**Not So Mumsy** - Marcia Leone 2020-03-03

'Not So Mumsy encapsulates motherhood's new mood; edgy, powerful, honest and strong.' - Marie Claire Magazine Yes, you are a mum, but you're still you! For mamas everywhere, this is your Mother's Group in a book. Parenting is hard, but it's also beautiful. For women who have embraced motherhood but also yearn to retain a sense of self and style, Not So Mumsy has been a pioneering site driving the Modern Mama movement. Bridging the gap between pre-mama life and the whole new world of leaky boobs and pureed banana, Marcia Leone (aka Not So Mumsy) has always shared her journey with honesty and humour, providing a warm and inclusive support network for like-minded women. With powerfully uplifting perspectives from inspirational mamas across the world, including Jaime King, Teresa Palmer, Megan Gale and Tammin Sursok, Not So Mumsy will help you navigate pregnancy, your first year and beyond with style, humour and confidence.

**International E-Discovery** - Mark Surguy 2021-07-31

Key takeaways: \*Learn new e-discovery techniques and stay competitive.\*Offer clients and customers real service in tackling difficult problems.\*Cut-through the overwhelming amount of data.\*Give regulators and judicial decision-makers exactly what they want.The second edition of International E-Discovery provides an analysis from across the globe of the different approaches to and cutting-edge techniques in the use of digital evidence in legal and regulatory contexts.Technology specialists and legal practitioners in different

jurisdictions come together to explain the latest developments in how digital evidence is collected, interrogated and deployed in response to legal proceedings, regulatory investigations, and in order to comply with organisational requirements. The perennial problem created by the vast volumes of corporate data continues to present a significant challenge around the world whilst at the same time new software is developed and the legal and regulatory systems are more accepting of the involvement of technology in litigation, arbitration and regulatory investigations.Computer science grounded in statistics invades traditional legal knowledge giving rise to new approaches in legal procedure and outcomes. Effectively bringing together the skills and approaches of two very different disciplines is vital to maintaining a system of proportionate justice.Leadng practitioners who work at the coal face on a daily basis look at professional competency and conduct, privacy laws, judicial awareness, the skilful deployment of powerful search tools and the shape of the future. In this second edition the reader is brought fully up to date with what works and what has failed and where future investment is likely to be needed. The new edition also contains expanded geographic coverage with more professional tips on getting ahead with best practice on a country by country basis.A must-have addition to the seasoned practitioner's library, a vital read for students and practitioners of the future, and essential background reading for judges and arbitrators, this is both a thought leadership and accessible, practical text that brings together multiple professional disciplines into a single volume.
