Some of the twelve stories in the collection are: ""The Cat-hood of Maurice"" - a boy abuses the family cat, and learns to see things from the feline point of view. ""The Mixed Mine"" - two boys find a magic spyglass, and use it to make their fortunes. ""Accidental Magic"" - Quentin falls asleep on the altarstone at Stonehenge, and wakes in Atlantis. ""The Princess and the Hedge-pig"" - King Ozymandias and Queen Eliza plan a secret christening for their Princess Ozylyza, to avoid a wicked fairy's curse. Things go awry.

[The Game of Life \(and How to Play It\) by Florence Scovel Shinn](#) - Richard Lode 2017-03-08

Most people consider life a battle, but it is not a battle, it is a game. It is a game, however, which cannot be played successfully without the knowledge of spiritual law, and the Old and the New Testaments give the rules of the game with wonderful clearness. Jesus the Christ taught that it was a great game of Giving and Receiving. If we give hate, we will receive hate; if we give love, we will receive love; if we give criticism, we will receive criticism; if we lie we will be lied to; if we cheat we will be

cheated. We are taught also, that the imaging faculty plays a leading part in the game of life. Keep thy heart (or imagination) with all diligence, for out of it are the issues of life." (Prov. 4:23.)

The Complete Works of Florence Scovel Shinn - Florence Scovel Shinn 2018

Florence Scovel Shinn taught metaphysics in New York for many years. Her meetings were well attended and in that way she was the means of bringing the message to a considerable number of people. Her books have had a wide circulation not only in America but abroad. They seem to

have a knack of finding their way to remote and unexpected places in Europe and other parts of the world. Now and again we meet someone who came into Truth through finding a Florence Shinn book in the most improbable location. One secret of her success was that she was always herself . . . colloquial, informal, friendly, and humorous. She never sought to be literary, conventional, or impressive. For this reason she appealed to thousands who would not have taken the spiritual message through the more conservative and dignified forms, or have been willing to read . . . at least in the beginning . . . the standard metaphysical books. She herself was very spiritual, although this was usually hidden behind a matter of fact and carefree treatment of her subject. The technical or academic approach was not for her. She taught by familiar, practical, and everyday examples. She had been by profession an artist and book illustrator before becoming a Truth teacher, and belonged to an old Philadelphia family. She left a collection of notes and memoranda which have been made into the present book. May it have a wide circulation. —Emmet Fox

Design Your Next Chapter - Debbie Travis 2020-03-31

If you feel stuck with no idea what you should do next, lifestyle celebrity and TV pioneer Debbie Travis's bestseller is for you. Drawing on the lessons she learned in her own leap into a new way of living, along with a multitude of stories, tips and ideas to jumpstart your dreams, Debbie's created an inspiring roadmap for change. A few years ago, Debbie Travis realized that she was no longer challenged by her wildly successful TV career, yet she was so busy she was missing out on the people and things that made her happy. She dared to dream about a whole new direction in life--a plan to turn a 13th-century farmhouse in Tuscany into a unique hotel and retreat for people who need a change as much as she did. And now she is not only living that dream but sharing it with others. Her new book draws directly on her own experiences (when she started, Debbie could barely make a bed, let alone run a hotel in a foreign county) and the uplifting stories of personal u-turns shared by women who have come to her retreats. Debbie's "commandments" will inspire women (and men) who have lost track of who they are or what they want to be; who are

going through the motions of a career that doesn't satisfy them anymore; who are wondering what to do with themselves now that their kids are gone or their marriage is over. On every page, Debbie shares the tools that helped her transform her life. Her common-sense advice, often delivered with her trademark humour, will help motivate anyone who finds themselves standing at a crossroads wondering "What's next for me?"

Summary of Florence Scovel Shinn's The Magic Path of Intuition -

Everest Media, 2022-06-22T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The principles in this book are as relevant today as they were when they were written over half a century ago. They apply to everyone, not just spiritual seekers. #2 The full and unedited version of Miss Shinn's work is reproduced in the first part of this book in a series of ten lessons. I encourage the reader to read through this original version once through and soak up the message. Then, in the second part of this book, I juxtapose my interpretation and modern-day messages alongside the original text, so that you have the advantage of reading the original text again along with a modern day perspective. #3 Prayer is about preparation. You must act as if you expect to receive what you ask for, because that is how the subconscious mind will be impressed with expectancy. Through following your intuition, you often go for one thing and get another. From the superconscious, what you should know will be revealed to you. #4 The Game of Life is a game of boomerangs. Whatever you send out comes back. Jesus said to do unto others as you would be done by them. You cannot hurt anyone without hurting yourself. All of us

are linked by a mysterious magnetic force.

The Art of Intuition - Sophy Burnham 2011-02-03

From the New York Times bestselling author of *A Book of Angels*, a wise and inspiring guide to strengthening one's intuitive abilities. Are you intuitive? Do you trust your intuitions? In *The Art of Intuition*, Sophy Burnham contends that we all have hunches and sudden insights and that we need only awaken to our inborn abilities in order to develop our inner wisdom. In this fascinating book, Burnham tells the stories of individuals who have "seen without seeing" to illustrate the workings of what she calls our "intuitive hearts." Exploring such topics as how loved ones are able to communicate with one another telepathically to skeptics who deny their power to see into the future, this book represents an important spiritual thinker's take on a subject that is vital to us all.

According to Burnham, intuition is always right, and when you receive messages from Spirit—be it in the form of a subtle impression or a thunderous bolt from the blue—you must always, always follow the call.
