purchase of shares or a purchase of assets. Includes explanations on the main issues which arise on such transactions. In addition to commentary, precedents are included in paper and electronic formats.

Where Foxes Hunt With Wolves - K a Merikan

2020-07-30

-- You are responsible for what you tame --Yevhen. Forest ranger. Werewolf. Stifled by pack rules.Radek. Foxy ginger brat. Changeling. Will avoid responsibility at all cost.Banished from his pack for being gay, Yev has one last chance to redeem himself in the eyes of his family. He needs to stick to the rules for a year, and bury his sexuality forever. Shouldn't be so hard, since he can't have a relationship with a human without revealing his werewolf nature. That is until one night, a drunk ginger brat points a rifle in his face. Radek finished University months ago but thinking about the future is not on his agenda. Life would be great if he could just avoid any and all responsibilities.He

doesn't want to be his mom's caregiver, doesn't want to take over the family fox farm, doesn't want to return to his village, and doesn't want a steady boyfriend.His world turns upside down when he's arrested by an infuriatingly attractive forest ranger. If that wasn't bad enough, he's now hunted by werewolves for discovering their drug smuggling operation, and... he turned into a fox!?! Helpless and wounded, he seeks sanctuary with the very man who got him into this mess, but what's a fox to do? If there's someone who can help him understand his changeling origin, it's Yev. A werewolf.Possible SPOILERS: Genre: Paranormal M/M romance with dark elementsContains scorching hot, emotional, explicit scenes with a hint of kink and lots of biting!Themes: Folklore, forbidden love, hurt/comfort, little town, homophobia, coming out, fish out of water, shifters, discovering magic, age gap, size difference, changeling, animal rights

activism, growing up, werewolf, family issuesLength: 120,000 words (standalone)WARNING: This story contains scenes of violence, offensive language, bodily harm, animal cruelty, and morally ambiguous characters.

Chasing the Dragon -

Christopher R. Cox 2014-05-13
Chasing the Dragon is the story of a Boston Herald reporter's journey into Burma/Myanmar to interview the mysterious drug lord, Khun Sa. The features desk of an American newspaper may seem an unlikely launchpad for a journey into one of the world's most remote and dangerous regions, but for journalist Christopher Cox, it was where the story began. It would end nearly three years later in the almost inaccessible mountain fastnesses of Shan State, Burma, as Cox brought off a journalistic coup even hard-bitten foreign correspondents might envy: a rare personal audience with General Khun Sa, the man U.S. law enforcement dubbed "The

Prince of Death," the man thought to control a third of the world's supply of heroin. Accompanied by an obsessed Vietnam vet who had given up everything in his single-minded search for American POWs left behind in Southeast Asia and an eccentric expat with close personal ties to the general, Cox was going to cross forbidden borders to enter a region long off-limits to Westerners. And armed with little more than a backpack stuffed with vodka, porno tapes, and cigarettes, he was going to succeed. His journey would take him deep into the Golden Triangle, a shadowy zone of banditry, drug smuggling, and the ghost armies of past wars. He would begin in the red-light district of Bangkok, with its sex bars and soaring HIV rates, then head up into northern borderlands newly discovered by package-tour groups, and finally cross a jungled no-man's-land into the world of the Shan, where tough tribesmen trade opium and precious gemstones for the arms they need to fight the

Burmese.

The Crimson Violin - Dee Russ Smith 2021-03-23

The Crimson Violin is the smooth continuation of The Golden Moon. Recovering at her Grandfather's once famous Italian Villa, Maria is haunted by the unsolved mystery of missing artwork and jewels from the wrecked cruise ship. Meanwhile, away from her home, she learns the history of her Italian heritage. The reader experiences Italy's wine country, Rome's summer Olympics, and Central Italy's famous Annual Grape Harvest. Maria is surrounded by music, friends, and family and is bequeathed a symbolic, crimson violin from her Grandfather. She endures a perilous experience, which discovers Italy's famous artwork. Throughout her travels Maria's heart is never far from her true love, Jeff, whom she thought she had lost for good. The reader will find The Crimson Violin to be a wholesome exciting adventure where everyone falls in love. The novel is especially

appealing to teenagers, mothers, and grandmothers.

Bribes, Bullets, and Intimidation - Julie Marie Bunck 2015-06-15

Bribes, Bullets, and Intimidation is the first book to examine drug trafficking through Central America and the efforts of foreign and domestic law enforcement officials to counter it. Drawing on interviews, legal cases, and an array of Central American sources, Julie Bunck and Michael Fowler track the changing routes, methods, and networks involved, while comparing the evolution and consequences of the drug trade through Belize, Costa Rica, Guatemala, Honduras, and Panama over a span of more than three decades. Bunck and Fowler argue that while certain similar factors have been present in each of the Central American states, the distinctions among these countries have been equally important in determining the speed with which extensive drug trafficking has taken hold, the manner in which it has

evolved, the amounts of different drugs that have been transshipped, and the effectiveness of antidrug efforts.

Deep Water - Katherine Nichols
2017-05-02

Documents the experiences of a group of elite teen swimmers in a 1971 southern California beach town who began trafficking drugs between Mexico and California, an illicit operation that grew into a multimillion-dollar global operation and became increasingly more dangerous when they were joined by their former high school Spanish teacher.

Illicit Narcotics Traffic: San Francisco and Los Angeles, Calif., November 14, 15, 16, 17, and 18, 1955 - United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Improvements in the Federal Criminal Code 1956
Pt. 5: Includes minutes of Canadian Senate hearing "Proceedings of the Special Committee on the Traffic in Narcotic Drugs in Canada,"

Apr. 18, 1955 (p. 1771-1836). Hearing was held in NYC; pt. 7: Continuation of hearings investigating drug abuse and illicit narcotics traffic in the U.S. Sept. 22 hearing was held in NYC; Oct. 12 hearing was held in Austin, Tex.; Oct. 13, 14, and Dec. 14 and 15 hearings were held in San Antonio, Tex.; Oct. 17 and 18 hearings were held in Houston, Tex.; Oct. 19 and 20 hearings were held in Dallas, Tex.; Oct. 21 hearing was held in Fort Worth, Tex.; pt. 9: Continuation of hearings on drug traffic and use in America. Hearings were held in Chicago, Ill.; pt. 10: Nov. 23 hearing was held in Detroit, Mich.; Nov. 25 hearing was held in Cleveland, Ohio.

The Nexus: International Terrorism and Drug Trafficking from Afghanistan - Frank Shanty
2011-03-03

This timely and important work offers an in-depth analysis of the existence—or nonexistence—of a nexus between international terrorism and drug trafficking emanating from Afghanistan. •

23 figures, tables, charts, graphs, and sidebars • 5 maps showing drug trafficking routes and terrorist attack data • A list of abbreviations and acronyms • A list of Islamic terms and concepts • A 126-page bibliography

Encyclopedia of Drug Policy

- Mark A. R. Kleiman

Request a free 30-day online trial to this title at

www.sagepub.com/freetrial!

Spanning two volumes of approximately 450 entries in an A-to-Z format, this encyclopedia explores the controversial drug war through the lens of varied disciplines. A full spectrum of articles explains topics from Colombian cartels and Mexican kingpins to television reportage; from "just say no" advertising to heroin production; and from narco-terrorism to more than \$500 billion in U.S.

government expenditures. Key Themes- Cases- Conferences and Conventions- Countries (Affecting U.S. Drug Policy)- Drug Trade and Trafficking- Laws and Policies-

Organizations and Agencies- People-Presidential Administrations- Treatment and Addiction- Types of Drugs
Dark Alliance: Movie Tie-In Edition - Gary Webb

2014-09-30

Major Motion Picture based on Dark Alliance and starring Jeremy Renner, "Kill the Messenger," to be released in Fall 2014 In August 1996, Pulitzer Prize-winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year-long investigation into the roots of the crack cocaine epidemic in America, specifically in Los Angeles. The series, titled "Dark Alliance," revealed that for the better part of a decade, a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA-backed Nicaraguan Contras. Gary Webb pushed his investigation even further in his book, Dark Alliance: The CIA, The Contras, and the Crack Cocaine Explosion.

Drawing from then newly declassified documents, undercover DEA audio and videotapes that had never been publicly released, federal court testimony, and interviews, Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities. Webb's own stranger-than-fiction experience is also woven into the book. His excoriation by the media—not because of any wrongdoing on his part, but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story—had been all but predicted. Webb was warned off doing a CIA expose by a former Associated Press journalist who lost his job when, years before, he had stumbled onto the germ of the "Dark Alliance" story. And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb, he had by then been pushed out of the Mercury News and gone to

work for the California State Legislature Task Force on Government Oversight. He died in 2004.

International Narcotics Control
- Clinton Watson Taylor 2008

The Politics of Drug Control

- M. Bentham 1998-10-05
The Global Politics of Drug Control sets the drug problem into a theoretical framework which aids understanding of the phenomenon by focusing on changing international values and norms. In the early literature on drug use, drugs were considered primarily as a social problem and the focus was on seeking a national policy. However, in the 80s the problem was increasing, requiring international cooperation and action, bringing the concerned to the arena of international relations scholars. The book focuses on changing values and norms in the international community that allow the discipline of international relations to add something new to the current debate on the subject. This book should appeal to all those

interested in the current discussions on the drug phenomenon as well as to students and academics in the area of international relations and related disciplines.

Tactics for Criminal Patrol - Charles Remsberg 1995-01-01 "Insider" patrol tactics you can start using right now to safely turn ordinary traffic stops into major felony arrests of drug couriers, gun traffickers and other violent criminals. Brings you step-by-step the rarely shared techniques of elite officers who are already producing spectacular results, while staying alive and legally unscathed. Once you learn the secrets of sensory pat-downs, deception detection, strategies for searches and single-officer self-defense, your vehicle stops will never again be the same.

The Candy Machine - Tom Feiling 2009-08-06

Cocaine is big business and getting bigger. Governments spend millions on an unwinnable war against it, yet it's now the drug of choice in the West. How did the cocaine economy get so huge? Who

keeps it running behind the scenes? In *The Candy Machine* Tom Feiling travels the trade routes from Colombia via Miami, Kingston and Tijuana to London and New York. He meets Medellin hitmen, US kingpins, Brazilian traffickers, and talks to soldiers and narcotics officers who fight the gangs and cartels. He traces cocaine's progress from legal 'pick-me-up' to luxury product to global commodity, looks at legalization programmes in countries such as Switzerland, and shows how America's anti-drugs crusade is actually increasing demand. Cutting through the myths about the white market, this is the story of cocaine as it's never been told before.

Shooting Up - Vanda Felbab-Brown 2009-12-01

Most policymakers see counterinsurgency and counternarcotics policy as two sides of the same coin. Stop the flow of drug money, the logic goes, and the insurgency will wither away. But the conventional wisdom is dangerously wrongheaded, as

Vanda Felbab-Brown argues in *Shooting Up*. Counternarcotics campaigns, particularly those focused on eradication, typically fail to bankrupt belligerent groups that rely on the drug trade for financing. Worse, they actually strengthen insurgents by increasing their legitimacy and popular support. Felbab-Brown, a leading expert on drug interdiction efforts and counterinsurgency, draws on interviews and fieldwork in some of the world's most dangerous regions to explain how belligerent groups have become involved in drug trafficking and related activities, including kidnapping, extortion, and smuggling. *Shooting Up* shows vividly how powerful guerrilla and terrorist organizations — including Peru's Shining Path, the FARC and the paramilitaries in Colombia, and the Taliban in Afghanistan — have learned to exploit illicit markets. In addition, the author explores the interaction between insurgent groups and illicit economies in frequently

overlooked settings, such as Northern Ireland, Turkey, and Burma. While aggressive efforts to suppress the drug trade typically backfire, *Shooting Up* shows that a laissez-faire policy toward illicit crop cultivation can reduce support for the belligerents and, critically, increase cooperation with government intelligence gathering. When combined with interdiction targeting major traffickers, this strategy gives policymakers a better chance of winning both the war against the insurgents and the war on drugs.

Drug Smuggling - K. Hawkeye Gross 1992-09-01

If you can't just say no to danger, adventure and big bucks, then say yes to this book. Let a seasoned veteran who's fought the drug war on the wrong side of the law give you inside info on how to get organized, deal with the money and, yes, prepare for the worst. Includes a detailed chart on state and federal sentencing laws. For information purposes only.

Geography of Trafficking: From

Drug Smuggling to Modern-Day Slavery - Fred M. Shelley
2017-10-27

This important reference work examines trafficking from a geographic perspective and investigates the driving forces behind it and the powers that are trying to curtail the problem. • Provides a comprehensive look at the geography of trafficking as a whole that highlights how different kinds of trafficking are often related • Supplies a much-needed reference book on a topic that is of perennial interest and often mentioned in media • Includes an appendix of primary documents that includes excerpts from anti-trafficking acts and policies, declarations, human rights campaigns, and other important sources, each with an introduction

The Greater Maghreb - David Garcia Cantalapiedra
2019-09-18

This book analyzes how the security dynamics within the Sahel region in North Africa are creating a new security complex and how the European

Union should change its vision, policies, and strategies for the area.

Smugglers and Smuggling - Alpheus Hyatt Verrill 1924

Along the Edge of America - Peter Jenkins 1997

Chronicles a two-year journey along the Gulf Coast, from the Florida Keys to the border of Mexico, and shares the author's encounters with people he met along the way
Undecided Nation - Tony Payan
2014-09-03

There is a broad consensus that the United States' immigration system is broken, yet the political momentum behind the movement has not yet led to a consensus on how to fix it. This momentum has stemmed from the agreement that we have an immigration "crisis" on our hands - millions of undocumented immigrants living and working in the United States under increasingly harsh conditions, tremendous spending on border security and enforcement measures without protection of civil rights,

changing voter demographics, and other pressing issues have ushered in the moment for immigration reform. This book presents research and policy recommendations from leading U.S. immigration experts and scholars, who have many valuable insights and nuanced perspectives to offer to the current debate on immigration reform. The goal of this immigration study is to disseminate knowledge and policy recommendations to scholars, government officials, the media, and the general policy community on vital issues regarding the present question of immigration reform. This book discusses the future prospects of immigration reform and delves into various details, options, and obstacles related to immigration reform. The chapters presented shed light on a number of issues that are currently being debated in the immigration bill. Some of them address the salience of the immigration issue in Latino political behavior and the impact of demographic context.

Other papers hone in on the landscape of legislative initiatives addressing immigration at the state and local levels, and some authors address the implications of immigration reform for the labor market and economic climate. The book will be of interest to both scholars and policy-makers concerned with immigration in the United States.

Pipeline - Daniel Kuttner
2022-03-03

Spring, 1975, Los Angeles. Jake hopes his new auditor's job at Dyno Oil will replace the danger and stress of Naval Aviation with security and stability. But Jake's old CIA "frenemy," Fred, pushes him into a whirlpool of corporate fraud and government drug smuggling. The trail leads him into the clutches of a ring of child sex traffickers. Jake's unresolved fears return in full force, but escape is not an option. He'll have to join forces with the beautiful leader of a rowdy band of Basques to overcome the crooks, perverts, and government thugs to save

the captive children. But first, he must escape the kidnappers with his life... and his mind!

Dangerous World of Butterflies

- Peter Laufer 2010-05-04

This widely praised book chronicles Peter Laufer's adventures within the butterfly industry and the butterfly underground. Laufer begins by examining the allure of butterflies throughout history, but his research soon veers into the high-stake realms of organized crime, ecological devastation, museum collections, and chaos theory. His ever-expanding journey of discovery throughout the Americas and beyond offers a rare look into a theater of intrigue, peopled with quirky and nefarious characters—all in pursuit of these delicate, beautiful creatures. Read this book, and your garden—and the world—will never quite look the same.

Gender in Focus - Andreea Zamfira 2018-10-29

This book deals with the interplay between identities, codes, stereotypes and politics governing the various

constructions and deconstructions of gender in several Western and non-Western societies (Germany, Italy, Serbia, Romania, Cameroon, Indonesia, Vietnam, and others). Readers are invited to discover the realm of gender studies and to reflect upon the transformative potentialities of globalisation and interculturality.

Wages of Crime - R. T. Naylor 2004

Wages of Crime takes the reader into the shadowy underworld of modern criminal business?arms trafficking, gold smuggling, money laundering, and terrorist financing.

Tales From the Joint - K.

Hawkeye Gross 1995-03-01

Serving time for drug smuggling in the early 1980, this ex Vietnam War pilot was not the normal face of an incarcerated American. Learn of Hawkeye's experiences - good and bad, sad and humorous, dangerous and surprising - in the U.S. prison world. This quote from the book perhaps sums it up "Being locked up is the male

equivalent of having PMS. It's an emotional roller coaster, and you can never predict on a day-to-day basis where the scary parts of the ride are going to be. One day it might be a confrontation with a guard, some other time it might be a bad-news letter from home, or on another day it might be a hostile inmate not liking the way you looked at him...."

Walk-Don't Run - The Story of the Ventures - Del Halterman
2009-07-01

The definitive historic account of The Ventures, the world's number one instrumental group that had a worldwide smash hit in 1960 with "Walk-Don't Run." Their second biggest hit came nine years later with "Hawaii Five-0" but they didn't quit there, continuing non-stop on a fifty-year career of recording and touring towards America's Rock & Roll Hall of Fame. Co-authored by Josie Wilson, mother of founding member Don Wilson, the heavily illustrated book contains data for over 50 of the band's sixties

recording sessions. Angel Editing comments; "The manuscript is extremely well written. You can see that a lot of time has been taken to convey the facts accurately and chronologically. What also comes across very well is the human and emotional side of the manuscript. This biography is a definite must for Ventures fans all over the world."

The Illicit Narcotics Traffic - United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Improvements in the Federal Criminal Code 1956

From Pablo to Osama - Michael Kenney 2010-11

From Pablo to Osama is a comparative study of Colombian drug-smuggling enterprises, terrorist networks (including al Qaeda), and the law enforcement agencies that seek to dismantle them. Drawing on a wealth of research materials, including interviews with former drug traffickers and other hard-to-reach informants, Michael Kenney explores how drug

traffickers, terrorists, and government officials gather, analyze, and apply knowledge and experience. The analysis reveals that the resilience of the Colombian drug trade and Islamist extremism in wars on drugs and terrorism stems partly from the ability of illicit enterprises to change their activities in response to practical experience and technical information, store this knowledge in practices and procedures, and select and retain routines that produce satisfactory results. Traffickers and terrorists "learn," building skills, improving practices, and becoming increasingly difficult for state authorities to eliminate. The book concludes by exploring theoretical and policy implications, suggesting that success in wars on drugs and terrorism depends less on fighting illicit networks with government intelligence and more on conquering competency traps--traps that compel policy makers to exploit militarized enforcement strategies repeatedly without questioning whether these

programs are capable of producing the intended results. *Transitional Justice in Troubled Societies* - Aleksandar Fatic
2018-11-26

This collection contributes to developing this concept both theoretically and through concrete and current case studies from the worlds most pronounced crisis spots for transitional justice.

Banda - Helena Simonett
2001-01-30

The first in-depth study of banda, a Mexican and Mexican American musical practice. Runner-up for the International Association for the Study of Popular Music (IASPM) - US Chapter Book Award. (2002) Banda music has been performed by traditional brass bands in rural northwestern Mexico for more than a century, while technobanda, a newer style that has replaced the brass instruments with synthesizers and electric instruments, has become part of a lifestyle for tens of thousands of young people in the US, particularly in Los Angeles. The young people who

flock to technobanda concerts also insist on the use of the Spanish language, a particular etiquette on the dance floor and above all, a specific style of dress: cowboy/cowgirl apparel and belt buckles emblazoned with the name of their home Mexican state. In this engaging and insightful ethnography, Helena Simonett brings us inside the music and its culture. Her discussions of narco-trafficking and narco-corridos ballads reveal the interconnected roles of musical, commercial and criminal networks, and illuminate how and why musical and social issues become so interconnected for banda artists and audiences. In this richly contextualized analysis of a singularly important contemporary musical style, Simonett sheds new light on how expressive culture both generates and reflects intersecting social identities.

Illicit Narcotics Traffic - United States. Congress. Senate. Committee on the Judiciary. Subcommittee on

Improvements in the Federal Criminal Code 1956

Forbidden Creatures - Peter Laufer 2010

Explores the economic and environmental impact of the exotic animal trade, from poachers and traders to breeders and pet owners.

Drug Trade Weekly - 1920

Sydney Box - Andrew Spicer 2006-09-05

This is an authoritative account of the career of Sydney Box, one of British cinema's most successful and significant producers. Concentrating on the period 1940-65, it highlights the crucial but often misunderstood role that the producer plays in the film making process and, using largely unpublished material, affords an exceptional insight into the workings of the film industry. This study will be essential reading for scholars and students interested in British cinema and television history, but its focus on the frequently misrepresented or misunderstood role of the

producer will make it valuable for students of film generally.

Social and Political Transitions During the Left Turn in Latin America -

Karen Silva-Torres 2021-09-09
Social and Political Transitions During the Left Turn in Latin America provides fourteen contributions to understand, from a multidisciplinary perspective, processes of socio-political reconfigurations in the region from the early 2000s to the mid-2010s. The Left Turn was the regional shift to left-of-center governments and social movements that sought to replace the neoliberal policies of the 1990s. This volume aims to answer the overarching research question: how do state and societal (national and transnational) actors trigger and shape processes of political and socio-economic transitions in Latin America from the rise to the decline of the Left Turn. The book presents case studies in which transitions are moments of change and uncertainty, which one cannot predict their definitive outcomes. The

various case studies presented in the book place actors and processes in specific historical and socio-political contexts, which are influenced directly or indirectly by the historical trajectory of Latin America's Left Turn. This book is essential reading for students and scholars of Social and Political History, Latin American History, and those interested in the social and political developments in Latin America more broadly.

Drugs Politics - Maziyar Ghiabi
2019-06-20

Offers new and cutting-edge research on the role of drugs in Iranian society and government. This title is also available as Open Access on Cambridge Core.

Last Shadow Of The Crown -

Mardi Lynn Roselius
2020-04-12

Carter McBride, a young American photographer working on an American Helicopter training base in Iran, seeks the forbidden love of a Muslim woman while determined to find redemption for his own brother's death by

uncovering the truth behind the calculating murder of an American pilot and a drug smuggling operation that reaches high within the expat community. A novel of mystery

and suspense set against the turmoil surrounding the final months of the monarchy of Shah Pahlavi and the violent clashes of the Iranian Revolution of 1978-79.
