles that faced the determined Bavarian villagers. Erudite and judicious, Oberammergau is a fascinating and important look at the unpredictable and sometimes tragic relationship between art and society, belief and tolerance, religion and politics.

The Oxford Handbook of Holocaust Studies - Peter Hayes
2012-11-22

Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies. At the start of the twenty-first century,

the persecution and murder perpetrated by the Nazi regime have become the subjects of an enormous literature in multiple academic disciplines and a touchstone of public and intellectual discourse in such diverse fields as politics, ethics and religion. Forward-looking and multi-disciplinary, this handbook draws on the work of an international team of forty-seven outstanding scholars. The handbook is thematically divided into five broad sections. Part One, Enablers, concentrates on the broad and necessary contextual conditions for the Holocaust. Part Two, Protagonists, concentrates on the principal persons and groups involved in the Holocaust and attempts to disaggregate the conventional interpretive categories of perpetrator, victim, and bystander. It examines the agency of the Nazi leaders and killers and of those involved in resisting and surviving the assault. Part Three, Settings, concentrates on the particular places, sites, and physical circumstances where the actions of the Holocaust's protagonists and the forms of persecution were literally grounded. Part Four, Representations, engages complex questions about how the Holocaust can and should be grasped and what meaning or lack of meaning might be attributed to events through historical analysis, interpretation of texts, artistic creation and criticism, and philosophical and religious reflection. Part Five, Aftereffects, explores the Holocaust's impact on politics and ethics, education and religion, national identities and international relations, the prospects for genocide prevention, and the defense of human rights.

Constantine's Sword - James Carroll 2002

Examines the two-thousand-year relationship between Christianity and Judaism, examining the long entrenched tradition of anti-Semitism that culminated in the Church's failure to protest the Holocaust during World War II.

First the Jews - Rabbi Evan Moffic 2019-01-15

For a basic introduction to anti-Semitism past and present, the first place to turn is now Rabbi Evan Moffic's *First the Jews*." --Dr. Jonathan D. Sarna, Celebrated Author and Chief Historian of National Museum of American Jewish History "Rabbi Moffic has written a book every Christian should read. An essential guide to making sense of the painful

history and present reality of anti-Semitism. This is a truly important book." —Adam Hamilton, Senior Pastor, The United Methodist Church of the Resurrection "How far the institutional church has strayed from following the rebel-rabbi Jesus! Evan shines light on the need for Christian and Jewish brothers and sisters to come together against this rising tide of hate." —Michael Slaughter, author, speaker, pastor emeritus of Ginghamburg Church Are we in danger of experiencing another Holocaust? News reports of and statistics about defaced synagogues and death threats against community centers are on the rise around the world. A rise in anti-Semitism from the right side of the political spectrum has been accompanied by a different kind of anti-Semitism from parts of the left revolving around the state of Israel. Rabbi Evan Moffic provides a compelling discussion to help Christians understand this dangerous rise by working to address tough questions including: Why have Jews been the object of the most enduring and universal hatred in history? What is different between anti-Semitism in the past versus today's culture? How, and in what forms, may it be carried out in the future? Focusing on the events since September 11, 2001, Rabbi Evan Moffic considers the twenty-first century anti-Semitism and the historical pattern of discrimination to other groups that often follows new waves of discrimination against Jewish communities. With a hopeful and collaborative tone, he suggests actions for all people of faith to combat words and actions of hate while lifting up practical ways Christians and Jews can work together. First the Jews offers new insights and unparalleled perspectives on some of the most recent, pressing developments in the contemporary world. Includes chapter responses from Amy-Jill Levine, Mike Slaughter, Justine Coleman, and Imam Hassan Selim. Visit www.AbingtonPress.com/Moffic to download the Study Guide for *First the Jews*. Product Features: Encouragement and calls to action from leading Christian voices close out each chapter. Helps Christians to recognize and react to anti-Semitism. Offers a look back at the recent surge of anti-Semitic incidents. Outlines the role Christians can play in encouraging positive change in interfaith relations. Provides examples of positive change to encourage future efforts. Shares

insights from a Jewish perspective written for Christians.

The History of Anti-Semitism, Volume 1 - Léon Poliakov 2003-10-15

"A scholarly but eminently readable tracing of the sources and recurring themes of anti-Semitism."--

Comprehending Antisemitism through the Ages: A Historical Perspective - Armin Lange 2021-08-23

This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews. It documents the religious, sociological, political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances

served as support and reinforcement for a curtailment of the Jews' social status. The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism.

Antisemitism - Robert S. Wistrich 1994

Provides a country-by-country look at antisemitism, from its pagan beginnings to its recent reemergence in Europe

Encyclopedia of Protestantism - Hans J. Hillerbrand 2004-08-02

This Encyclopedia is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought.
